BFF'S 2: Best Frenemies Forever Series Brenda Hampton

Kayla thought that her best friends, Evelyn and Trina, were supposed to always have her back, but when she discovers that Evelyn has been creeping with her husband, Cedric, and Trina has known about the ongoing affair for quite some time, Kayla is ready to cut ties and leave her so-called friends behind. Their actions have shown how scheming they truly are.

Of course, they are no more manipulative than Cedric, who lies in a hospital bed, clinging to life. The person who attempted to silence him is now behind bars, but just because one scorned woman is out of the picture, it doesn't mean he's in the clear. He may not be able to utilize his joystick for a while, but his millions are still in play.

Evelyn is eager to get her hands on his money, and pregnant with his child, she envisions a bright future ahead. She has a serious need for greed—greed that also makes her hungry for Trina's beau, Keith. He displays a deep concern for the troublesome BFF's, but his involvement may have him confessing to Trina that whatever Evelyn wants, she will eventually get.

This book put the e in enemy. Evelyn enemy number one I can't believe Kayla and Trina still friends with

her they need to cut her loose she will never change and always looking for a come up and don't care who she hurt. That ass whooping she got from Bryson she deserved and she still haven't learned her lesson we will see what happen in 3 she has to go.

Denise Gilliam says

Omg this was a crazy as book. These females I really don't understand why these females are still friends God only know. Evelyn is the type of friend nobody wants. I'm so intrigued to see what these females will do in part 3. I just don't understand them but to each is own. I guess it works for them

Harold Moulton says

All I can say is, That darngone Evelyn!! Talk about someone who needs a major butt kicking! Unfortunately, I am enjoying this series. How could one person be involved with so much drama. As for how does the story end for these three women, I can't wait. On to book three!

Barbara says

If you loved BFF book 1 you will definitely love book 2. I was so excited when this book came out.

Kayla and her friends are back with more drama.

Kayla, Evelyn and Trina have secrets that they are keeping.

I love the characters and sometimes hate the characters but in a good way.

Each character hold their own in the story and keep the story entertaining.

The storyline was great with a surprise ending.

The story line will have you turning the pages not wanting to put down the book.

Thank you Brenda Hampton for an excellent follow up.

I highly recommend this book. This would be a great book club discussion

LaRhonda says

Girl...my family member can't just show up at my man's house, so "best" friend show couldn't. Evelyn is a hot mess. Cedric is too! Girl he don't want you...I mean gosh... this is not love...she needs counseling.

This “friendship” is so toxic. These people are not smart at all. Why would you let your girlfriend’s trifling backstabbing so call BFF in your house alone? Why are you having her over when she came on to you? And you keep the sketch of her!! OMG! Tell her about the kiss man, SMH!!! Bryson & are a good fit.

Wow!!!!

Maya B says

Great followup to book 1. I was caught off guard by who really shot Cedric. The storyline flowed and I like the way the story ended. When it comes to drama, Brenda Hampton is the author of choice. I love her books and she keeps the drama coming.

Bre says

Part 1 had me hooked but this one wasn't as good as that one. It had a lot of shocking things go down lmao. Idk if I really wanna get the next book. Still a good read

Jackie says

OMG!! Drama, drama drama!
Evelyn, wow I don't know how can anyone can still be friends with her.
I can't wait for BFF 3

Oridisi says

Well what can I say? Evelyn is still a lowdown gold digging trying to steal people men crazy ass woman, she really been thru a lot in this book and I actually felt sorry for her wen she got her ass whooped. And man Trina really is a different person she is more stronger and open her character has matured a lot. And Kayla is still stupid tome she needs to stay away from Evelyn and Cedric. But hey it's just a story right? But a really great one.

Naudy says

I'm so ready for book 3. Evelyn is still a snake.
