# Her Secret Weapon

*Beverly Barton*

**Her Secret Weapon** Beverly Barton

**THE AGENT:** Burke Lonigan, weapons expert and world-class charmer

**THE MISSION:** To destroy a dangerous traitor, while defending his woman and child!

Facing off with a deadly menace was easy for Burke Lonigan—until a beguiling beauty stepped in danger's path. The only way Burke could protect Callie Severin was to make her his wife. Then Burke discovered his new bride was the beautiful stranger he had taken to his bed one passionate night long ago—and the mother of the child he'd never known! Now Burke was determined to defend his family—and damn the consequences to his heart!

*a year of loving dangerously*

**Where passion rules and nothing is what it seems....**

## Christa says

If you enjoy a good, short romance with a bit of intrigue, Her Secret Weapon should interest you. It is a fast-paced story with likeable characters.

Two years after spending one glorious night with Burke Lonigan, Callie Severin knows she has to decide if she will let him know he is a father and include him in their son's life. Burke was inebriated during their time together, and he doesn't recognize his new personal assistant as the woman with whom he spent a night. After hearing rumors that Burke's import business is a cover for illegal arms dealing, Callie is very hesitant to reveal their connection. The choice is taken from her when she accidentally intrudes as he is making an arms deal with a very dangerous man. Callie's life and that of her son are threatened, so in order to protect her, Burke announces that she is his fiancée. To keep her safe, Burke marries Callie within a few days, and whisks her away for a weekend honeymoon that unexpectedly turns very passionate. Upon returning home, Burke meets Callie's son, and is shocked to discover the resemblance that establishes the boy as his child. Burke is hurt and angry with Callie for not coming to him sooner, and he is also confused as to why he has many memories of the night two years ago, but can't remember her face. Callie knows that she can never trust herself and her son to an unscrupulous arms dealer, but she has strong feelings for Burke. Burke and Callie must learn to trust and rely on one another and to admit to the love that is between them.

I enjoyed this book, and thought it was well worth the time spent reading. The suspense played a small part in the story, as the villain was a very minor character who only really troubled the hero and heroine in a small portion of the story. The main part of the intrigue was in Callie learning that Burke was more than what he seemed. Most of the book focused on the relationship between the hero and heroine. The only problem I really had with this book was the prologue where Burke and Callie met and spent the night together. I have a hard time understanding how Callie could have found a man who was so inebriated that he could hardly walk to be so appealing. Oh well, I understand that there had to be some underlying reason that he wouldn't remember what Callie looked like, so I accepted this and enjoyed the rest of the story.

**Cheri says**

I actually thought this book might be a little cheesy because it's almost 20yrs old. I found myself getting into the characters and enjoying :)
