## **Dishonored: The Return of Daud** Adam Christopher

Daud - traitor and assassin - has returned to Dunwall, a city shaken by the overthrow of Empress Emily Kaldwin. He is seeking a mythical weapon, said to have the power to kill the Outsider, and will go to any lengths to find it. But there are those who are watching his every move. Travelling the Isles to complete his mission, Daud will soon discover that old enemies have been waiting for him, and new enemies are easy to make...

## From Reader Review Dishonored: The Return of Daud for online ebook

### Tiffany Rose says

Mind The Timing-

The main thing you need to know going into this book is that it is not set after Dishonored 2. It mentions what he does in the time skip between the first and second games. Glosses over the Daud DLC of D1, and gives us a story that more truly starts during Dishonored 2. If you don't realize this every time the author tries to connect this book to the rest of the series it's going to be really confusing. Or worse, feel haphazard.

With that said, I enjoyed the book. Daud's character is written believably, you have interesting new characters who also very much fit the style of Dishonored. To me, it has the same highs and lows the game has. If you love the game, you'll love this.

My complaint is this. The book came after DOTO, I believed it would fit snugly in between games, it does not fit neatly anywhere and if anything it makes me wonder if this novel sets up for someone else. I don't expect the book to give game announcements but I'm not fond of the book making the neat "for now" ending of DOTO messier. But maybe you are the sort who really wants a clue of what happens next and you'll find this a feature instead of a bug.

Overall, I like this book it's the first book out of five I was able to engage during a reading slump. And for the price that trade paperbacks are, it's absolutely worth it.

Name: Brodie Braun

Book title: *Dishonored: The Return of Daud*

#### Personal Response

The book *Dishonored The Return of Daud* piqued my interest because it was based on a game that is GREAT. The other reason was that I had nothing to do over this summer. The book has a great storyline just like the game.

#### Plot Summary

*Dishonored* was a good book as well as a good game, but I still think the game was better. The book was about Daud who has the mark of the outsider engraved on his hand. This mark allows him to tap into the power of the void which is pretty much hell. The void is where the outsider came from he is basically Daud's enemy in this book. The mark allows Daud to use blink which makes him teleport around 10/20 ft. The outsider wants to vanquish the world because he has sardonic godlike powers. The outsider was created with a twin-bladed double-sided knife by sacrificing the human outsider they created the void outsider. Daud is set on a mission to find the double-bladed knife and kill the outsider.

### Recommendation

In conclusion, the dishonored book is great and I will not stop until I get a second book. There is nothing wrong with the book, although, it disappointed me when there was no game/book crossover. In the book, it is great when you get to the witches part because there is a huge fight. I would recommend this book to anyone that played the game or has an interest in adventure action books

### **Benny Sperling says**

not a video gamer, but i really like these books! Go Adam!

---

### **Gabriel says**

Not a book for people who hasn't played Dishonored 1 & 2

---

### **Grant Gurney says**

Enjoyable book, with the character of Daud brought to life brilliantly. The locations were interesting too. However, I was totally confused by the ending? Just what the heck happened after Billie appeared???

---

### **Atsu says**

[ The Devlins are the **best** (hide spoiler)]

---

### **Kayley says**

[letting the Outsider call Daud his favorite, and making Billie the reason Daud will die. GRMBL. (hide spoiler)]

---

### **Iara says**

[for the third time (hide spoiler)]

---

### **david y biblioflick says**

[ wherein Billie Lurk could not change time (and more importantly could time travel) kinda confuses me.

Maybe the events of DOTO is a fixed point in time? (hide spoiler)]

### **Michael says**

Much like the first Dishonored book, I can't decide if this one suffers or is helped by being written by Adam Christopher. He has a style which is very action heavy and invokes memories of the video game very strongly. This seems like a good thing, but famously, video game tie-in novels and films tend to flop precisely because people try too hard to recreate the game in the fiction. Ultimately, a video game must be played, so it must be three parts action to one part plot. A book or a film, however, is a much more passive experience, so should really focus much more on plot than action. Adam Christopher seems to have forgotten this, and I feel his tactics for writing the Dishonored books is to take whatever major plot points the devs insist he must include and string them together with 50 page action scenes and not much else. On top of this, I have rated this one a bit lower than I might otherwise have done, because he has completely missed what the character of Daud is all about. He is an ingenious spy and assassin, using his wits and intelligence, backed up by raw skill and a cold heart (and magical powers) to make quick work of any situation before him. Christopher, on the other hand, has written a (poor) James Bond book, where our hero blunders into almost every fight he can like a blunt object, bashing his way out of it with all the finesse of an armoured hippo. The only chapters that stood out for me did so because they seemed to be hinting at more video game fun to come (no details because of spoilers!). Over all, I'd much rather be playing the game than reading Adam Christopher's blunt force trauma of a novel, but I am glad I know the whole story, and my love of the Dishonored series was enough to carry me through what is ultimately a very quick and easy read.

### **Rachel Freeman says**

This is a good book read it

---

### **Riley says**

Very interesting. Now I feel like I need to replay Dishonored 2 and Death of the Outsider.
