Charlie had his chocolate factory. Stanley Yelnats had his holes. Leo has the wacky, amazing Whippet Hotel.

Now that Leo has uncovered a few secrets behind the wacky Whippet Hotel, he'll have to save it!

Leo has explored the zany, wonderful Whippet Hotel from basement to top floor, with trains, flying goats, and mazes (among other things) in between. But even Leo doesn't know every secret of the Whippet - and when he discovers that there's more beneath the hotel than he'd thought, it doesn't take long for more adventures to unfold!

Nathan says

It was a great book that had it's up's and down's. It kept me on my feet the way that they explain it it had a lot of detail in the surrounding like wen they where in the jungle ish room with the moncy. It gust was a god book for people that like to be on thar feet. All in all it is a great book for a lot of people.

Susan says

Filled with many unexpected adventures and trials to overcome before the deadline when they will lose the hotel.

Engel Dreizehn says

Just another wacky adventurous set of days at the world's most magical and wacky hotel...jungles, mad scientists and foil (not a duck!) plots included!

Emyrose8 says

Meh, this book fell a bit flat with me. It takes place a year after the first. There are a lot more burping jokes and the hotel was less whimsical. To me, it seemed disjointed and a bit forced at times. Still, if bodily function jokes aren't a turn-off (and you enjoyed the first), you should give this book a try.

Note: listened to the audio book

Moriah Mason says

This book was so fun to read that, if there had not been another one in the series to get to, I probably would have reread it again immediately. It was charming and adventurous, not too predictable, fun and imaginative, and phenomenally wacky in the best possible way.

The plot lagged very slightly in some places, some of the events felt a little bit like tropes instead of actual events, and I have never been a fan of the idea of foreshadowing excitement or danger by explicitly stating it in a "little did they know..." format, but the book on the whole was fantastic. I especially adore that the main character was an independent, clever child, but that the parental figures were not written as stupid or inattentive to drive the point home as is often the case in children's books.

I had gotten it at the library and am now intent on buying it so that my daughter has it on her shelves growing up. I highly recommend it!

Scott says

Not nearly as good as the first book in the series. The boy is really given too much allowance in these books, yet the adults are dolts. This introduced us to some new characters in the floors below the hotel.

Elevetha says

The story felt forced, the characters flat, the burp jokes were getting *very* old (not to mention that I wouldn't let my little brother touch this book for fear of him burping non-stop for weeks), and it didn't have the same sense of fun and quirkiness as Floors, despite both of them taking place at the wonderful and whimsical Whippet Hotel.

From where I stand, it appears to be one of those series that could have easily, and probably for the better, have stood alone.

Traci says

Very cute next book. I look forward to the 3rd in the series.

Heather Rauch says

Fun, adventure sequel to the youth novel "Floors". The 'ending' suggests there's another book on the way.

Mia says

I thoroughly enjoyed this book- it's goofy, strange, full of adventure, and a good quick read. The kids are smart but still make mistakes and act like a typical middle schooler would, which I always appreciate. I like the crazy things that happen in the hotel. Morganzer is becoming a favorite character of mine- he's like a happy hotel owner version of Willy Wonka. He just doesn't punish the kids. ;) anyway, great clean fun series- I can't wait to start the next one.

Meaghan says

4.75

Tara says

Not as fun of a mystery as the first, but not bad.

AMY says

234 pages. Book 2 of the series is full of adventures, way-out science and even a new monkey friend. This book was fun and kids will enjoy reading about Leo and Remi's adventures in the amazing Whippet Hotel. Highly recommended for grades 4-5.

Matthew Parks says

Great, very fun read for kids!

Shaylyn says

It is a very good and mysterious story
