My Miami Rude Boy: Dolla and Dream Traci B

If you live in Miami, then you know about The Money Team. In case you need a reminder, they are four Jamaican brothers who inherit their billion-dollar empire from their father, Kymani Whyte, a former legendary drug kingpin. Their last name alone ring bells throughout the city. 'Whyte' holds so much rank and weight that it is almost a death sentence to have any beef with the Whyte Brothers. These brothers keep their circle tight and make sure not to let any snakes in. Females consider it a blessing to be affiliated with either Staxx, Rich, Paper or Dolla Whyte even if it is only for a night.

Dolla Whyte, the youngest and deemed most ruthless of the four, is considered the most attractive. From the start, he warns women that there are two things he can't give them - money and a relationship. All of that changes during a morning routine trip to Starbucks.

Dream Washington's name can be found under the definition of a "go-getta". Since a pre-teen, she saved every child support check from her father so that she can attend her dream college, University of Miami, thirteen hours away from home. Now a junior in college, Dream is focusing more on obtaining her degree to live the life she wasn't given a chance to due to her parents' negligence. She also happens to be the new barista at Starbucks.

When Dolla ends up in her line, their interaction doesn't go too well. Unbeknownst to her, Dolla is just naturally a "rude bwoy". That very well may be the reason Dream finds herself attracted to him.

All of a sudden, Dolla finds himself breaking his own rules. Whenever Dream has a problem, Dolla runs to her rescue. Dolla doesn't know how to describe his feelings for Dream, but he dares not use the L-word. To him, love is only an emotion to describe the way he feels about his family, not a woman.

Staxx is the oldest and runs the empire. There is nothing he loves more than his daughter and youngest brother. As with every man with wealth and power, women are his weakness. Self-control is something that he lacks. Staxx has been married for almost fifteen years to his daughter's mother, but he hasn't been faithful for over a decade. His infidelities catch up to him in a way that he never expects.

Meet Shonda, the loyal, loving wife of Staxx. She has rightfully earned the huge rock on her finger after holding Staxx down since they were seventeen. Shonda hardly ever asks Staxx for anything throughout their marriage, but she wants another baby. Staxx, being heavy in the streets and sheets, doesn't want another kid. The pressure from Shonda causes their marriage to crumble.

Each brother has woman problems, which can easily be solved if the brothers weren't so set in their ways. Running an empire is already hard, try adding needy women and greedy men to the equation. One thing is for sure, drama is bad for business. Will these Miami boys be able to protect their empire and give their hearts to the women that love them? Or will the brothers fold under pressure?

What

Omg no that dirty piece of crap Raymond didn't dolla is about to be on a war path and staxx is about to start spazzing out real quick

Aciandra Ivey says

A good storyline!!!

This was a good storyline! The ending had me like WTF!! It's so much going on!!! I need parts 2 ASAP!!!

Ella Shannon says

Naive

Naive, is an understatement when referring to Dream. Dolla approaching her is the last thing she needs but the best she could ever ask for. Raymond is such a loser and I can't wait for his demise. Poor Zoe, is she really about to pay for her dad's mistakes. Very very good read.

My Miami rude boy

This book was a good read. I like Dolla and Dream relationship. Stanxx don't realize he is about to lose a good girl. I can't for part 2 because I know the Whyte brother are about to go crazy.

Dolla and Dream

Makita Wilcox says

This was a good story, but I would have given it more stars but Dream was an airhead to me.

Taz Will says

Okay read not much of a relationship going on with Dream and Dolla, they acted more like friends then they did anything else. I thought they would have or at least work on a relationship but that didn't happen, he talked a ton of nonsense but didn't really seem like he wanted too much from her. She seemed to go along with whatever he wanted.

Shonda I was over her from introduction, she was way too gullible and talked like she was fed up but just kept running back. Hopefully she's learned her lesson but I doubt it the way she let Michael go out. I hope the ending is just a front because Zoe deserved better but I can see Dream going out because I was really just over her and the back and forth with Dolla. They should've had her under protection better than they did. I want to see Kymani and see what the guys are really made of in the next one.

Please read

Please read this book. I was hooked from the very first page. There is so much going on with these brothers. There was never a dull moment with them. I really liked Dolla with Dream. With the way that things ended, all heck is going to break loose in part 2, and I will be sitting here waiting for it. Kudos to the author for this well written story. I highly recommend it.

Kristie Kilson says

Awesome read!!

I haven't read a book by this author but wow this was good!!!! I can't wait to read book 2!!!!

Karen Smith says

On read

I will say this an ok read. I thought it was going to be a great storyline but it sucks. The fact that Dolla went after Dream was one thing but they never dated. The way it's written makes the women in this book look stupid. Well everyone except for Zoe.

Q Owens says

One of the best books I've ever read..

Secret Gaines says

Ninjas

I don't know who to be mad at first. Raymond or Lisa? All of a sudden he wants her cause someone else is interested? Lisa i hope she knows that Staxx ain't going to be with her. She'll either be a single mom or a dead women.....

Good Stuff!

First let me say that the writer gives quite a compelling story from the first chapter to its last. Now I have to say that Dolla and Dream read like your new young typical couple in that the both of them can be annoying at times and then you read the next chapter or scene and you are in love with them again. I have been trying to wrap my head around Staxx and Shonda I've come to the conclusion that he wants his cake and pie. I think I'm going to really like this couple because so far they are exhibiting what real couple experience and go through. Now to the author we are talking about four tight knit brothers in the game, I need more on the other two brothers and not as if they are after thoughts. Overall this was a good story and entertaining as well.

Ladii Zig says

Oh how I can't wait for part 2, I just know Raymond is going to get it. I hope Zoe and Dream are okay. Staxx just make me sick I can't stand him. I'm loving how Dolla is trying to change for the better. I'm glad Dream beat Lisa ass though. Great read!!!
