## **Jenny says**

What an amazing story--it challenged me in my faith and also made me think a lot about Communism.

## **Nat Medina says**

Excellent

## **Rachel says**

This is one of those books that will stick with you forever. I have watched the movie several times and read the book at least twice. I love true stories and this one really makes you examine your own life because of all the things Nora went through (being imprisoned, persecuted, forced to do heavy manual labor when she was pregnant, etc.). I would recommend reading the book or at the very least, watching the movie.

Nora Lam's autobiography skims her life from 1932 to 1979. She recounts life as a little princess, fleeing from the Japanese to live in Chongqing, returning to the middle-class of Shanghai where she found love and a new political philosophy in college, the horrors of the Great Leap Forward and Thousand Flowers Blooming, escape to Hong Kong, relocation to America, and burgeoning ministry to Taiwan.

## **Sarah says**

This was a really good book. My favorite parts were when she was really struggling because it made my problems turn into specks, I think it made me less selfish too.

### **Margarita says**

this story was amazing! you have to take a look at it..true story!

---

### **Steven says**

Extraordinary book about an amazing missionary and her escape from Communist China--and the firing squad that could not kill her--and the lifetime of obstacles and miracles that followed.

I wish this book was longer!

### **Kim♥ says**

I saw this movie at the theater back when I was ten. It was so moving! I'll never forget it. I have the movie edition of the book.

---

### **Kw says**

This is not the edition I read. The one by Irene Burk Harrell is very well-written and just an incredible story of God's faithfulness and love for His people. So thankful for this uplifting book.

### **Mallory says**

It was an absolutely incredible story. Her life is full of miracles, but her writing ability is not too great so I didn't love it for that reason. But wow, God is an amazing God!

---

### **Deborah Hecht says**

I saw the movie first and was greatly impressed with how God worked in her life! From the book I saw how he worked in her life to help others.

---

**Robyn says**

Amazing story. I liked how she survived a firing squad, but I got lost at times.

---

**Sharon/ LFrog1386 says**

As a story about escaping from Communist China, this book lacks much detail and depth. It is rather, a book about God and Nora's faith in Him. If that is what draws you to this book, you will enjoy it thoroughly. If you are drawn in (as I was) because it's a story that should be about escaping the Communists, you will be disappointed. Too much of the book is a sermon.

**Jessi says**

I have such a heart for China and what God has done/is doing there. The amazing experiences of the empowerment of the Holy Spirit that Nora describes in this account of her many Crusades for Christ is just amazing. It has increased my faith to pray and ask God for more and more.
