Her Baby Daddy

Emily Bishop

Her Baby Daddy Emily Bishop

Walking in on Riley pole dancing in her private studio made me want to take her on the spot.

Owning things is second nature for me.

But Riley isn't so easy to own.

Her confidence is enough to make me go ape sh#t.

One sway of her hips had her owning *me*.

Now her studio is on the chopping block - and I'm the butcher.

She needs to place to live and my house is perfect.

Until I find out who her best friend is.

No way I'm running away.

I didn't become wealthy from quitting.

Money and power used to be the only thing that excited me.

But Riley makes me want so much more.

Especially now that I'm her baby's daddy.

**** Exclusive love letter included** Jax isn't the sentimental type. Find out what Riley did to make this cocky bad boy write a Love Letter. Read Jax's secret confession 10 years after their first meeting, before Riley discovers it...****

Jen J says

Just not my cup of tea, I could not get into it

Miku says

This is my first time reading a book written by this author and it just fell short for me. While I have read books with the same genre and sometimes like alpha male taking control of a situation, this book is just plain and bland for me.

It was not that the h was annoying a pushover and swallowing of self loathe there was just no spark for me. The author wrote the H as an alpha male, though he was an alpha male he was just the same as all typical alpha male I read. I might read books from this author again since I like the world building and there is a POV between the MC's.

Julie says

Another brilliant book by Emily it captives you from the first page right up until you turn the last page, you know you just have to read it in one sitting. It's a beautiful love story that just draws you in, Jax King is a exceptional businessman and investor of strip clubs and restaurants, but it hadn't always been that way, he had a hidden pasted and secrets but could his pasted be catching up with his future and what happens when it does??? Riley disowned by her parents had inherited a dance studio was struggling to meet payments to the bank due to a scumbag of a fiancé who had fleeced her, now her future plans were on hold which included having a baby. So both Riley and Jax were not looking for commitments but when Jax approaches Riley to purchase the studio for his next investment the chemistry is scorching, are they able to control what's building between them?? and then when Jax meets her friend Veronica is there future definitely doomed?? who saw that coming?? and especially now Riley has a secret of her own should she run or could she and Jax have a future together??the answer to that is in the book only if you read it. I was given this as an ARC via Booksprout in exchange for a voluntary honest review.

R.M. Barabash says

I don't think that the author has the clearest idea of how American bank accounts work because the premise of this book is flawed. It's stated that the heroine can't access her bank account because she's only allowed 6 transactions per month because it's a savings account. That is factually inaccurate. With a savings account, you can only have 6 ELECTRONIC transactions per month, but you can ALWAYS walk into your bank and access your money by talking to an actual teller. I know this because I've run into this situation personally. I think it's illegal for a bank to completely deny you access to your own money. Yes, it takes a little more time to deal with a teller than the ATM but you can still take out money to pay rent, etc. Then there's the fact that her ex took money out of the account but she was able to change the account details. I don't know whether or

not this was a joint account, but if this bank account was a joint account then the ex has just as much right to access the money as the heroine. If it wasn't a joint account, I don't see how the ex got access to it in the first place. I mean, this was a savings account so I don't think there would be much point of gettin an ATM card for it because you're only allowed 6 electronic transfers per month with a savings account. If there was no ATM card for the ex to steal to withdraw funds electronically, I don't see how else he would get the money. His name wouldn't be on the account so he couldn't walk into the bank and get the money from a teller. The heroine and the ex weren't married so it couldn't even be construed as community property.

Julianne Macneil says

I read this book as part of an arc program. I really loved this story about Riley and Jax. Riley owned a dance studio where she taught pole dancing. It had belonged to her late aunt and was always her dream to have the studio, only she was on the verge of losing everything because she didn't have enough business to keep going. Riley had been having rotten luck, her ex-fiancée robbed her of money she was going to use for fertility treatments in order to have a baby. When Jax came into her studio, he found her squatting there and wanted her to come back to his apartment where she would be safe. Jax was a billionaire who owned a chain of strip clubs in Miami among other businesses. Jax wants to buy the studio from Riley, but she will not sell it to him. Riley agrees to go to Jax's home as long as she can pay him for letting her stay there. Jax thinks Riley is beautiful and he wants to sleep with her. Jax is a playboy who doesn't believe in love, and since Riley says she doesn't either, Jax thinks they can have some fun while she stays there. Only things get really complicated fast when Jax's past is revealed and Riley isn't sure who to trust. I loved this story and it had a twist I didn't see coming. I really liked Riley, I thought she was strong and wanted to stand on her own. I liked Jax too, I thought he was a good guy and overcame a lot in his past. They had a lot of heat and chemistry. Great one from Emily.

Misty Goan says

I really enjoyed this well written it is full of drama, twists and turns, secrets,sizzling hot scenes with explosive chemistry. Great characters including secondary characters of drama induced crazy stripper and a best friend who temporarily loses it. The storyline has a great romance with alot going on including neither character believes in love. Riley is broke and living in the studio her aunt left her and she's trying to buy after his ex leaves her taking all her saving and money from her accounts to have a baby with someone else when he didn't want kids and taking all her saving she had for artificial insemination. Jax has his own issues in not believing in love losing his mother and sister and family and friends now he is only concerned with his billions and businesses. He convinces her to stay with him in his guest room for a month for her to get straightened out, while also wanting to buy her dream studio. Can they get past all the crazy that surrounds them when they don't believe in love?

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

Raecharmed says

Riley is struggling to keep her dance studio especially since she has lost everything else because of her ex boyfriend. Living in her studio is where she is when Jax walks into her life. Jax is enchanted by the beautiful

woman pole dancing when he enters the studio but he can't let himself be distracted from his mission at hand finding the owner to buy the studio. After talking to Jax she agrees to go back to his place to spend the night. Jax couldn't believe she came home with him and just went to bed and was about to go his room when he hears moans coming from her room. He knows right then he has to have her. The next day he gets another surprise when he finds out Riley owns the studio but has no interest in selling. Things heat up between them and they end up in bed. Will Jax try to use sex to get Riley to see things his way? Can they move forward to something more between them?

This was an amazing story once I started I couldn't put it down. The chemistry between Jax and Riley is steaming hot. This is a well written and very entertaining story. I would recommend this to any book lover.

Judy says

This is a wonderful love story about Riley and Jax. Riley is a dance instructor in her studio one night and in walks sexy trouble, Jax. He is watching Riley pole dance and almost loses control of himself watching her and does a 180 and becomes a good guy with an ulterior motive. Jax is an alpha man who gets what he wants when he wants that is until he meets Riley. Riley is one sweet and confident woman who does not allow Jax to steam roll her into selling her studio. He became very successful businessman with strip clubs and restaurants. They have an instant attraction can Riley continue to fight it? Both have trust issues from bad family situations which makes it hard to let their guard down. Riley only wants one thing, a baby and her ex boyfriend ends up treating her badly and also steals all her money! Jax gets Riley to come stay with him and after being around one another they both realize they can not control their attraction and get together, trying to keep it causal. Jax is a man who has secrets and does not share them until he is forced to by the past and present colliding. Will the person who tells Jax's secrets cause answers or more harm? Can Riley forgive and understand Jax once she learns the truth? What will Riley do to protect her secret.now that she has one? Can these two find a way to be together or will their stubbornness keep them apart? I received a free copy of this book via Booksprout and am voluntarily leaving a review.

Elaine Wilson says

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

Jax had nothing growing up but, as a man, he was determined to own real estate all across Miami and turn them into strip clubs. But there's one property that he's desperate to have, but the owner is being a little stubborn.

Riley is one late payment away from the bank foreclosing on her dance studio. It has been in her family for generations and she'll do all she can to make sure it stays that way.

Jax watches Riley dance one night. The way she moves stirs in him feelings that he's never let himself feel before and he decides there and then, that he's going to have Riley as his own too.

Her belongings are in the corner of the studio and she's about to bed down for the night, but Jax tells her that it's too dangerous to let a woman sleep in a building that isn't properly secure; anyone could walk in.

He offers her the use of his spare room. So that she's safe, he says. She refuses at first, obviously, but he makes her an offer, to pay rent, and with the thought of a decent night's sleep and saving money in with the bargain, she agrees.

Riley isn't interested in love or attachments. She had all that once. A fiance, Michael, they would have a baby and live happily ever after. Unfortunately, Michael had other plans. He didn't want a baby and told Riley so, in no uncertain terms. She was devastated, obviously, but even more so when he broke off the engagement and asked for the ring back, so he could give it to his new girlfriend. Who just so happened to be pregnant. The final blow came when she looked in her bank account and seen that he'd stolen the money she'd been saving.

So she devised a plan. Finish paying off the studio. Start saving again so she could have IVF and have the baby she's always wanted. And staying with Jax will help her savings.

What neither of them took into account, was the insane sexual attraction they had toward each other, and one night they acted on it. Only trouble was, Jax wasn't content with just one night. Riley decided she was only staying for one month, so why not enjoy the benefits that came with it.

Everything was going great. Wined and dined. Totally orgasm'd out.

And then she pee'd on a stick.....

Heather Vandine says

Riley's ex spent all her savings and she's out of her apartment. Now all she has is the dance studio her aunt left her and that's where she's been living. She is a dance instructor and one night while dancing using the pole Jax shows up looking for the owner wanting to buy the studio. He offers her to come over to his place and stay in the guest room so she could use the shower and he would make her dinner. The next morning Jax learns that Riley owns the studio and is not interested in selling. He let's her continue to stay with him. They are both deeply attracted to each other, but they both have been hurt before so they ignore it until they can't fight it any longer. They agree to keep it casual and nothing more. This is a well written book and the characters are amazing. This book is a real page turner that you won't be able to put down. It is a MUST READ. I voluntarily reviewed an ARC of this book.

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

Sharon Means says

I have mixed feelings regarding this book. The negative is, there was no build up of a relationship between the characters. I want that in a good book and really missed it in this one. The buildup eventually came about but much later in the book. At times I found the characters very likable but more often than not, I found them very irritating. That being said, I couldn't stop reading to find what would happen next.

💋Meme Chanell Book Corner💋 says

One sweet pole dancing teacher✓?

One rich alpha male whom is used to having his way ✓?

Lots and Lots of smoking chemistry ✓?✓?

Jax is a man on a mission "a nightmare and dream in a suit", his words and nonsense man he takes his job really seriously and has not felt any real type of feelings towards any one until he saw one woman Riley a pole dance instructor dancing on a pole.

Riley not only teaches in her dance studio, but she also sleeps in it. Thinking it would be dangerous your boy Jax offers her to stay at his apartment at least she will be safe right, or maybe not with the attraction Jax has towards her.

There is one thing that Riley wants and that's a baby, but that quite expensive the route she wants to go by artificial insemination. Will Riley get her baby?

Jax and Riley are so much alike and Riley is an independent woman whom does not answer to any man especially him. They have their fights but these two are meant to be if only they can see it. Whoa this story is a roller coaster ride that you will not want to get off of.

I received an arc copy of this story from Booksprout for my honest review.

Space Cowgirl says

The Sport? Of Pole Dancing????

Riley?? is a broke entrepreneur. She has a ?dance studio specializing in Pole Dancing, in Miami. She is so broke she has given up her apartment and is sleeping at the studio.

In walks Jax, another entrepreneur. He's into real estate and restaurants and strip clubs. He's a wealthy? man, he's a sexy man. He's tall, ripped?, blonde and beautiful??? all over.

They take a look at each other and the pheromones fill the room. Insta Lust?! Neither one is going to admit it!.....for a while any way. Jax??? has a fantastically vivid imagination when it comes to thinking about him and Riley?? together in bed!

THE JAX PLAN

Jax??? wants her studio space, but first he wants to ogle her spandex covered hot little body?! He's a patient guy, he knows he'll get what he wants, Riley?? in his bed, and her studio space, too!

Somehow, Jax??? talks Riley?? into staying in his apartment guest room. The sexual tension is palpable.

Jax??? is a very, very, bad naaasssty man. He only thinks about deals, money, and sex. With Riley??, the sex has THE upper hand right now, because he's used to always getting the girl falling into his arms. He knows

she wants him, but she is resisting! It's bugging him to no end!

THE BABY PLAN

Riley?? wants a baby?, but for some weird reason, she thinks being a single mother is ok. Maybe because her best friend is a single mother, but it was never her intention. Riley?? saved money for AI insemination, but her last boyfriend took half of it, and she had to spend the rest on her failing business. Apparently, the pole dancing? exercise craze is vastly over rated and over saturated.

Riley's biological ?clock is ticking towards the end of its life, she's 30 now, no husband, not even a boyfriend, and now no money or even a place to live!

The premise of this single mother baby? idea is laughable! Riley?? is acting like an airhead! If she continues on this same track, she will never get her head above water.

The book is written from dual points of view, so the reader can get glimpses of what each character is thinking and why they act like they do. The XXX Adult scenes are superbly written!

ARC Received for Voluntary and Honest Review.

I Also got the book? with KU.

This is kind of a fun, sexy book?, but I really dislike the single mother AI idea. It cheapens human life? to a commodity.

I know the book? is fiction, and will have a happy ending, because the value of a stable two parent family has been proven over and over again. And this is an Adult Romance, AND It takes two to have a romance.

YEHAW! Ride Em Bareback?, Cowgirl!?????

Recommend.

MJM says

This story is about two people that I found to be easily likeable and maybe even loveable. Jax us a very wealthy billionaire who made his money by investing wisely in restaurants and strip clubs but he does have secrets and a past that sometimes can get in the way of him thinking 'straight'. Riley is steadily building up her pole dancing business and Jax has admired her but she also has secrets and a past . But Jax is used to getting what he wants and he wants both Riley and her business. But he isn't as careful as he should be and he also gives her something that is life changing. The passion between them is red hot steamy as you'd expect from a story by Emily Bishop with plenty of narrative to capture your imagination so that you just have to keep reading till you get to the end. Emily's writing is so persuasive that it seems like no time has passed whilst you're reading one of her books as every bit of info she gives you is relevant and she most certainly knows how to write love scenes that could almost make my Kindle melt! She captured my attention and maintained it right to the end as I just had to know if there was a HEA for Jax and Riley. This is a book that I enjoyed so much that I know that I will be wanting to re-read it in the future. I received a free copy of this book via Booksprout and am voluntarily leaving a review. I'm looking forward to Emily's next romantic adventure.

Definitely Recommended - Get Yourself A Copy Now!

April Symes says

Her Baby Daddy By:Emily Bishop captives you from the first page up until the very end. Take one pole swinging dance teacher who is super sexy n sweet, and a stubborn yet confident handsome alpha male and have the two meet ? What do you think happens? A Rip Roaring Good Time!!! The first time Jax saw Riley dancing he knew that she was going to change his life ---he just didn't know at that moment just how much it was going to be. The attraction is instant, and it is steamy!!!! Jax has a hidden past and secrets but could his past be catching up with his future and what happens when it does??? Riley disowned by her parents had inherited a dance studio was struggling to meet payments to the bank due to a nasty X of a fiancé who had taken her money and run off on her, now her all of her future plans were on hold which included having a baby. Both Riley and Jax were not looking for commitment but when Jax approaches Riley to purchase the studio for his next investment the chemistry is intense and sizzling to the point of on fire intensely hot---but are they able to control what's building between them?? Then what happens when Jax meets Riley's friend –will what they have started be ruined before anything can really build? Especially now Riley has a secret of her own that involves Jax. The twists and turns will keep you hooked . Will Riley stick around and go to Jax with her secret or will she run for it , taking with her the precious secret she holds so dear. Only way to find out is to read this exciting latest by Ms. Bishop.

My Rating: 4.5 stars *****
