And I'm not about to have my control taken away from me.  
She either bends to my will, or I'm walking.

Grayson Carter is everything I ever dreamed of and more.  
He's built like a rock and knows how to satisfy my every need.  
But the last thing I want is to have another failed relationship.

So why is it that Grayson Carter is the only man who has ever made me beg for more.

# From Reader Review Grayson for online ebook

## Alaina says

Okay, even though this is free on Kindle I did participate in a Buddy Read as well as a Read it and Reap for this book. Now that I got that out of the way.. time to dive into this amazing book.

### HOLY HELL PEOPLE!

This series just keeps getting hotter and hotter. Swoonworthy guys to drool over. Smut for days. Romances to fall for. Ships to cheer for. SO MUCH LOVE.

Okay, so *Grayson* is the second book in the *Hellbound Lovers* series. I am so in love with Grayson because him and Rahyne got together. Okay, so Rahyne is Scarlett's best friend who was briefly mentioned throughout the first book. Same for Grayson. Of course I wanted these two besties to get together because what fun would that be!

UGH - SMUT FOR DAYS PEOPLE! Right from the beginning it drags you in. Sort of reminds you have friends with benefits - and boy are those some freaking benefits! Then of course you end up cheering for them and knowing that they are actually falling for each other and it's not just sex no matter what anyone thinks.

Then of course there are some sleeze balls and some danger throughout this book. I was happy to see Scarlett and Wolf make appearances in this book. As well as a new shiny couple that I'm hoping to fall in love with: Riggs and Luna. But back to Gray and Rahyne - god, I loved this couple. Their chemistry was definitely more off the charts than Scarlett and Wolf's.

These boys are making me so happy and I can't wait to read Riggs book. I love the happy endings and all of the smuttiness. I need more. I wish these books were longer!!

Loved this book..Grayson and Rahyne what can I say the chemistry between them was awesome. I cant wait for the rest of this series. Normally MC books are not my thing but it's open my eyes to how great MC books can be. I'm hooked.

## Sivutha says

Four exciting stars

Grayson is the VPand he is rough, dirty talking and total Neanderthal. He is sweet and is falling for Rahyne big time.

It helps having a best friend who is married to the President of the MC club.

Rahyne is keeping the VP at arms length and is forcing Grayson to play that cat and mouse game. Game on sweetheart!!

Keep an eye out for this new author.

ARC/R2R received for my honest review.

### **Jenny H says**

What a great read - I loved Grayson and Rahyne's story. The chemistry and interaction between Gray and Rahyne was great - I enjoyed the secrecy and hesitation they had towards their relationship. Hot sex scenes and the emotional connection made it a great read. The plot was great - I enjoyed that the other characters were present as was an over arching story line. This can be read as a standalone, but better as part of the series. I can't wait for the next book. I was gifted a copy for an honest review - and I highly recommend this book/series - if you enjoy hot alpha men and the women they fall for, MC reads, or just great writing - then this is a book you'll want to read.

### **Janja says**

-2,5-

A bit more story as in Wolf but still not enough for me !

### **Angie McGuire says**

I really liked this book. Short and sweet.. To the point and showed raw emotion and eager willingness to fight for the ones you love. Grayson and Rahyne started off as each other's dirty little secrets, but it really was a lot more than that. But can they both get over the obstacles standing in front of them from being together?

I loved that we get to see all of the characters from there first book. Such a great group of people. I loved this book, knew what to expect from the writing, and was ready for it. I voluntarily reviewed this book given to me by the author. I definitely recommend this to everyone.

Crimson Syn's novella "Grayson" (Hell Lover's MC Series) is a real five alarm, panty melting inferno! The story starts off with a... ahem (let's just say you need to read it to find out) and never lets up! Raw, gritty, dirty, nasty (do I need to use more adjectives!?) this MC romance has a real feel (no wimpy MC dudes allowed!). Well written, I found the story line riveting, fast paced and very intense. Grayson is swoon worthy (does anyone even say that anymore?) but unfortunately, I found Rahyne so abrasive ... she actually gave me

whiplash (ouch!). I considered deducting a star because of her character but this is an MC romance and Ole Ladies are allowed...

If you like your heroes hot, books short and raw, gritty, dirty, nasty... well, you know... simply one click now!

RATING DETAILS (based on a 5-star rating system):

STEAM FACTOR: 5 STARS

WRITING STYLE: 5 STARS

PLOT: 5 STARS (Based on 104 pages)

ENGAGING CHARACTERS: 5 STARS (Yeah, even whiplash Rahyne)

SATISFYING CONCLUSION: 5 STARS

I Voluntarily reviewed a copy of this book

I loved this book... This was book 2 in this series. Grayson is freaking hot and sexy and so alpha.

What started out as two people just in it for fun and having sex with no strings, turned out to be something so much more.

The Club is having problems with a rival club, so things are not so good at the moment. One mad man intent on wanting something he can't have.

And now Grayson is developing feelings for Rahyne something he didn't expect and even though she didn't want to admit it Rahyne is having the same feelings.

Lots of drama, hot dirty sex and suspense that will have you hooked from the start

## **Denna👉 says**

Loved it! The author is definitely rocking these MC bookS and I'm loving it. This one was about Grayson (who we met in book 1) and Rahyne (who we also met in book 1). Now like the first one this has some pushing but instead of the hero doing the pushing it's the h. I really liked Grayson and I really felt like he loved Rahyne. They had hot sex but that is all she wanted. It doesn't take long for her to come to her senses and go get her man! This is one is completely safe also and hot hot hot!!! Small epilogue at the end. Btw I can't wait for Riggs book :)

Safety Note: this one is safe but there in a scene where a stripper straddle's the hero's lap and puts her boobs in his face. Now I was a little disappointed he didn't push her off but really he was only trying to make the h jealous so that she would finally act on her true feelings. Also he never touched the girl. That is it he is 100% faithful

### **Janice Somers says**

Another great MC story. Hot, sexy, panty ripping, dirty, nasty, lustful and a lot of angst and twists. Grayson and Rahyne are sneaking around for months. Now Grayson wants more and Rahyne wants to continue sneaking but, it's over when Grayson tries to control her. Until ..... the rivals appear. Great story love the angst between these two and the sex is mindblowing, nasty and very dirty.

### **Tre Talbot says**

I was hooked on the men in the Hell's Lovers when I was introduced to Wolf and now hearing Grayson's story I'm swooning for this man. Rahyne doesn't want to be hurt again and is keeping things strictly physical, the attraction between these two is off the charts. Gray is looking for more then just a few moments here and there and is determined to have Rahyne give into his wants. The Los Perdidos are still determined to start a battle more then before and you will not believe what they're up to now. I said it once and I'll say it again, I'M LOVING THIS SERIES. The way the story is told keeps you on the edge wanting to know what was going to happen next. We even get a sneak peak into Riggs story in book 3 and I got one cannot wait to see what he's all about. I highly recommend you read this series it's getting better and better. This is my unbiased and voluntary review.

### **Beth says**

Okay ... golly gee? What is a girl to do? (out August 2017, Beth is super excited bout that date, thank you!!) I am so ready for book 3 Riggs (Luna).

I wish I could narrow it down to why and how I found Crimson's books? But I don't recall .. but heck I am so glad I did!! If you have not started this series please do. I wish I could tell you what I love most, but this is a biker, bar related book, where there is rough language, biker dudes interacting, cutting it up, acting like silly men, cops and bad dudes, just all that fun in one little book, you will love to read!!!

I don't know whether I love Wolf or Grayson better? I've never heard the name Rahyne before ... but curious where it did come from? I love it when author make up for dream up new names I have never read or heard of before!! If you are the type of person who likes when an author jumps into a story quick, no beating around the bush, making ya wait for is sort of romance, love, sex, wow wee hottness ... then jump into Crimson's style of writing. Bits of humor throughout, rough wild rides, rough language (which I do believe is come to be in most of Crimson's books? I could be wrong, What I mean is it is so surprise, so don't get your panties in a bunch. So please Don't leave a negative review 'cause you know it is there, it part of this genre or style.)

One quote that made me howl out with laughter " We carry a pretty good variety of drinks, but most of our customers like the 4 horsemen" "Jim, Jack, Johnnie, & Jose" ... I don't drink much, but on a special occasion or my bday or if I find a good bartender friend who will make me something special ... have I been under a rock? ... have they always been called the 4 horsemen? If so I guess I need to get out from under that rock

asap!! LOL!

I appreciate the beginning of the book, where Crimson does give ya some words or tips of what you should know before you jump into the book, love it when an author does that, SMART idea! Must read, check it out!! LOVED IT. such a fan!!

### **Natalie The Biblioholic says**

WOWSA!! Grayson and Rahyne's story was really short but really hot. The author did a fine job of mixing smut and plot. Who could ask for more? I was already fascinated with Grayson's happy ending when I met him in Wolf and I'm pretty satisfied with the way it was accomplished. The Hell's Lovers are at war with the Moreno brothers and I can't wait to see how the story arc will play out when we get Rigg's story in August!

### **Jess says**

Okay, so here's the thing. It's a bit of a secret. But I'm going to tell you anyway. I LOVE everything MC. Love it. So much. Something about the guy. Don't give and EFF attitude, total bad ass, rides a bike, kinda dirty and rugged, hot as hell-just does something for me!

Vice president Grayson is ALLL that! He's rough around the edges, yes, but he also has a great head on his shoulders. He's a total Neanderthal at times, but has a real sweet side which helped rounds off the mean vibe he gives off. His love interest, Rahyne, is very comfortable in the MC world. It helps having a best friend who is married to the President of the MC club. Rahyne in complete denial of her feelings for the VP and continues to keep him at arms length, forcing Grayson to lay down all of his cards, which is not something he is used to doing.

Having recently been introduced to SYN as an author, I've honestly been pleasantly surprised but this indie chick. I had fun with the first instalment in the HELLS LOVERS MC. And now, GRAYSON has his story and I have to admit, Syn has another great book on her hands. Arguably better than Wolf, the fist book in the series, I feel Grayson, book two, is better constructed and has a really enticing story line. I like that even though all of the books in the series can be read as a standalone, you can read them all in order as well, because there is also an exciting back story going on and it is linked throughout the series.

It's all fun and games when you're falling in love, but when shit hits the fan and you've got the rival Los Persidos MC gang on your back, let's just say, it's not very productive!

Anyway, solid 4, really enjoyed this read. Grayson and Rahyne had great chemistry and I love that the series is going to continue. Keep writing!

## **Aisling Zena says**

### **3.5 stars**

When you feel like reading a smutty book and you open said book and there's hot action from the get go, there's nothing better. If I feel like a smutty book and I open it up only to read like 40% of background story before I get to the juicy bits, it's quite a let down.

Yes! Absolutely! Hooray for smut!

This book delivers smut from the get go. Opening up with some hot sex between Grayson and Rahyne, the book basically picks up from exactly where the last one ended in terms of events. They are heating up the sheets or I should say storage rooms and bathrooms for six months. Rahyne keeps fighting against Graysons pull and insisting that she wants to be an independent lady. Grayson on the other hand knows he wants more from her.

Hell's Lovers have to deal with Los Perdidos making trouble for them and cashing in favours to keep the girls safe. But this is mainly a smutty romance book and we follow these two trying to make things work between them. Don't come here expecting deep and realistic MC gang wars.

As the authors second book it's improved from the first one. Crimson Syn is definitely growing as an author. If you're looking for a quick dose of extra Alpha possessive, MC smutty hotness, give it a try.
