Deadly Suzanne Steele

Some people say she's a machine and maybe she is when it comes to Born Bratva business. When her father gifts her with a new bodyguard named Oleg she does everything she can to torment him. Through the years of watching over the Pakhan's daughter Oleg finds himself wrapped up in a dark, sadistic, out of control love. It is the only weakness he has ever known. When the two of them finally unite it's TNT. Together they are Deadly...

Roksana:

From the first time I laid eyes on him I knew my life would be forever changed. It wasn't just his sadistic nature that pulled me in. Looking into his eyes was like coming home. It was the first time I realized he was the man who could not only relate to my psychopathic need for blood; he would be the one who shared in the bloodshed I crave.

Alone I am a force to be reckoned with. With him I'm unstoppable.

Oleg:

She is the coldest woman I've ever met. I never imagined there would be someone I could work side by side with but the first time I saw her I knew she would be my partner. She's as ruthless as I am, a force to be reckoned with, and together...we are unstoppable.

This is our story.

Mindblown

Omg! I've always been a huge fan of this whole series! But I think this has to be my favorite child so far in the clan! Absolutely love! Can't wait to see what's next from you!!!

Keeps getting better

. From the first book Glazov to Deadly the series keeps getting better. Deadly is just like it's name deadly. It is also filled with the unpredictable antics of Roksana Glazov and her fiance Oleg and their friends Anastasia and Demitri. You definitely don't want to be on their bad side. I Enjoyed the book from beginning to end. Enjoy!

A great book

Another home run! I expect nothing less from this author. We journey further down the path of Glazov legacy and it a pleasure. I can't wait for the next and hope they keep coming. Its a dark romance but no cheating and HEA every time. Gangster and alphas oh my

This is the fifth book in the Born Bratva series by the amazingly talented Suzanne Steele. I love mafia books, they are my absolute favorite genre to read and I especially love the Russian mafia. The whole Glazov family is awesome and badass and I love every one of them. This book is about Roksana Glazov, the youngest child and only daughter of Alexander & Kathleen Glazov. She is beautiful, brilliant, deadly, and a force to be reckoned with and she always keeps her bodyguard/lover, Oleg on his toes. Oleg has loved Roksana since he first met her when she was 16 years old and hiding in her father's warehouse watching him and Oleg torture someone. He knew he couldn't touch her then so he waited patiently while she teased him every opportunity she got. After badly beating a guy who was groping her Glazov told Oleg his daughter was betrothed to him. Oleg was thrilled and surprised because he had no idea Glazov was aware of his feelings for Roksana. But everyone knows that Glazov is always watching and he sees and knows what everyone is doing. Oleg and Roksana were off the charts hot as hell, their chemistry was explosive and they were fantastic together. I love Suzanne's books, she can write an alpha like no other and her imagination is unbelievable. I am anxious to read about Anastasia and Dmitriy.

I love the Born Bratva series and their characters, they are intense and passionate but captivating and well written. From Glazov and Kathleen to Nikita and Natascha, all books and all couples have a certain chemistry together - but Roksana and Oleg were too OTT for me. They were too psychotic, like Natural Born Killers. it almost felt like a caricature. Also the story line of training Anastasia as a pupil was not appealing. This story was just not for me.

Sharon says

Roksana and her beau were Great! I loved their story. I have truly enjoyed this entire series and I can not wait for the next book in the series. The excitement and suspense is amazing in this story and in the series as a whole.

Over the top Love

The inner dialogue of the two leave no doubt that they're nuts! But it's a great story of two sociopathic people and together they bring pain. She looks like Mom but acts like Dad...winning formula.

4 Stars!

So I just want to start by listing a few things I love about Suzanne Steele and her books!

- They are all on Kindle Unlimited
- We don't have to wait for a million years before the next release!
- Gives us some OTT possessive alpha males
- The stories are all full length and uniquely intertwined and amazingggg!

NOW! Back to my review. So I had extremely extremely high expectations for this book. I was drawn to Oleg's character from the time he was first introduced and was eagerly anticipating his story. However as expected, with such high hopes came a bit of disappointment....

I don't know what I was expecting, but I felt like I needed a bit more from Roksana and Oleg's relationship. Their relationship was pretty much completely developed before the story started so we don't really see any progression or growth... I mainly gave this four stars instead of 5 because constantly reading about there Bratva missions overpowered the story and it dragged a bit for me... I wanted to see more of this power couple and their relationship!!

Oleg was amazing of course, he didn't top Kodiak for me but he is definitely on my fave hero list. His devotion and protectiveness towards Roksana is so sweet in his own twisted way... he is an acquired taste, but I love how his heart only softens for Roksana.

"Don't you know...I don't have the ability to love anyone -- anyone but you? You. Are. My. Soul. I love you, you crazy, hotheaded woman."

Now I'm not super excited for Anastasia and Dmitry (if they do get their own story), they didn't really stick out too much to me. But regardless, I am stoked for Diamond Days! Especially if I get to see glimpses of Nikita, and Kodiak :)

Always good!!

Another great book. I love me some Oleg but I am really loving Dmitriy. I can't believe how the next book will start off. I need for all of them to be alive. You can't do this to me!!

Expresso-Girls Just Wanna Have Books ; A Mafia Romance says

It takes a special kind of reader to appreciate this series. There's nothing light about it. It's total darkness.

While every reader may not appreciate Deadly, as with every book in this series, it's a great read! Deadly is Roksana, Glazov's only daughter, and Oleg's story. Their story is not romantic. It's brutal. It's dark. It's theirs! Their allegiance is to their Pakhan and the Bratva. They feed off the other's bloodlust. They live hard. They fight hard. They play hard. They are perfect for each other.

I think it's important to point out Roksana and Oleg were raised in the Bratva, a world of violence in itself. Roksana and Oleg's self expression and how they express their love for each other are a result of that upbringing.

4 stars!

Brava born

This is Oleg and Roksana's story as well as the introduction of Anastasia!! The beautifully sadistic love story unfolds before your eyes...New business endeavors which bring back some other readers favs from previous works. Oleg and Roksana's story is one of my faves they are a whole other brand of crazy love and were everything and more then what we've been waiting for with them. Anastasia is going to be epic and I love how she is included by Glazov..not going to give any spoilers so just get this you won't be disappointed! Really can't wait for more!!

Maureen Shirley says

And so it continues

The Glazov saga continues with quick anticipation as each page is turned! The suspense truly is enthralling! Onto the next...

Love it !!

I can't believe in two days I've managed to read all 5 books in this series , I'm telling you once you start you cannot stop ! I just love the direction this series is going and Anastasia's character is brilliant ! I can't wait to start in the next book !!!

DNF @ 25%

I am really bummed about this, but this book just wasn't working for me AT ALL...

First Oleg and Roksana's relationship is already fully formed from page one. So we don't get much buildup. There is a couple short flashbacks, but nothing that made me feel them as a couple. Second, the constant POV changes between Oleg, Roksana, and Anastacia I found distracting. Third, Roksana was just TOO much for me. I am fine with cold blooded killers as heroes, but Roksana was like a dude robot with breasts. In fact, both her AND Oleg come across as robots. SO not my thing. Lastly, I found it boring...

Maybe these things improve over the next 75% of the book, but I have WAY too many book and WAY too little time to waste it on something that hasn't clicked for me by 25% into the story.
