Lil Mama Fell in Love with a Hitta Saja Jay

After countless runs through the system, Gia, Lyrical, and Zura form a bond built around troubled pasts. Blood couldn't make these women more of a family. When they are taken in by the infamous Big Red, she provides them with the skills needed in order to survive the streets. But only Gia can see Big Red for who she really is. Will the other two continue to be blinded by Big Red's thirst for money, or will they soon see what Gia's been saying from the beginning?

Bilal, Zohran, and Waseem are three powerful brothers who filled their father's big shoes, making them the kings of the streets. But real men know when it's time to bow out gracefully and hang their guns up. The only problem is that Bilal doesn't have the same vision that his brothers have. Could they convince him that the best way to survive the streets is to get in and get out, or will the streets teach Bilal a lesson he'll never forget?

Find out what happens when three brothers cross paths with three beautiful sisters. Will they collide head on, or will these lil mamas fall in love with some hittas?

Awesome Read

I enjoyed this read very much! Lyrical worked my nerves. She was entirely too judgmental. I understood that she wanted the best for her sisters, but her nonsense definitely pushed them away at times. Zura and Gia both met someone that made them happy and they both deserved it. They didn't have an easy life growing up! Lyrical didn't either and that may have had a lot to do with her ways, but she needed to let her guard down and let someone in. Wise was a good dude. I loved him and both of his brothers. They were all good men. Bilal was a little rough around the edges and a true hot head, but he most definitely had a good heart! I shocked by Lyrical at the end. I am so ready to see what is to come.

Oh Snap!!!

This is off the chain, I love how Bilal and Gia are down for each other. So is bae for real. I think him and Zura are made for each other. I hope Big Red gets what's coming to her. I really didn't like Lyrical at first but I'm definitely starting to. Let me hurry up and read part 2.

Woooooo

This was a great read. I was into the moment I read it. I'm glad they finally found out the real Big Red well almost. I just hope they get Zura back from Hector brother because they way he played them he just sparked a savage in Lyrical and I can't wait to see what she do in part two.

Another good read!

I always enjoy reading books from this author, and this one was no different. I loved the background that was given on the sisters which showcased their individual personalities. Gia is the firecracker that cares about nothing and is ride or die for Bilal. Zura was the peacemaker, who didn't want to make anyone mad. I think Zohran is good for her. Finally, their was the hood bourgeoisie Lyrical. She has forgotten where she came from, but I think she's about to revert back to old ways. She and Waseem are going to be a force together. Can't wait for part 2.

Loving this well written story. The story has a steady flow with drama, twist and turns. Characters are young, likeable and flawed. Life has dealt some hard times but they have each other. The author always delivers a great read and is definitely one to follow. Can't wait for more.

I like this book

But it started out kind of slow for the two chapters. But it did pick up I hate that the older sister act like she was to good for any thing. I hope they get there sister back cause it sounds like part two is about to get real

Great read

I'm really enjoying reading this book. Bilal and Gia are perfect for each other. I love the connection between Zo and Zura. I hope they find their sister and I can't wait to read about how Lyrical is bringing out her inner beast!

Nadia Adams says

Damn Lo you're playing a dirty game !!!!

I definitely do not trust Inga I'm sorry Gia was naive for believing her. Although Lyrical gets on my just nerves I'm glad in the end she finally got off her high horse. I hope Lorenzo don't hurt Zura , and Big Red she's too manipulative but I know it's going to be some drama they have woken the BEAST ...

Good book

This book was pretty good but I will say it wasn't Saja best work. I thought the storyline and characters were on point but it took to long to get to the point also for the brothers to have so much money why did they need the girls to piece up money? Also I think it needed more backstory but I'm sure part 2 will enlighten us more overall great book.

Fire

When I tell you I couldn't put this book down. It is just fire the bond the sisters had was amazing and so real. Gia was my favorite but by the end I understood Lyrical more, because I wanted to chop her in the throat myself. I highly recommend this good read. ?

Alesia Russell says

Great start to this series. Love all the couples and their different personalities. Bilial and Gia are a force to be

reckoned with. Big red is deceitful and evil and only Gia seems to see this. Lyrical worked my nerves. Zura getting kidnapped has everyone scrambling and ready to go, hope she is rescued before Zo loses it!. Lyrical was so judgmental but wanted the best for the sisters, but she needs to let guard down and get with Waseem. Cant believe they played in the end, but cant wait to meet the Real Lyric Santiago!!
