Wow, this is indeed a treasure of a book from one of my favorite authors. The book itself was easy and quick to read. A.K makes quite a complex and in depth message very easy to understand. At the same time as challenging you to your core to live a life on purpose and aligned to who you really are. I'm excited to try this out now and ready to do some research of my own!

The Little Book of Sacred Sex Magik is a gorgeous little book that constantly surprised me as I learnt of ancient sex magik rituals that have been deliberately kept secret by an elite few and used throughout history to control the masses. A.K. Luthienne uses her own experience of sacred sex magik to describe how to use this powerful, transformative technique in your own life. I won't divulge too much, apart from to say that sex is not what you have been led to believe.
