## Frank Bannon - The Fixer: A Western Adventure . Wayne Winkle

Frank Brannon didn't want to return to his old life as a 'fixer'. But when Wiley Kingston stole his appaloosa, shot his old dog, and tried to kill him, he soon found he didn't have a choice. After he killed Wiley, his father Ben sent men to kill Frank. They cornered him in the mountains; too bad for them.

## **From Reader Review Frank Bannon - The Fixer: A Western Adventure for online ebook**

### **Sharath K Shetty says**

This story is a total ripoff of the movie John Wick, except it is set in 19th century. An Appaloosa Mustang is stolen, instead of a Ford Mustang. Rest is pretty much the same. It is well written though.

---

### **Elizabeth West says**

#### **Frank Bannon**

A great western! Enjoyed reading the story of Frank. It's full of gun battles and the right amount of drama.

---

### **Linda L. Brand says**

#### **Lots and lots of action!**

Sometimes very sad, sometimes seeing the hero triumphant. The author kept coming up with surprises for the hero, clear up to the end. I kept hoping he would find another dog so he wouldn't be so alone. A story worth reading.

---

### **Barbara Lee Wood says**

#### **JULIA, MY STRENGTH**

Tuberculosis ran rampant in the country, both in the east and west. Doctors would tell their patients to seek a dry climate. There wasn't a cure yet, but there were physicians such as they were trying to find a cure or medicine that would slow it down.

Frank Bannon's wife eventually died from "consumption or lung disease" as it was labeled, died a year after catching it. She probably had a chest cold which went unchecked until she became weak, lost of appetite and just a malaise feeling.

Lots of action both mental and physically. Back shooters, bullies, fraud and whatever else went on. "The Fixer," was retired but came back with a passion to save himself and the life he and his wife Julia had attained, before her untimely death.

This is another man hunter to ride the river with

if you want. He's honest and dangerous, and he gives you your monies worth and more.

.....Wonder when and what, where his next adventure will take him and his beautiful steadfast Appaloosa go. Oh yes, I wonder why the Doctor wanted to buy his ranch...strange.

## **Linda says**

### **Excellent read**

This is an excellent read that mr. Winkle has written. Keeps you guessing through the story. Would highly recommend this book to anyone that enjoys a great western.

---

## **Charles Castell says**

**Frank Bannon is truly a man's man and he doesn't take Jack from anyone. A well written novel by an exceptional author. I was impressed from beginning to end. There were no bad stories throughout the entire book and I enjoyed each and every episode. Very detailed story.**

Five stars! Yes! This is one of the most impressive stories I have had the opportunity to read and I am looking forward to another Frank Bannon episode already.

One of the best selections of storylines and characterizations I have had the opportunity to follow. I do not believe the Joe Pickett series can top this one. That, in itself, says a lot about this novel. I was practically mesmerized while following Mr. Bannon's dramatic episodes throughout the entire book.

There is enough mystery inserted to whet my interest throughout the story, as well. Too, the climax is somewhat outstanding, and that should increase your interest enough to read this outstanding masterpiece!

Most definitely recommend this book, as Mr. C. Wayne Winkle outdid himself with this story. I cannot state enough accolades about this particular story, but if anyone fails to read this book the loss is theirs!

## **Masina Lane says**

### **Fixing Again**

A man known as a Fixer has quit his past occupation but when he is pushed too far, he shows that he still has the skills to defend himself and his property. I thoroughly enjoyed reading it and highly recommend this author.

---

## **Ed Lake says**

### **Great read**

It isn't often that a book holds my attention like this one did. I read it cover to cover in one sitting.

---

**Kendra Parker says****The fixer**

Good read. I liked this book because they used words that they would say back in the older days and the fighting wasn't far fetched like some westerns.

---

**Leonard Temoney says****Heck of a man**

My first Winkle read...was not disappointed...thoroughly engaged and entertained...Will both recommend and read again. I love it when good triumphs over evil.

---

**Casey says****More than I expected**

Even though I'm a sucker for a reformed bad man I didn't expect this book to be as good as it is.

---

**Susan says**

This was a good book. I'll read another by him.
