## **Mated: Their Vampire Princess** Harlow Thomas , Anastasia James

My destiny was written long ago, and now I'm about to see it come to pass. As the vampire princess of the Night Court, I've broken every rule by falling in love with my four consorts and choosing them all. Soon, we will be mated, the prophecy will be fulfilled, and everything will change. But some amongst the court fight against me and our lives are threatened. We will break the curse as long as we can stay alive.
