## **Too Grand for Words** Natasza Waters

Steven Porter's successes are as rugged and powerful as he is. He owns Hollywood, but no woman has ever owned him. During a business trip to Las Vegas, he becomes lost in Moira's siren eyes.

Moira Viterro is a matriarch of the sea. Working with ship captains and gnarly mariners, she won't let any man command her. But she can't control the forces that keep her a recluse.

It's going to take Steven an ocean full of seduction to lure Poseidon's daughter. When synchronicity and irony join hands to box him into a corner, Steven has to hide his identity from Moira. When he finds out Moira's coveting her own secret, Steven's faced with a decision that endangers his life, not just his heart.

## **From Reader Review Too Grand for Words for online ebook**

### **Duchess Nicole says**

Moirra Viterro is down on her luck and down on herself. A forty-something divorcee, Moira has no hope of having anyone special in her life. Her career working with rough and gnarly seafaring men has kept her from practicing her feminine charms on the opposite sex. While on a getaway to Vegas, she meets Steven Porter, the billionaire playboy who took over Hollywood...

### **Tonya says**

If you like hunky, rich heroes who don't flaunt their wealth in your face, then you will love Steven Porter. Moira is a kick ass Canadian Coast Guard chick, who doesn't take any crap, but she does have issues with not believing she is worthy of someone like Steven. She doesn't see herself as a woman, when she works in a male dominated field. Sometimes I wanted to smack her, and tell her she's wrong, she is worthy :)

This book is a page turner, from beginning to end. There is also a nice little suspenseful twist that you don't expect! Ms. Waters does a remarkable job being that this is her debut novel. If you can make me not want to put the book down, and this is your first book, then you deserve 5 stars in my opinion!!! I can't wait to read Ms. Waters next book!!!

This book is hot and steamy, just FYI!

---

### **Julie Dalglish says**

wow Natasza is a talented lady. A total page turner, you are constantly wanting know what's next, what's the secret brilliant

---

### **Julie C says**

Wow! What took me so long to get my hands on this amazing love story!?! I finished in record time and loved every minute of it! The characters were great as was the story line! You would never know this is a debut work by Natasza Waters! What a fun and amazing ride! Thanks for a great little 'steamy' nugget this was! Can't wait for more!!

---

## **Angela says**

I fell in love with Natasza Waters writing when i read Code Name Ghost and i had high hopes for this one and i wasn't disappointed i totally loved it! It had it all romance and action with some amazing characters its a must read!

---

## **Brenda Dyer says**

There were many things I adored about this book. The first being the strong characters. The second was the author's ability to paint pictures with her words.

I've never been to Las Vegas, but after reading Too Grand for Words, I feel as if I have. While reading I could hear the bleeps and dings of the machines, hear the people talking in the background, smell the scents in the air, saw the lights, the sights--I saw Vegas in my mind through the author's wonderful descriptions. She transported me from my living room to a place I've never been, and that is the sign of a brilliant author. I've greedily devoured all of Natasza Water's books, and will grab her next release the second it becomes available.

## **Natasza Waters says**

Okay...is it wrong to rate my own book! I guess I will until you do. So, I'm standing by for your reviews. Until then, my cheeks remain rosy. Too Grand For Words is my first novel, and of course a little pride and joy goes along with that. It's an "average girl meets extraordinary, but somewhat caustic billionaire who shouldn't look twice at her," novel. Las Vegas is all about wishes. Most of the time its about jackpots. In my novel its about hiding secrets, forgiveness and taking a leap of faith. There's nothing like drama, near death experiences, fab friends and casino magnates to get you flipping pages.

Hope you enjoy my novel if you come across it.

Love, hope, and faith.

Natasza Waters

## **Crystal says**

This book is Great! In some ways it reminds me of when I met my husband. Moira Viterra & Steven Porter meet over a casino table. Their eyes keep meeting and sparks start flying very quickly. They finally leave the table & start to get to know each other. Poor Moira has horrible luck. Lots of things go wrong in this girl's life. But she is strong and pulls through. Moira & Steven become inseparable during Moira's vacation. Steven thinks they have a chance at forever, Moira thinks they are from two different worlds & just have a fling for now. Can this romance that has lots of sizzle & steam turn into a Happily Ever After?

Too Grand for Words is a really great steamy book. I can't wait to read what ever Natasza Waters has out next!

### **Angarad says**

Now THIS is love a first sight!! \*sigh\* How I wish this happened in real life.

Steven and Moira are so funny and so different, it is a miracle they actually feel so much. Add to that Moira's clear problem with luck, this is definitely not an easy relationship. But despite how so much happen in a couple of days (crazy really), this is a real romantic book that makes you dream of Price Charming :)

---

### **Michelle says**

I first met Natasza Waters' characters through her Warriors Challenge series. In one of the books, Stephen and Moira play a part. I decided I wanted to get to know this lovely couple more.

Too Grand for Words is the sweet story of how Moira learns to trust and love and Stephen learns patience and forgiveness. There were so many awesomely fun and hot scenes (sushi anyone?), along with several twists and excitement I wasn't expecting. Definitely enjoyed my time in Vegas and CA with Stephen and his woman.

---

### **Shirley Cooper Berghorn says**

Completely Blown Away!!

I could not put this book down. I so loved Natasza Waters A Warriors Challenge series but this book with the twists and turns, when I wasn't reading it I was thinking about what was going to happen next. Moira's interaction with Steven was priceless. The surprise of 3 was something I didn't expect.

I love a book that at the end I sigh and this book I did. I guess you must be tired of saying how much I love your books but I do!!! Thank you!!

### **Jaime says**

Waters' debut novel, TOO GRAND FOR WORDS is exactly what the title states. This lovely written story oozes emotion, originality and it's a no-brainer that she poured her heart and soul into it. The author's dedication flows through her pen like a fine wine as we are introduced to the hero and heroine, and both will be embraced by many almost instantaneously. The storyline rolls along smoothly without any bumps in the road as the main characters' sexual tension steadily builds. And, just a helpful reminder, don't forget to check the batteries in your smoke alarms before they finally share that super-sexy tryst together because it's steamy and smoking hot! The love scenes are explosive, but tastefully done nonetheless. Readers can bet their friends will be begging to borrow this action-packed romance that one won't soon forget.

---

**Elisabeth says**

"Too grand for words" is indeed just that: too grand for words. I'm glad it was Saturday and not a work day - would have called in sick at work to finish reading the book. As usual I'm amazed how Mrs. Waters always manages to put things in ONE book where others need several...

**Diana Tan says**

OMG!!! First book I read by Natasza Waters (this is also the first book she wrote) and I LOVED it!!! Absolutely too grand for words! Just when I thought that the story couldn't get any better or any more captivating, it does!!! I positively adored Steven and his devotion and deep love for Moira. Steven and Moira make such beautiful music together; they are destined to be together. . . Kismet! I highly recommend this book!!! A keeper!
