Dr. Wolf

Another outstanding story from Mrs. Barton. Reid Atkins who we first met in book one as a down and out teenager doing what he could to provide for him and his brother since their parents wasn't the best. Jodie(Jolene)Turner couldn't wait to leave home and get out from under her dominating family of males. Reid returns home after finishing medical school and meets the lovely Jodie who was rescued by his family and brought to their home. When these two meet it is sizzling but Jodie doesn't want a mate and Reid is just the man to change her mind. This was a great story and I love how the author writes such strong women who are truly the backbone of this stupendously wonderful series.

Niki Driscoll says

Reid started out on the wrong path, he and his brother were not going to survive until they picked on the wrong Alpha's mate and she took them under her wing. Now he is a doctor, is purchasing his own home and is part of the Force family. Jodie came to tell the Alpha she is in his territory, she doesn't want to be here but she has no choice. Again she is another female that gets under Austin's skin and doesn't seem impressed he is he Alpha. Her family thinks to control her but she has a surprise for them. What she doesn't need is to find a mate in the Force compound when she can't wait to get back to her life. Another strong female enters the picture and joins in the long line of mates that keep their men on their toes. Full of surprises, twists and turns that will keep you turning the pages and leave you wanting more. As the family grows I am enjoying watching the Alpha's confrontation with the new mates. It is fun and entertaining part of the story that makes me smile, laugh and lifts my spirits. Each mated couple has a trial to undergo before they settle in and it certainly is never smooth sailing. Fast paced, easy to read and has great characters that enhance an awesome storyline. I look forward to what comes next.

I voluntarily reviewed an advance copy of this book

Emily says

Reid Atkins was taken in with the Force pack, he has worked hard to become a Doctor so that he could return home and work for the Pack. Reid didn't expect to meet his mate so soon and when he meets Jodie Turner, he knows instantly she is his mate.

Jodie only returned home to see her dying father. When her brothers attack her she ends up in the care of the Force pack who are angling to get her to stay with Reid. Jodie though has secrets about what she is and she doesn't want her mess on the steps of others, especially her mate even though she is determined to not mate with him.

Everything is not what it seems though and Jodie and Reid need to come together in order to have any type of future life. When Jodie finally gives in she finds the one thing she has always been missing, love.

I was disappointed in this one. Jodie was not warm at all and I found her continued obstinate behavior irritating. Reid was sweet and Jodie continually lashed out at him. Story was muddled with a bunch of other things and jumped all over. I'm a fan but this was not one of the better books of hers.

Diane T. says

I am a huge fan of Kathi S. Barton but there is something about this series as a whole that I just can not get into. Excessive Force was no different and I will not be reading anymore of this series.

Elaine Kirby says

More Family Members for The Pack!

With each new story this pack &/or family gets bigger& bigger; this story has 1 of the 2 boys (now men) that were introduced in the 1st book & taken in & raised by Austin & CJ. Reid who just finished taking his boards (the test/exam to become a doctor) eventually meets his mate when treating her at the Pack's clinic after she was beaten by her adopted brothers. Jodie is a very powerful shifter/mage; she can literally shift into anyone she touched or into anyone who's touched her & when Reid & Jodie mate he gets all her abilities & she gets his. There's an evil mage out there looking to kill Jodie to get her powers (that's the good vs bad element in this book) & he doesn't realize how powerful she is. There are some scenes in which Jodie has Austin hanging up against a wall, there also is a scene where Reid shifts in many of the family members in front of themselves & it shocks them all & Austin looks a little green around the edges. This book didn't have as many sex scenes as in the previous books; but the book was still just as excellent as always. This is a HEA story that can be read as a standalone & this book as werewolves, vampires, shifters & of course mages.

Joy Whiteside says

This is another excellent book from Kathi S. Barton. I started reading it and could not put it down, finished it in one sitting.

It moved along at a great pace from beginning to end, keeping me interested throughout the entire book. The characters are wonderful and the story was awesome.

Kathi S. Barton is an amazing author and I am very happy to experience these books and the amazing stories that are contained in them.

Awesome

Deb B says

I really like the stories and the characters but I don't like the writing style and I had some difficulties with the

time line and the way the stories progressed. Also because the stories seemed to ramble a bit I often had trouble keeping up with who was speaking and had to often stop to reread to place the part of the story in perspective

Belinda says

Do you need a fix of shapeshifters and magic - well this is the book for you - come join Jodie and Reid on their journey - thru the ups and downs of Jodie's life and not feeling safe around her own family - Reid who knows the minute he sees Jodie that she is the one for him - another must read by Kathi S Barton

Cindy Barton says

Reid wants to be a Doctor and help take of the pack that took in him and his brother when they had no one. He didn't expect to meet Jodie and to find his mate all at the same time.

Jodie wants nothing to do with Reid or the pack. As a matter of fact, she wants nothing to do with anyone. A few seconds in Reid's arms and she sees her world changing. She will fight to leave, Reid will fight for her. There are forces at work to keep them apart and destroy them, but, together they present a force, an Excessive Force.

Another fun shifter read from the wonderful Kathi Barton.

Charlene Bauer says

Excessive Force

Ms Barton has done it again. Another winner.

In this next installment in the "Force of Nature Series", young Reid has just passed his tests to become a doctor, and is heading home. He plans to practice medicine at home, and renovate the house that he and his brother bought.

Jody has returned home because the man who raised her is dying. As she is part wolf, she lets the alpa in the area (Austin Force) know that she is here, and why.

Not long after the girl is beaten badly by her brothers, who think they have the right to treat her any way they please.

As soon as Reid meets Jody, he realizes that she is his mate, and so the fun begins.

There are many twists and turns in this story. Danger awaits the young couple.

Come watch as they learn to work together to overcome all obstacles.

It's another one that I just couldn't put down once I started it.

Margaret says

Reid Atkins is ready to take on the world, or at least his pack. As long as he passes his exams he will be a doctor and assume his position in Austin Force's pack. He owes Austin for taking him and his brother in

when they were young pups. The boys would have died without Austin's help and he wants Austin to be proud of what he has become.

Jodie Turner just wants to do what the bylaws demand: let the local Alpha know you're here and nothing more. She wants to be left alone?no entanglements?not ever. She doesn't have the time or patience for any shit.

When Reid put the stethoscope on her chest, she felt something move along her skin and realized it was her wolf responding to him. He must have felt her too because he looked at her.

As he leaned toward her throat, she knew that he was going to taste her. Her entire body was on fire for him to bite her, and she tried to move back from him. But Austin held her tightly, and before she knew it, Reid was pulling her into his arms.

"Let me go." He touched his mouth to her pounding pulse just as Austin let her go. She stumbled slightly, but Reid held her. "Please let me go. I don't want you to touch me. Let me go."

"I don't think so." His teeth scraped along her throat, and when he lifted his head, she could see his wolf. "You know."

She shook her head, but he was already lowering his mouth to hers. As his mouth brushed over hers, she heard Austin saying something but not what it was. As soon as Reid kissed her, she knew as surely as she was standing there that getting away now was going to be twice as hard. Then his tongue slid between her lips, and she figured she'd be lucky if she ever got away.

Jodie Turner is more than Austin's pack or even her family expected?a shifter with the magic to shift into anyone or anything she wishes. Power like hers comes with a price?a mage, Ethan Randolph, wants her dead so that he can absorb her powers.

Reid will protect his mate at any cost?whether she wants it or not. When Ethan kidnaps his mate, Reid and Austin band together with the vampires to plan her rescue and wipe out this vermin once and for all. Reid and Jodi are an Excessive Force, but will it be enough to defeat this powerful being? Find out in the 7th installment of the Force of Nature Series?Excessive Force

About the Author

Kathi Barton, author of the bestselling series Force of Nature, lives in Nashport, Ohio with her husband Paul. In addition to writing full time Kathi likes to spend time with her eight grandkids, three children and three children-in-laws. She writes to relax and have fun. Her muse, a cross between Jimmy Stewart and Hugh Jackman brings them to life for her readers in a way that has them coming back time and again for more. Her favorite genre is paranormal romance with a great deal of spice. You can visit Kathi on line and drop her an email if you'd like. She loves hearing from her fans. aaronskiss@gmail.com. Denise says

Wow what can i say I loved this book

Jodie is a shape shifter and was told
she need to go home because her dad
was dying .. She has two brother who loves to beat
her up .. CJ raised Reid and Randy and Reid was
finishing his schooling to become a doctor
he wanted to work in the alpha clinic which of course
owned by his parents he did not excepted to find his mate
as a patient in the clinic .. This is book 7 in series
I love that the author makes sure that she includes all the players
through out her series .. Remember this a werewolf Dark Fantasy erotica Read
I had to add this is by far my favorite line
((“All women are lovely until they open their mouths. Unless it’s to do something productive with it like
suck me off.”)))
Just sayin
