## Buffalo Valley Debbie Macomber

*It's a time of change for a small prairie town*

Buffalo Valley, North Dakota, has a will to survive, to prosper. And the outside world has discovered Buffalo Valley. A large retail conglomerate plans to move in, which would surely destroy the independent businesses...and maybe the town.

*It's a season of change for Vaughn Kyle*

Just out of the army, he's looking for a life to live--and waits for his reluctant fiancée to make up her mind. Vaughn decides to visit Buffalo Valley and Hassie Knight. He was named after Hassie's son who died in Vietnam and she thinks of him as a surrogate son. He arrives at her store one snowy day and finds not Hassie but a young woman named Carrie Hendrickson...

*Will the season bring peace and joy--to Vaughn and to the town?*

As he begins to love Carrie, Vaughn questions his feelings for the woman he thought he loved. He wants to stay in Buffalo Valley and fight for its way of life. A life that's all about friends and family.

## **From Reader Review Buffalo Valley for online ebook**

### **Elainefosbrink says**

Her series really brings to life what it is like living in North Dakota. This was the fourth in a series and when read it brings back memories from the others and feels like revisiting an dear friend.

---

### **Teresa Love says**

#### **Wonderfully written!**

Great book! This was a book I just couldn't put down. Grabs your interest from the very first! Can't wait to read rest of the series!!

---

### **Maruschka says**

This is the 4th book in the Dakota series and the least satisfying, mainly because it is so short. Maybe the author just ran out of steam on this one, but it definitely needed more involvement and fleshing out of the characters that were introduced in the other books. I was disappointed.

---

### **Cori says**

Once again, I kept wishing calamities on the characters. I don't know if it is the way that Debbie Macomber ties everything up so sweetly or if it is that I am so morose.

---

### **Heidi says**

Very short (compared to the other 3), and good story. I liked how the town rallied together to keep Value-X from moving into the community, and ultimately destroying the town, with a love story thrown in for good measure. I also enjoyed how it ended with the wedding invitation.

---

### **Beverley says**

I haven't read the other books in the series, but jumped into this one today because I knew it would be a quick read. I would have loved the story to have had more depth and character development, as it read more like a short story in a magazine. I enjoyed the main characters, but honestly, Vaughn Kyle was the most perfect human being in the entire universe - not one flaw. That is unrealistic and while I read these books for escape, I do want a little bit of reality. I wish Debbie had explored Hassie Knight deeper, it didn't really

make any sense that she was always so tired and ready to roll over for Value-X. (basically WalMart). She wasn't that terribly old, probably in her 70's, yet she was painted as if she was around 100. I found that I didn't need to read the other books to connect with this one, as the characters told each other stories, as they shared their stories and history with Vaughn. I also felt Natalie was not played to character, one moment she is a unemotional, detached professional who isn't interested in marriage and the next, she's a spiteful, jealous lady who was bent on revenge. I'd also like to know how the women convinced the owner of the property to sell and how they all came up with enough money to cover the costs. But overall, it was a fun, quick read that I finished up in short order.

### **Moira says**

#### **Abrupt endng!**

I have to agree with other reviews-the ending was too abrupt. Hence a rating of 3 rather than 4 stars. Good story and great characters but the last chapter felt rushed. The storyline wrapped everything up but without a bow. Makes you think there's another story in the series but no!

---

### **Barbi says**

I loved this book! The characters in this book are so well described and are so relatable.

---

### **Michelle Molinari says**

This is hands down the best book of the Dakota series. A quick read, perfect for a domestic airplane trip. The love story between outsider Vaughn and local gal Carrie as they try to keep a Walmart-type big box store from taking root in their cute small town.

---

### **Maria says**

I was just getting into this story when it ended. I had been expecting all kinds of trauma with Natalie and Value-X and zip, it was over. Vaughn and Carrie were just getting to know each other, too. I feel incomplete even though it was the story that was incomplete. Go figure.

---

### **Ann says**

The four books were a nice story of family and community.

---

### **Kristen says**

Excellent Book to end this series.

---

### **Connie N. says**

A charming holiday book revisiting Buffalo Valley and its friendly townsfolk. We meet Vaughn as he comes to the town to meet old friend Hassie as well as to get a feel for the town's reaction to the infiltration of his new employer, a large box store. There's a very quick romance between him and Hassie's friend and co-worker, Carrie. The book is sweet and very feel-good, but it's so short that there's barely enough time to get to know the characters or understand them very much. The author provides some good reminders about townspeople that we've met in previous books, but the newer characters are not particularly well developed. I liked the story and was happy with the direction it was headed, but it ended way too abruptly, which is why I had to move it back to a 3-star read.

---

### **Leona says**

A very disappointing read.

I have always enjoyed Debbie Macomber's stories, especially her Cedar Cove series. But unfortunately, I'm not enamored with her more recent work and this book was no exception. I think somewhat because it is part of a series, and unlike other series, I had trouble jumping in. The story was heavy on townspeople introduced in prior books and I just couldn't connect or relate. It was like going to a party and not knowing anyone. You try to start a conversation, but after several false starts, you give up and leave.

Secondly, this felt more like a screenplay for a badly written Hallmark movie, rather than Debbie Macomber's trademark romances that come from the heart with powerful messages of love, humility, and kindness.

I would love to see this author get off the Hallmark steroids and go back to writing genuine stories about women who struggle, yet persevere to overcome life's challenges

---

### **Tina Pegar says**

I really like the Dakota series, but in this one I felt like the romance went too fast. They saw each other at the pharmacy and then had an attraction that lead to one changing his life completely and his views.
