Based on scriptural principles and stories this book will teach you how to activate and apply discernment in every area of your life.

This book teaches how God many times used women because of their discernment throughout the Bible. It also shows that every woman has been given a special gift (sometimes referred to as intuition). When a woman exercises this discernment, they will find help/insight in these areas: favor, the atmosphere of their home, children, husband, outside associations, protection, provision, recovery of what's been lost, timing, right place, right plan, right people, living a life that will be remembered
