After years of reading to my 4 kids at bedtime, I could recite most of these by heart. For tricycle riders, nobody did it better than the ol' Doc.

I have this beginner book set for my 16 months old daughter. She loves the ABC book the most. It teaches the ABC's as well as making it fun too. Dr Seuss books have a special way of catching a child's eye quickly as well as their ears. One Fish Two Fish Red Fish Blue Fish helps with the colors and numbers. The different lessons that are taught in these books help children learn a fun way as well as getting them to read. I plan to get my daughter aquainted with these books so she will want to read them when she gets older. These 5 books very colorful and inviting. The rhyming is catching to the ears.
