Filthy H.J. Bellus

From the USA Today and AMAZON best seller, HJ Bellus, comes a sexy romance: FILTHY.

Release Date: Aug. 8

It was just a summer fling.
He taught me his bad boy ways.
And now I'm beyond being saved.
At first it was fun, but now it's an addiction my skin craves.
All sense of reality disappears and there's no boundaries holding me in.
My name is Darby and this is FILTHY.

Lydia H says

“Running is easy, but staying and fighting for love is difficult. Choose wisely.”

OMG. I am absolutely IN LOVE with Rhett and Darby. I loved how much they loved each other! SUCH PASSION and INTENSE CHEMISTRY! Holy hotness—the pages sizzled!

“Rhett,” I whisper onto his lips. Instead of responding, he kisses me gently. “Why do you make it so easy to fall in love with you?”

Rhett and Darby go through a TON of hardships, and by a ton, I mean A TON. Their lives weren't easy, by any means, and their relationship wasn't either. They battled inner demons and outside forces that were very much against them. It was heart-wrenching at times to read, but in the end, everything was worth the pain. Have tissues ready. I promise you will need them.

Overall, I truly loved this book more than book 1, Dirty, which I devoured, by the way! Rhett and Darby were PERFECT for each other in every way possible. Their love story is HOT, raw, passionate, and heart-breaking all at once! It's quite the roller coaster, but one I highly recommend! FIVE FILTHY STARS!

“I love you, Rhett. I’ll always love you.”

REVIEWED FOR HEA BOOKSHELF.

Nikkita says

Interesting

My first mistake was reading this out of order. I was confused on some parts because of that, but you can still piece those parts together. Other than that, AMAZING story. Loved Darby and Rhett so much, their witty humor had me laughing out loud. Lots of excitement and emotions.

Friends and Enemies

Five Amazing Stars

I was just so excited to now to finally receive the second book from the most ultimately amazing series, The Reckless Series. From my amazing author and friend, H.J. Bellus. After I've now read the first and third book. I was just craving another book from this marvellous series.

When Rhett meets Darby out my night together for a drink at the club. Whilst Darby notices he is now ready to pass out. Tonight they can just relax, maybe then have a dance together. Until Oliver appears to terrify them both and ruin both their night, for a fight.

Poor Darby now is scared. Kicking Oliver is the only thing he can think of. After the attack from his he yells out a warning Ava. After Rhett finally rescues Darby and they know that Oliver is dead and gone. They can rest in peace.

I just adored this most wonderful book. Just so many adoring wonderful characters. This book blew mind. This is a Winner!!

* I recommend this book to everyone

Kat DM says

I am a fan of Heidi's writing from the get and up to this day, I just can't turn my back on her. She just knows how to grab her fans attention. Knows what her readers could possibly want. Her writing gets better and better with each book she spits out like there's no tomorrow. With Darby and Rhett's story in *FILTHY*, you'll be pushed and pulled to your limits. A lot of ups and downs that will have you frustrated at times but will make you want to keep turning page after page. Rhett and Darby's relationship may have started under circumstances I do not wish for anyone to happen but through it all, they have always been there for each other. But since they have both been unfortunate when it comes to relationships, they are diving toward a position they both aren't really sure of what's to come. Will they both be strong enough to stay together after it's all been said and done? Or will they both be better off as friends?

Love it HJ Bellus!!! I need more, please. <3

Jolene Huber says

Fashionably late

One never knows what a child goes through behind closed doors. This story is about Darby and the huge obstacles she has faced in her life. And what she has had to over come to get past it all. Meeting Rhet and trying to have a relationship when they are both broken. There are a lot of ups and downs on this book.

Books 2 Blog says

Rhett and Darby...they're filthy and I loved it! The chemistry between the two was off the charts. The

storyline sucked me in and I couldn't read it fast enough. I really like the authors writing style and sense of humor that was peppered throughout the book. Like book one, my emotions were all over the place, and I must say I liked this book more than the first! She did a really good job at showing the depth of the characters and throwing in some twists to trip me up. Can't wait for the next book!

Nicole says

***4,25* Emotional stars from me!!!**

What an emotional roller-coaster, the second book after Dirty is really heartbreaking. Darby and Rhett started something calling it at first as an open relationship based clearly on sex, lots of fit (it's filled with many hot scenes) but afterwards emotions started to grow for each other, scarred with this situation is Rhett who had his heart broken in the past so now he is afraid to let emotions in for Darby and for that reason he hides behind sex saying that he can't settle for one woman but honestly that's far from the truth because well he has already fallen for her just pretends the opposite.

Darby on the other hand has demons hunting her, nightmares every night shadow her sleep because of a dramatic and painful event that happened in the past. Emotions are clouded, she also can't accept romantic feelings and happiness to fill her life and she is very afraid to take this next step, the result of this situation is that she is drowning again and again.

Overall this story was very intense, both Rhett and Darby will overcome many obstacles to finally be together the way they deserve. Definitely recommend it and i can't wait to read Chloe's story.

♥?Melanie says

Wow...I feel so in love with this story. Rhett & Darby are perfect.

Nicla says

I can't rate this book. Parts of it I really liked and some parts I really didn't. I knew going into that it was going to have some safety triggers but I was still curious about Rhett and Darby's story after reading Scandal (the 3rd book in the series) so I decided to give it a go.

The things I liked:-

Even though the characters can be frustrating at times I got very emotional invested in them. And it was lovely to see them get a HEA.

The plot was very addictive. I found it hard to put down.

The things that bothered me:-

The relationship had too much angst for my liking.

The heroine was a runner.

Also they were just too many sex scenes. I would have liked more sweet scenes.

OW drama.

There is also quite a few safety triggers. (view spoiler)

Despite my mixed feelings about this book I am still a fan of HJ Bellus.

Dannah Leizl Alcayaga says

HJ Bellus - Filthy (The Reckless Series #2)

So this book got me feeling mixed emotions.

First, it was steamy. It started with a hot scene after a hot scene, and another one after that. Too steamy that at one point, I asked myself, is there anything else going on her aside from them banging everywhere?

“I’m no weatherman, but you can expect a few inches tonight.”

Rhett uses his thumb to brush at the corners of his lips while stepping back from me.

Then came the moment where they agreed to try it out. Without that much history narrated, no flashback except for that nightmare, I thought it seemed too good to be true. I even had to check if I was near the end because they seem to be working out well.

“I actually love watching you up there on stage.

You’re so powerful and fucking sexy.

You stare me down out of everyone in that fucking club, but yet you entertain all the ladies like your eyes are on them, when they’re not, they are on me.

You make me feel everything, Rhett, like no one has before.”

Until came the girl’s paranoia, where she gets insecure and distrustful in every turn. It made all the good reasons they pointed out at the wedding scene useless. Actually, everything became pointless because she herself said she wanted to try, and then the next minute she’s saying she can’t.

And just when she was going to really try this time, she saw the scene with the ex and decided to storm out.

What I did like with this book is the plot twist, where she found out that she’s actually adopted. Now while I love this unexpected turn of events, for some who never read the other book it may be hard to comprehend

why it was such a big thing.

There's the confrontation scene, the action scene, and the hospital scene. Now the opening of the chapter where she was dreaming of the grave got me; I really thought he died there. That was another shocking scene, not really a turn of events, but a dream of a sad ending.

Overall, this book has good point and bad points. The sex scenes were hot, but too much scenes like that is kind of a bit boring, no matter how hard the male lead character is described. It can be sort of an insta-love, because the history wasn't really fully disclosed, but I like how there were surprises dropped.

“You believed in parts of me I never did. You taught me it's impossible to unlove you. My soul is yours and now my hands will forever be yours.”

4 stars.

Cynthia Whisler says

Wow this Book was Amazing

The flip flop and twisted tale of two very hurt and broken people, Darby and Rhett. He was a manwhore who used sex as a crutch to survive and Darby used sex to fill a void and a destructive past. Both struggling to overcome somehow found a love that was unbreakable between themselves. This story was amazing and so well-written. Must Read!!

Mayas says

I can't but the correct words into this review because in the words of Rhett, "I can't unlove it". It has so many elements that made it one of HJ Bellus best book written EVER. Yes, I said it and am a fan but this book sits on the shelf with some of her other greats and is beyond a shadow of a doubt on my 2016 favorites.

Darby and Rhett, yes, double tits crossed with a cock, yes.... (channeling my inner Rhett). I laughed, cried, planned HJ slow torcher, and apologized for my evil thoughts, cried, and went momma bear... After all that I let out a sigh. I am about to take a drink to relax because this book is just that darn good.

Debbie says

I read this book through Kindle Unlimited. This is the second book of the series, Darby and Rhett's story. I liked this book better than the first book which had storyline issues and this book doesn't really resolve those.

You do need to read the first book before reading this one. This review contains spoilers.

Darby is Ava's friend and Rhett is Zane's friend from the book *Dirty*. During that book you know that Darby and Rhett are hooking up, in this one you get to experience it. We start out with Zane and Ava's wedding and Charlie their daughter is 3 months old. Darby is suffering from nightmares due to her part in the death of Oliver from book one and Rhett moves in with her. They realize they are falling for each other but both are scared as they neither one have been in a real relationship but decide to give it a try. Rhett is still stripping which is a problem for Darby, they start opening up and sharing parts of their past lives with each other.

Darby comes from a political family that abused her as a child. Rhett is scared of relationships after his highschool girlfriend left him, aborted his baby and moved out of state. On the one night a year the strip club has women strippers Darby decides to turn the table on Rhett and let him know how she feels by stripping herself. He isn't happy and they have heated words and she walks out but forgets her keys. When she goes back in she finds the local slut in Rhett's lap and assaults her and ends up in jail. After she is bailed out she realizes they need to take things slower but sees Rhett with Gia his old girlfriend together in a compromising position. She is devastated and leaves town for a few days. During this time she opens a letter that she received a while back and finds out her parents are not her real parents. She decides to take them down for all they did to her as a child and destroy her father's political ambitions. During this altercation Rhett is shot and is in critical condition. He ends up with limited use of his left arm. Darby meets her real mother and at the end of this book we are set up for the next book. The third friend from the first book Chloe is in trouble and they go to get her from an abusive husband. Looks like she will end up with Kip the bartender from the strip club.

Keatyn's Mommy says

Filthy is a good feeling!

I've got my feel good meter tapped out. I loved the first book *Dirty* and now I'm in love with *Filthy*!

Darby and Rhett couldn't be more wrong for each other but end up being so damn right!!!!

Stripper construction worker and a fashion blogger. What an unlikely pair, but do they ever have chemistry. What turned out to be some fun under the covers and well anywhere really turns into real love. One that is truly hard to find. Loved this book just a little bit more than *Dirty*!!

Chrizelda Louw says

I started this series and read all 3 books in one week. I was in tears and laughing in all of the books. The books have a great storyline that is not far fetched and realistic. The characters are living daily normal lives all of us do and that is why the books are so great. Thank you for a great series. I am just wondering about Cruz?? A book coming out for him soon?
