Just when you thought that your fate was set in stone, someone comes along to show you just how wrong you can be.

Ever since he saw Raven, Fallon knew the Bird of Prey was meant to be his. Fallon didn't give a damn that Raven wasn't his predestined mate. All that mattered to Fallon was that he wanted and he wanted now! So, he tricks Raven into going into the underworld, where Fallon plans on keeping the warrior there forever.

Things go awry when Athena shows up to fetch her Bird of Prey. Not only does she need Raven back, but she needs a big favor from Fallon. Frustrated over possibly losing the man that he has become attached to, Fallon agrees to help the goddess. Will Fallon and Raven find a way to become mates, despite fate? Or are the doomed to be separated forever?
