The Ruthless (Hell's Disciples MC #7) Jaci J.

Brutal. Heartless. Ruthless.

Kingston “King” Toretto breaks everything he touches. Ruining lives and crushing souls, he’s ruthless to his core and heartless. With a body made for fighting and fucking, he’s trouble, bad for your health, and he’s been bad for mine for years. Cold, detached ocean blue eyes and broken past, he’s everything I didn’t need, but everything I wanted—if only he’d stay.

Complicated. Sassy. The Princess.

Samantha has always been my problem, my goddamn addiction. The body of an angel with the eyes of the devil, she’s got me wrapped around her manicured finger. A tight fucking hold on me. There’s nothing I wouldn’t do for her, aside from staying. Leaving is what I do, but I just didn’t realize leaving her this time around would be so fucking hard. Leaving her for the last time may just kill me.

OMG! This is a one click MUST!

Oh King and them ocean blue eyes... And Sammy the Princess, I'm so in love with this book I want to read it again and again and again! From the beginning I was sucked in and flipped up down and all around. If you love a book full of angst like this girl right here then this is for you... And don't the ending is... Well I'll let you decide what you think of the ending ? Jaci J you really really out did yourself this time, thank you for writing these amazing books! ??

Loved it,

King and Samantha such a great couple their story wasn't easy but so beautifully well written. I loved the banter, connection and the constant battle with this unique and genuine couple. I started and couldn't put this book down, I wanted to hate King but it was just so lovable and his alpha dominance stole my heart, even when he was denying the obvious I loved him.

Sam and King

Sam has been going round in circles for the last 10 years. When she was you she hooked up with King and lost her virginity. Every time he's in town they hook up. She gets a stalker and her dad phones the best tracker King to sort out her problem. The only problem is her walls start coming down and love hits her. He leaves again only this time leaves her with a little something.

Anne Milne says

King and Samantha's story was fabulous it was full of drama and angst.

King is a man with no time for entanglements he lives his life on the road from one job to the next. The only constant in his life is Sam aka Princess but even then it's on his terms.

I really enjoyed the dynamics of the story, we see the club members but they take a back seat to the unfolding relationship. We get inside King's head and his struggle to accept his feelings.

Bring on more because I love those guys.

Carissa Beckler says**Another knock out story**

Well she did it again with this story! I got it the minute it b went live, and couldn't stop reading until I finished it. Live how you still hear from the guys you have grown to love. King is definitely an alpha male If I ever seen one, with a fucked up out look of life. But of course we grow to love him! Bish will always be my man, as King is Jaci's, but I can appreciate him! Can't wait from more from the amazing Hell's Diciples MCm

If you enjoy a sexy, bada\$\$ biker romance with enough angst to keep you guessing, then this is so worth your time!

I just found Jaci J and the Devil's Disciples about a week ago and have devoured the entire series and am now jonesing for the next....really good...really addicting!

My advice, start at the beginning of the series so you get the full effect, I seriously have lol'd at times and cried ugly girl style at others at some of these stories, in fact in about every book....which is rare and I feel really worth your time, I hope you enjoy it as much as I did!

Judy says**4.5 Stars**

Another great book in this series. I love this series and the author's writing. This book, as well as others in the series, have triggers that all readers might not like. There is cheating but there's a HEA. It's about a relationship that spans 11 years with an H who refuses to commit. He's a Nomad for the club so he's not there all of the time. I'm looking forward to the next book in the series.

Debbie Thomson says

I absolutely loved loved this book....King was amazing and I loved how tough Sam was, there was a bit of everything, drama, angst, love...you name it, it had it. Would have liked to see the stalker story developed more but it wasn't a major thing forme.

Tracy Hunt says

Loved these characters!

The flow of this book did it for me. Even though there were big gaps of time it didn't upset the story for me. The drama that tends to drag on in a lot of MC books wasn't an issue, it was the right amount for the characters personalities. I've read several of Jaci J 's books before this one but I can honestly state for the record I am now a loyal Jaci J reader and fan.

He strung her along for years. It's sad she sort did the same to another. Don't be with someone else if your heart is with another.

Carla says

Fantastic

Absolutely loved this book, really wasn't sure about king when I read about him in the first book but I absolutely loved him. Really liked that Sam gave as good as she got too. Great read

Cynthia Haflich-raber says

I love King! But can I say I loved the Princess even more??? I love a female character who is strong, independent and honest. Princess was all that and more. She made King feel things he couldn't handle but told it like it was anyway. Loved it! King was pure alpha all the way...he was protective and sexy. He gave his all....his way. I didn't put it down until I finished it. Cant wait for Tag!

Kathy DeVarie says
