Goddess Beast Mate

Milana Jacks

Goddess Beast Mate Milana Jacks
YOUR BODY IS MY SHRINE.

Convinced no beast will buy Shanice, because of her plus size, the community leader is marrying her off to her cousin. One minute she dreads saying *yes*, the next she screams *no*, as Hunters of Mayhem swarm the sanctuary. When one of the beasts claims her as his pair, she doesn't believe him. Many have refused to pair with her, and this beast is playing her.

Earth-born of a human mother and an alien father, Medrix assists Mayhem's hunters in their transition from tribal life on Tineya to modern life on Earth. In order to understand his charges, he accompanies Mayhem on a raid, where he recognizes his mate. She is dressed in white, and it's her wedding day. Perfect. But when she refuses to believe she'll be marrying only him, Medrix is all too happy to prove her wrong.

****Short Story. No cliffhanger. Written for readers of Beast Mates series as they await the next release.*

This is the second title in the *Beast Mates* series that I have read so far, both of which were short stories. This one continued many of the same themes, but seemed to add more players into the mix with reference to other individuals, groups and aliens. The end result wasn't so bad for the girl this time, since the alternative seemed like it would have been much worse. It was nice to see Shanice end up with a husband who will love and appreciate her, even if he is a beast. Medrix did have to fight many of his beast inclinations, but being raised by an Earth mother at least gives him some idea of how to act to win Shanice's acceptance and trust.

I received a free eBook copy of this title from the author for joining her email newsletter.

While at her dreaded wedding to her cousin, Shanice and her community are attacked by the Beasts. Amidst the Beasts is her unknown mate Medrix. Of course insta Love happens for half human half beast Medrix and he must have Shanice. This quick read was interesting and steamy enough to have me going looking for others in the series. I rate this book 5 hearts.

Jennifer Holzapfel says

A mashup of post apocalyptic cities raided by beast men. Human women who are taught how to please a beast master. Women are sold like cattle and degraded. It is a very short story, but not that enjoyable and is NSFW.

Mary L Calhoun says

New fan! I chose this book because of the cover (BBW and a woman of color). It's the first book of this type I've ever read, and I enjoyed every minute of it. It was entertaining, perfectly paced, funny, and the characters were understandable--considering this was a super quick read.

More please...

Nikki "The Crazie Betty" V. says

These *beasty bites* are so much fun! This story definitely started right into the violence that is associated with these stories. But, after the initial *Mayhem* (you'll get it if you read the story), the story is more of sexy times and introduction to a new "group" of the beasts, that weren't really previously mentioned too much, than it is really a super deep character driven book. I've actually really liked going back and forth between a full novella/novel, and then a shorter story that fills in some time and introductions between the main stories.

All I can say is, still hooked ?

I received a copy of this from the author in exchange for an honest review.

Charlotte Hodrick says

wonderful story for the series

Leigh says

Super short scene and I liked it. There was an unhappy girl getting married, death of no good community leaders, and a beast finding his mate. I also really enjoyed seeing Mayhem in control and I can honestly say I can't wait to read his book. I will totally admit I love the untamed ones and he also wears a kilt.

Rebecca Stigers says

This was a short novella about a BBW and the Beast who finds his mate during a hunting raid. Shanice was marrying her cousin since no beast would choose her...in busts the beasts on a raid...Medrix see's her and that's all he wants. Short and sweet.

Claypot_Reads - Michelle says

This one was super short but still great. The unwanted BIG girl finds her beast mate and he's not waiting a moment for what's his ?

Love the series

I love this series. But this is really a fast read. I wanted more to the story than what was given. It was good.

Joann says**Loved Goddess Beast Mate!**

This book was absolutely fantastic but it was just too short!

I think it should've been longer because I didn't want to leave this story.

But yes I do recommend this book to anyone who's looking for a awesome short story to climb into and get lost within its pages.

Book Snob Sue says

The crack addiction continues. Safe reads, mates, or alphas, funny as hell and delicious heat....that wraps it up.

Debbie Loveridge says**Another teasing taster**

I'm loving Milana's style reading this series. Characters are diverse and relatable. The women are anything but meek and weak, they're a match for their beasts. I'd recommend.

Natalie says**Goddess Beast Mate**

I'm glad she found her mate before her cousin could get his hands on her. Her sister sure was eager to turn herself over to the beasts. Loved this little short story.
