Pun pogodak! Savrsena kolicina teksta na strani. Odlicno uproscena radnja epizode crtanog filma. Nikola skoro svako vece trazi da mu citam i ovu pricu za kraj (kao slag na torti). I naravno obavezno se peva Bing Bong pesma. :)

Ok so for me it was just ok but the Kindergartens are super into Peppa Pig right now so don't hate on the book just because I personally gave it a low rating.

#### **This is Scarlett's favorite book.**

Papa Mike is going to record it for her and share it with the next time he visits. Both Owen and Scarlett love to have books read to them.

I read this to my 6-year-old son and found that my 8, 9, and 11-year-old kids were also drawn to listen to me read the story. The kids seem to love Peppa Pig (the videos) and they found the book a lot of fun and could relate to it as they will be going back to school soon.

**Matt says**

Peppa and her class are off on a school trip. As they head into the mountains, Peppa is excited by all there is to see. Photos, a picnic, and even some echoes keep her entertained. Neo loves class trips (even ones at summer camp), but wondered if Peppa ever falls asleep on the bus, as he has.

A fun book based on the tv episode of the same name.

**Carina says**

I like when my mom reads this book to me with a British accent. I also like the echo part!
