The Kachina Doll Mystery

Carolyn Keene

The Kachina Doll Mystery Carolyn Keene

When Nancy arrives at the McGuire's fitness ranch in Arizona, she discovers that the future of the ranch is being threatened by unexplained accidents. Teaming up with a ghost, Nancy begins her search for a precious collection of ancient Kachina dolls that may unlock the motives of her elusive adversary. Will the person determined to prevent the ranch from operating succeed?

Jodie says

I just love the Nancy Drew series! I know that these seem young for me, but I love the quick read. I took this book camping and it was fun to be able to pick it up when I had a chance. Keene has a way of making sure you'll never figure out the mystery. I love that about her. I also love that there a little romance mixed in. Fun to read. You'll never guess how this one ends!

M says

Typical Nancy Drew fun. I really enjoy these books because they're the kind of books I enjoyed as a pre-teen and early teen. It is only now that I notice how apparent the cliffhangers at the end of each chapter are. This had a pretty novel concept and it was fun to read, but I was kind of dissatisfied by the conclusion. I wanted to know more about the Kachina ghost. But it makes for a fun read, overall.

Thetravelingpanda says

Not the best Nancy Drew mystery I've read. Yet I couldn't bring myself to give it two stars because it is Nancy Drew. And it is one of the first I read in french and I had a life changing revelation when I discovered than Nancy was Alice in the french version...

So about the book itself, well the plot was not as interesting as I thought it would be. I think that the whole kachina doll business was tacky but missed something to make it great. Other than that there is no revelation about these dolls at the end so I was a bit disappointed.

Catarina says

I just found out that the *Diana D.* books I read in my early teens are actually *Nancy Drew* books. I read five of them and can basically remember almost nothing but I wanted to review this one because it was the scariest book I had read to the date.

I remember being up under my covers with a flash-light (yes, I did that) reading and trembling and wishing for it all to be over. This book actually scared me and for that, for that trill I'm thankful, it's always nice to read a book that gets to you. I haven't read one like it ever since. I think this is why I remember it more than the others.

The Kachina Doll Mystery has a special place in my heart.

Eden says

One day Nancy Drew receives a letter from a friend she hasn't heard from in a while. In the letter, her friend is asking if she'll come to Arizona and solve a mystery for her. Her friend wants to make a fitness ranch and with the fact there is a ghost haunting the place, she's not sure if anyone will want to come and stay. As always, Nancy is on the case.

The book was a little slow at times, but does get really good. I haven't read many Nancy Drew books, but I think Nancy is a great character. She's good at solving mysteries and brave. I think this one had a good story and I like that Nancy wanted to clear the one character's name. It was an enjoyable read.

Darinda says

Nancy Drew and her friends, Bess and George, visit Arizona to solve a mystery on a friend's ranch.

Nancy and her friends go on another trip to solve a mystery. Two things were different in this book: 1 - the supernatural part of this story was not explained away, like it is in the other Nancy Drew books and 2 - the guys (Ned, Dave, and Burt) were not in this book.

John Yelverton says

It was a decent Nancy Drew mystery story, but I did not enjoy the fact that the ghost was actually real. That's a pretty big break from the previous stories in this book series.

Roanna says

The Nancy Drew series was my favourite mystery series to read, while growing up! And as you can see, I still can't resist a good one. I hadn't read this one before and it was fun but I kind of guessed who the bad guy was right from the start, hahaha. I blame this 27-year-old version of me! Ah, off to read The Swami's Ring or The Greek Symbol Mystery or The Secret in the Old Lace now - I can't decide which. Spoiled for choice! :-D

Sreejitha Sasikumar says

I can never resist Nancy Drew :)

Ami says

Not one of the best books. I didn't really feel like I was on the edge of my seat. I would not recommend it.

Tina says

These were my favorite books when I was a kid. I have almost the entire set of yellow back books- I'm missing 4.

Anyway, I passed many happy hours reading and re-reading and re-re-reading these books. They were dated then, so I imagine they are way, way, dated now. I think they have updated versions, but, in any case these books have brought me many hours of joy.

I remember this one being one of my favorites. The cover-art is different than mine though.

StrangeBedfellows says

One of the more interesting Nancy Drew stories, in my opinion.

Elizabeth says

Seemed appropriate to read this while in Arizona!

Sydney says

this book was kinda scary, but it was still really good. the problem is that in the halls there is this Kachina doll floating around, and you don't know where it's coming from.
