# Fall of Man

*Mark Tufo*

## Fall of Man Mark Tufo

Mike is back. Devastated by his loss he strikes out on a doomed journey to wipe the earth of the Lycan scourge, with his faithful companion Oggie by his side. Bailey, a distant relative of Mike's best friend BT, joins him but for different reasons. Azile struggles to reign him in, while a world already pushed to the edge begins its fall over the precipice. When all is lost, can anything ever be won? Join Mike on another epic adventure as he fights foes both new and old

## **Dinese Millspaugh says**

**love Tufo!**

This book is great. I honestly can't wait for the next one. Tufo writes a great story. Zombie Fallout is also a great series.

---

## **Annie says**

Mikes journey in this story was probably my favorite out of all the books so far, it was well told and written and left me absolutely wanting more! I loved the snarky commentary and laugh out loud situations and also the sadder parts...all in all this kept my attention from beginning to end...I really loved it and highly recommend it!! I personally feel with Tufo's books audio is the best way to go....the narrator IS Michael Talbot!!!! 2 HUGE THUMBS UP!!!!!!!!!!!!

JUST AS AWESOME A 2ND TIME...CANT WAIT FOR BOOK 3!!!

LOVED IT...LOVED IT....ITS GREAT EVERY TIME I LISTEN TO IT!!!

---

## **Allison says**

Another great story from Mark Tufo. Please keep them coming.

---

## **Nicole Fabry says**

Very good follow up to the first book! I'm looking forward the #3.

---

## **Natalie Wortley says**

as always Mark Tufo delivers a fantastic story, couldnt put the book down. 10/10

---

## **Vix says**

We find MT, Baily and Oggie back on the hill where Tommy died, now buried, they are dealing with their grief when a visitor arrives and hands them more weapons and more hell; with a reluctant Bailey, MT sets off to hunt down the Lycan and destroy them.

I really enjoyed all the little snide comments laced with the obvious love that MT can't help but have for his fellow companions. His internal and usually external Talbotisms still reign supreme! Even amongst the gore (and there is a lot) and the heartache (again a lot) I still had moments where I literally snorted or laughed out loud at the one liners.

Loved the little flash backs to the old life. Bear.....that is all.

It is soon obvious that not all is well in the realm of the Lycans, Xavier's plans are not liked by all; many have gone rogue. The werewolf change scenes are impressive and the fight scenes terrifying, I found myself holding my breath.

Matheiu. There is an element of ZardOz to his home.

Baily and Azile are still high profile but in the background.

The watchers are also back as the Lycans mount their attack on the townships. Each town doing as man usually does though which is really rather sad

Any old enemy rears its head but not for long....

The finale is amazing, the last few paragraphs had me in both stitches and tears, glad to see Trip is his usual self; yes he makes an appearance but not how you think!

Whilst fishing for beavers of the coast of Kansas could be fun, what I really want to know is do ants fart??

Fall of man

Tufo is getting bleak, but still the great story telling is here. Talbot is still the same great character with the great one liners but no trip in any form well maybe but not in this universe hehe. Talbot is with Oggie, Bailey and Azile no Tommy (he didn't come back like I was hoping, damn you Tufo), they are fighting the Lycan and the werewolves but not before the human towns turn on Talbot town, the Lycan Xavier plans to destroy the humans in a huge epic battle which was harder than the human battle. Unfortunately it took a spell from Azile for everyone to except that Talbot was right and the humans were werewolves but not before Bailey shot him, why can't people just trust he is right, he has over 100 years of experience.

Love the new man in Talbot's life Mathieu and his talent for beer.

I wanted more of Oggie's story though, running with wolves and still fighting his way back to Talbot.

All in all another great story and can't wait for the next part.

Well done Tufo well done

## **Tim says**

### **Tufo's best yet**

Lycan Fallout is a fantastic continuation of the tales of Mr. Talbot. This is a great story with much action and humor. The pace is perfect and the writing is excellent as usual. As one beloved character was lost in the previous book, a new one was introduced. Mathieu is a great new addition and the interactions with Michael are very funny. There is a good abundance of violence in this book and the action propels the plot at a quick pace. Mark has always been a great writer but I believe this is his best work so far and I didn't want the book to end. This book is highly recommended.

---

## **Erika says**

### **Wow! Just WOW!**

I always anticipate your ZF and LF books. Another amazing hit. I do love how you bring back our reminders to beloved previous characters and old Talbot memories. Michael is always jumping into stuff without a thought. But I don't think I'd have him any other way. Oggie! Now he is a social kickass companion and hit me worried a bit on the 2 Lycan situation, sweat I almost cried. Don't make me wait long for book 3! A must read series. But I'd recommend starting with zombie fallout

## **A. Hunt says**

As with every other novel, this one was huge for me. His books take you to future worlds and dimension that keep you either grossed out, feeling depressed or laughing till near puking. That's because those are just the tip of the emotional mountain range of Michael Talbot.

In Fall of Man, Mike is pulled into his namesake of a town: Talboton. There, he comes across people who don't believe he is who he is, let alone can do what the books says he's done. Does it really matter though?

Oh yes it most certainly does! The lycans are using humans in a way unimaginable, and it's an excellent tool- but this story is so much more than that. It's about humanity, and how even at the very end of things, there's still hope and a chance against all odds. This books also tells you, that even at the worst of times, family, friends and a good zap to the butt can make you smile.

I think I enjoyed Lycan Fallout's Fall of Man because it gave me a healthy view of Mike's inner and outer

being. Yes, he's part vamp, but there's so much more. And since we know there's a heaven or hell (in this series- don't fuss at me and my faith!), I'm thinking God is going to give him a spiritual break at some point. I don't know- I'll have to keep reading. I hope you do too!

\*Full review of this book and entire series to post 12/27/17 at [www.areneehunt.com](http://www.areneehunt.com)

Cheers!

## **Ken says**

### **Lycan Fallout**

I am really enjoying this addition to the stories of Michael Talbot. It hard to explain how a full length book can be short, but Mr Tufo seems to have a way with it. It is also good to see his writing style move back and forth from sarcasm to more dramatic and comical views of other characters. Keep up the good work. I am already waiting on his next book.

---

## **Shawn Deal says**

Mark Tufo really never fails to put together a solid humaorous, action story. I loved this one and will eagerly jump into Number 3 as soon as I can.

---

## **Amanda Felix says**

O.M.G. This was such a great book, it was hard to put down. So since I also got the audible at the same time, I switched back and forth when I had other things to do. No I didn't get lost because everything was so well synchronized with both the audible and the book that it was easy to go from one to the other. And Sean Runnette once again has done a great job narrating and capturing our favorite half-vamp. Due to the events of the last book, this one is a tad darker but still great. The one liners TALBOT fans are used to just keep coming. WOW! This is just the latest example why Mark Tufo is one of the best Indie horror writers out there.

Mark Tufo has once again given his loyal fan base everything we asked for in this latest installment of LF series! Talbot's mood after having lost Tommy has changed and his reluctance to get involved in the Lycan/human war has taken a darker twist as vengeance fills his grieving heart. Only Oggie keeps him somewhat sane. Bailey stands by him but it is plain to see she is still somewhat confused by Talbot (slight spoiler) and a little worried as she watches Talbot's humanity begin to slowly slip away. But she has other

things to worry about, foremost is the safety of her village. Unfortunately they become separated and she returns to her village believing in his demise. Azile is still trying to find a way to unite the people in the area to face the coming battle between Lycan and human. But Man has not changed and power, even in the face of impending doom, is still foremost in the other towns leadership mind and Talboton is in their crosshairs. You will not be disappointed as we follow Michael Talbot through adventures and misadventures that has kept us at the edge of our seat throughout the ZF series. Talbot is still Talbot, that will never change, no matter how out of time and place he is or how angry, morose, sad or depressed he becomes. He still cuts loose with his one liners that will leave the reader in stitches even as those around him have no idea what he is talking about. And he finds a new friend, Mathieu, who has just as tragic a past but during his own self imposed isolation has managed to find a way to brew beer, and this will play a very important part in the telling of this tale. Lana and Azile are still competing against each other for his affections and makes for interesting and in some cases hilarious situations. The battle scenes are intense and will leave you breathless as Michael unleashes his inner demon and is just as easily brought to tears by a simple reunion. He's as complicated a man as he is easy to understand. Mark Tufo has woven a tale that will keep you at the edge of your seat, lets you fall then has you clamoring for more as you pick yourself up at the mention of other characters hinted at briefly (don't blink or you will miss the references) and other more sinister enemies that can only add to the already intense tale
