The Darkest Legacy

Jennifer Lynn Catz

The Darkest Legacy Jennifer Lynn Catz

Trapped in Fanny's house, with its mystifying occurrences and hidden rooms, Cara Corsi discovers a secret world that she never knew existed. And it's far more dangerous than she could ever imagine.

As she is pulled into the unknown world of magic, secrets are exposed and new mysteries are thrown at her. Cara has many choices to make and she needs to dig deep to find the strength to face her fears. Will she be strong enough to overcome the magical challenges? Or will her smart aleck ways push her deeper into trouble and prevent her from finding her family?

From Reader Review The Darkest Legacy for online ebook

Tammie Smith says

I read this book with out reading the first. It does reference something that happened in the first book. I would recommending reading these in order. It was an entertaining fast read. I sat down to read a little bit and then I noticed I finished half of it.

I din't fall in love with he main character Cara. There were a few things that it would have seem she would have put together and yet when her Fanny told her she was completely shocked.

I won this on Goodreads.

Colleen Davis says

Well, I couldn't wait to pick up this book. The cliff hanger from Betrayal had me racing for this one and it didn't disappoint. Well, except for the fact that there's another cliff hanger and I have to wait for the next book!!! There's a great plot twist in the later part of the book and as I wrote in the review of Betrayal, I just like the way Jennifer Catz writes and tells a story. Both of these books are the kind where you hope you have no interruptions and can just read read read. I look forward to what's next!

Cat's Review says

Betrayed (book 2) picks up immediately where Betrayal (book 1) ends.

Cara was faced with a monstrous creature that turned out to be Fanny and I wanted to know what Fanny was! I really enjoyed the uniqueness of her transformation and the description of her ghastly form, hair-raising head and the colorful, yet bloated face was great.

Cara needed to get on board with Fanny's craziness or risk an unwelcome punishment. Once she did, she would be faced with a new world she never knew existed.

I must say that Cara was very bratty but she eventually mellowed out and loved reading the interactions between Cara and Fanny. When the magic kicked in, the story took a new turn and I couldn't stop reading the book. I loved the Fairlights, lessons and learning about the crystals. Cara found out several hidden secrets that pertained directly to her and some information was answered from Betrayal. My favorite scenes were definitely in Fanny's house. I wished that more time could have been spent there - it seemed as though Cara could have learned more, if they didn't have to leave so soon.

I loved the description of Olwan's house and could picture the drive down there, the animals on top of the fence and the black panther lurking around.

I wasn't prepared for the ending and was shocked at the author's decision. I definitely would have gone another way but putting the situation aside, the writing was fantastic

Betrayed it was a great sequel to Betrayal and I look forward to reading book 3 in the series!

I give Betrayed 5 stars.

Breanna says

Such an amazing book!! The second you start reading you just feel like your a part of the story and as you get to know the characters in the first book when you read the second your mind flashes back to when something happen and you see how it all leads up to the amazing ending.
