Enticed by You Elle Wright

In Wellspring, Michigan, the Wells family is known for their wealth, their taste—and their patriarch's unbridled greed. Under his iron fist, their business empire has grown at the expense of his three heirs' hearts and souls. But now, they're taking back what's rightfully theirs . . .

With his father ailing and incapacitated, Parker Wells, Jr. has a bold new vision for the company he now heads. For starters, he wants to heal the rifts his father's ruthless tactics have created in the community—and within his own family. But when Parker is rear-ended by a gorgeous stranger, he finds himself torn between business and pleasure . . .

Crashing her car is not how corporate attorney Kennedi Robinson wanted to announce her return to town, especially since the man she hit is the same one who's trying to rip her aunt's livelihood and land out from under her. Kennedi knows better than to fall for Parker's charms—and she's primed for battle.

Parker doesn't want to fight with the whip-smart city girl. He'd rather enjoy the heat between them. But Kennedi is no pushover, and it's clear she'll make him prove his good intentions—on paper and in the most personal of ways . . .

From Reader Review Enticed by You for online ebook

Wanda says

Parker Wells, Jr. has plans for his company, he will run it unlike his father. Parker rushed in to replace his father, when he became ill and unable to continue his job.

Corporate attorney Kennedi was heading to aunts for a little R&R when she runs into Parker, and from there it turns into a Hot, sexy& sweet story.

This is an easy read, I love Parker and Kennedi. The story line was easy to follow and had me not wanting to stop reading. I love how Ella Wright writes her stories..so captivating! A Must Read!!

Kim Vanravenswaay says

More like a 3.5 star. I liked, Enticed By You. But had to skim some of it. There were a lot of times where things were explained unnecessarily I felt.

Sissy's Romance Book Review says

Enticed by You by Elle Wright is book Two in the Wellspring Series. This is the story of Parker Wells, Jr and Kennedi Robinson. I haven't yet read the previous book, so for me this was a standalone book.

While Parker's father is in a coma he works to fix some wrongs his father set in motion while working at their company Wellsprings Water Corp. Along with the business side hopefully some family issue can be smoothed over. What he didn't plan on was a crash into Kennedi who is in town visiting her Aunt along with some other business.

I enjoyed reading their story and seeing how they worked things out...loved it!

Michelle Lindo-Rice says

Thank you Netgalley for the ARC. Parker and Kennedi's story was the first in the Wellspring Series. Parker has taken over his father's company and he has to rebuild his father's bad reputation. Kennedi is in town taking a much-needed break. Neither one knew when they met by accident that love would follow. An intriguing read. I reallllyyy enjoyed the excerpt for book 2. Looking forward to it.

Shavonna Futrell says

Enticed by you is the second book in the Wellspring series. Parker Wells Jr. interim CEO of Wellsprings Water Corp. is rear ended by attorney Kennedi Robinson during her visit to Wellspring. Even though his vehicle is not hurt his heart maybe, Parker is definitely smitten with the stranger that just collided into his

truck. Kennedi Travels to Wellspring for a visit with her aunt., little does she know that her first day in town will change her life forever.

The story of Parker and Kennedi is proves that love at first sight does really exist, and it can happen if you open your heart and believe. I loved the chemistry between these two and enjoyed the way Kennedi tried to play hard to get. I loved the way the emotions were showed through the book with Kennedi as she worked through her issues. I am patiently waiting on the next installment of the series.

Brenda says

I loved Parker Wells, Jr.'s story. He and Kennedi Robinson were good together. Great chemistry! The intrigue continues that surrounds Wellspring Water, but this story reassures us that Parker, Jr will be all right. That was a memorable moment that Parker had at Senior's bedside. Ellle Wright's stories get better and better. I recommend the Wellspring Series.

Wendy W says

The past year has been stressful for both main characters. Parker Wells Jr., has become interim CEO while his father is in a coma. Kennedi Robinson has just written her last spousal support check. Convinced to take a vacation, Kennedi returns to her hometown of Wells Springs. Both hero and heroine are at odds because of a business deal. That opposition really is very very minimal in the story. This is book 2 in a series and I do believe there are more corporate shenanigans at Wells Springs Water Corp.. Instead you have two characters who are coming to terms with events from their pasts. The two meet. and the chemistry is very good.

I received an ARC through Net Galley

Heather andrews says

Parker doesn't ask he just tells, "Aactually, I'm not," he told them. "Kennedi, if you can get your stuff? I'm taking you out." Man oh man did I like this book, I loved Parker the man just had an easy-going temperament.

Shone says

Book # 2 in the Wellspring series is a grand slam! Ms Wright knocked it to the other side of the park. Parker Wells Jr. and Kennedi Robinson found themselves crashing into each other on all levels, can they get beyond the sins of the parents?

Isha Coleman says

Enticed by You (Wellspring #2) by Elle Wright

He's trying to live down his father's reputation. Parker Wells is sick of being compared to his ruthless father. Looking right years of wrong, he sets out to mend fences Both personally and professionally. He has much to make up for and tough audience to convence. Doing the right thing has never seemed so complicated. When he Kennedi Robinson enters the equation with her big city ideas and a grudge to settle, circumstances become even more difficult. When it comes to following your heart, nothing ever proves easy. Can two hearts leave their pride at the door and take a risk on forever? Enticed By You is tale of redemption, sacrifice and hope that reminded me that looks may be deceiving, but emotions never lie.

Matysha says

Elle Wright does it again. She penned another great installment of the Wellspring series. I was happy to see Parker find the love he didn't even know he was looking for while being able to the one Kennedi didn't even know she needed. All while everyone is falling in love and being happy the thunder cloud known as Senior still hovers. But from every rainstorm comes a rainbow do hopefully book 3 will bring that. Can wait to see what happens next.
