**Racing the Beast** P. Jameson

A Paranormal Shifter Romance

In the south, things get real dirty. Especially on Saturdays. Mud on your jeans. Grit in your beer. Your tan washes off in the shower. That's how you know it's racing day. Or as the Dirt Track Dogs like to put it, winning day. Because they aren't racing unless they're winning.

With the mating of their alpha, the Dirt Track Dogs find their carefully structured life spinning out of control. After a wreck at the speedway, Beast decides if he wants to remain in control of his temper, he needs to leave town. Leaving his pack could devastate them, but he longs for a mate of his own, and watching his best friend live in mated bliss is pure torture for his wanting wolf. A trip to the hospital to apologize for an accident that wasn't his fault has him questioning his decision.

Who knew a night at the track would land Punk in the hospital, out of a job, and unable to get where she needs to go. Now she must depend on the man who ran her over until her broken leg heals. With a devastated past, she doesn't trust easily, but she never expected the Dirt Track Dogs to make her feel so at home in their club. Or for one of them to awaken feelings within her she thought long dead. With his careful touch and unyielding patience, Beast makes her want to have a relationship again. The question is, can she stop thinking of the past long enough to be happy?

**\*\*Can be read as a standalone (NO CLIFFHANGER)\*\***

**\*\*Warning: this book contains dirty, dirty things. Including but not limited to dirty talk, dirty sex, dirty minds, dirty mouths, and dirty looks. Do not read this book if you are a germaphobe.**

## Abra says

I downloaded this book because I wanted your basic werewolf mating story and that's what I got. Unlike some of the other books in this (and the previous) series, this one wasn't too angsty. I liked the characters and the basic premise of a group of male shifters who survived a horrific fire. After their families were killed each man dealt with his pain in various self-destructive ways until they decided to cut out all distractions and rebuild themselves.

Now that their alpha has mated the other men are feeling restless. Luckily for Beast his mate turns out to be one of the alpha's mate's best friends. Beast is very, very grateful to have found his mate and I liked how emotional he was. He realizes Punk is his mate before he sees her and the description of how he feels as he approaches her hospital bed is really sweet. There's no real plot other than their romance.

---

## Hollie says

another sweet shifter romance in this series. my heart broke for Punk, the heroine. the hero was once again amazing. This was a great quick shifter read. I look forward to reading the others in this series.

---

## Bookish Addict says

Another great fast paced shifter romance. Beast finally finds his mate in Ella's best friend Punk. They both have their own issues and make a great couple.

---

## Mollie says

3.5 Stars

---

**Cyndi says**

I absolutely loved this book. It was short and sweet! Beast is an awesome hero- totally devoted to Punk. He was patient and loving. Punk was a good heroine too. But Beast is the best part of the book. I am so thankful this author doesn't feel the need to create drama with OW- she actually uses her imagination and comes up with other ways to make the story interesting. My only problem is that I wish it was longer! I want more! Safety gang safe

---

**Brandi says**

I liked this book a lot more than the first but I still feel that the endings are open-ended.

---

**Jessica Lynne says**

Loved it. Will reread again.

---

**Erika says**

4.5 stars!!!

Another amazing hero. Likable heroine. Sweet and sexy novella. Loved it!

---

**CC says**

Super sweet. I liked this one better than the first. I felt we got a little more substantive background. Plus Beast was too sweet not too love! Punk has the potential to annoy me. I hate her name. But she was pretty ok. Considering her past, she did a good job of not pushing him away. I was proud of her.

This is another quick, easy and totally safe read.

---

**Tammy says****Fantastic**

I've just read the first two in this series and I'm hooked! This author was recommended to me and I love every word I've read so far! Can't wait to read part 3

---

## Megan says

### Quick Info

Standalone/Cliffhanger?: Standalone

Part of a Series?: Yes

-----

### Meeting the Characters

Beast

Punk

-----

### What happens?

Punk is hurt in the accident from the previous book. You don't need to read it to understand what happened because you can get the idea from this one but it helps.

Beast is the wolf shifter that discovers Ella's friend (as expected) his is true mate and chaos ensues.

Punk was raped and as a way to not explore this (fine with) the rapist died in prison. So she doesn't like touch and acts accordingly to that.

### Final thoughts

Nice romance, I don't think its long enough but do like their story.

**Would I read again?:** Maybe

**Would I read this author again?:** Yes

## Pet says

I love this story, Beast had my heart right from the first chapter, he's so wonderfully sweet I found myself wanting this story to go on forever just for a few more moments of that wonderful man. I couldn't wish a better h on him than Punk, she's fire and sparks and all kinds of perfect.

## Judy Lewis says

TRUE LOVE FOR THE BEAST !!!

I am totally in love with this series! Racing the Beast is the second release in an amazing new series, Dirt Track Dogs by P. Jameson and it totally rocks! Although this is a series, I believe the books can be read as stand alone stories since each has its own, very happily-ever-after ending, but it most certainly will enrich your reading experience by reading the books in the order in which they were published. Reading a shifter series about dirt track racing is a first for me. Being from the deep south where we love our racing, I was immediately intrigued, and actually, I live only two miles from our local speedway so you know I'm already

a fan! And Jameson does not disappoint! The first book in the series, *Racing the Alpha* was sensational but this book completely stole my heart! I laughed hysterically and sobbed uncontrollably but at the end, I was left with tears of joy on my face and love in my heart. If you have ever read any of my reviews, then you probably have already guessed that reading is a very emotional experience for me and I express my feelings through my heartfelt reviews. If an author can bring me to tears, cause me to sob, break my heart, and then miraculously make me laugh, and heal my heart and soul with their words, then that author has done their job exceptionally well and Jameson has delivered just that - again! Let me preface this review by saying, neither of the first two books in the series are packed with actual racing. There is a good bit more in the first book than in the second but each story actually revolves more around the characters and features their lives, loves and conflicts. This story is exciting, thrilling, fast paced, original, compelling, heartwarming, humorous, sweet, romantic, arousing and sensual. Oh, did I mention hot? Well, it's definitely HOT!. The dialogue is smart, exceptionally well written and flows beautifully. And the characters, well, let's just say they are the heart and soul of this story. They are captivating, fascinating, engaging, endearing and sexy as sin. They grab your imagination, capture your heart and hold you prisoner from beginning to end. Jameson does a brilliant job of combining these elements into an incredibly entertaining and heartwarming paranormal romance.

Beast is having a difficult time accepting the changes in his rag-tag pack, the *Dirt Track Dogs*. For years, their wolf pack had consisted of only five males - their alpha Drake Folsom, Blister, Surge, Diz and himself. After their packs were wiped out by a forest fire twenty years ago, he and the other four survivors had banded together to heal and form their own pack. Their goal was to eliminate anything that would prevent them from healing from their tragic pasts. For Drake and Diz, it was alcohol. For Surge, it was sex. For Blister, it was.....well, everything - he needed solitude. For Beast, it was anything that could anger him and cause him to lose control because when he did, he could definitely become a dangerous wolf or should I say, beast. So, they made a pact - no drinking, no sex, no fighting, no losing control and they would devote themselves only to their racing and each other. And for twenty years, it had worked - until now. His alpha had recently found his true mate, Ella Freeman and the pack now had a female. Now they all want sex and it's messing with everyone's heads - both of them. Huh? Just a little of the book's humor, folks! Now, he and his wolf are both unsettled and unhappy, and to make matters worse, he was having a difficult time controlling his temper. Seeing Drake and Ella, happily mated, makes him secretly wish for the same kind of relationship and especially for someone special to share his life and his bed. He's happy for them, he truly is, but why can't he find his mate? He just can't take it anymore! There's only one thing left to do - he would have to leave. He knew his pack is his only family but maybe, just maybe, there's a chance he could find his intended somewhere else. Besides, he desperately needs to get his head straight. Good, now he has a plan but before he leaves he needs to stop by Cedar Valley Hospital to visit Ella's best friend, Punk. There had been a three car pile-up during the last race that had sent Beast's car rolling and finally landing on the fence right where Drake's mate, Ella, and her friend Punk were standing. The fence had collapsed, injuring Punk, and although he knows it wasn't actually his fault, he still felt responsible. He doesn't know Punk, has never even met her, but still feels that he owes her an apology before he leaves. Yep, he would stop by to see her, apologize and then he could be on his way. Right? Wrong! Well, it's a great plan but sometimes fate can be such a fickle mistress! Beast can't believe it - he's scented the most tantalizing smell, ever! It's the smell of his mate and it's coming from Punk's room. What? His mate is Ella's best friend, Punk! Oh my! And she's the most beautiful woman he has ever seen! His! His mate! She can have all the love he has to offer and everything he owns! There's only two little problems. First, she's human and doesn't know he's a wolf and second but most importantly, she doesn't want him - doesn't want any man! What the heck? How is that possible? How can she not feel their connection? Now all he has to do is somehow convince her to trust him, accept Wolf, love him and mate with him! Easy, right? Oh my glory! How in the name of heaven can he ever accomplish the impossible? Maybe it isn't quite so impossible after all, especially when the lovely lady Fate is involved. Handsome, hunky, sexy and incredibly sweet wolf shifter-check! Beautiful, brave and very snarky human heroine who is a survivor of rape and a brutal attack-check! Heated attraction, fiery passion, heartbreaking angst, sweet romance, forever love and uplifting hope for a happy future-you bet! Deliciously

cute, fabulously funny, seriously sexy, completely captivating and definitely entertaining. I can hardly wait to read Book Three. I wonder if it will be about Blister, Surge or Diz??? I guess we'll just have to wait and see, but count me in!
