### **djdavis~\*Sivad\*Sex Pocket says**

Lacking the final climax that seemed to be present throughout the series. Such a let down considering book two was pretty good. I'll admit I was surprised.

Layla and Leighton's story comes to a conclusion. They are able, with Leighton making all the first moves, make their way back to each other. Leighton opens up and let Layla see the vulnerable side of who he is and what in the past had driven him.

I really enjoyed this 3 part story. I wish it could have all been in one book but I still loved the story regardless.

I would recommend this 3 part story!

### **Elaine says**

A bit disappointed in the conclusion.

We get a HEA!

### **Brenda says**

I loved the previous two but this one I found it lacking.  
There was nothing more, nothing exciting, no cliffhanger for me.

I knew it was going to have a happy ending but it didn't make me doubt it for a second like I expected it to. :(

I was very disappointed!!

Really! I cannot freaking believe we paid for this bit of nothing! Its actually quite disappointing that we were

made to pay for three separate books when all three books could have been combined into one book of less than 120 pages, instead of three books of 30 something pages each, that's just a rip off! This shouldn't even be considered a book since it just basically consists of an apology, make up sex and a wedding...that's it...34 pages of grammatical errors and nothing else! I'm so through with this author!!!
