## Queen Bitch Deja King

With the cards stacked against her, Precious has to gamble it all and use the only weapon she has left--her street savvy brains to outwit the most dangerous enemies she's encountered yet. In this game where the winner takes all, who will come out on top--the mentor or the protege? Because there can only be one Queen Bitch.

## From Reader Review Queen Bitch for online ebook

### \*Ahh' Zah W/ Daa Juicee !/\* says

this book is so good because there is this girl named precious nd dis gurl named maya and precious is trying to do what ever it takes to keep her baby aliyah safe all because Maya is trying to kill thee pretty little baby aliyah all over the stupid fact that Maya Think's That she's the baddest of the baddest but precious think's she's got another thing coming for her.! I sooo can't wait to finish the rest of the book.,

---

### Terren says

I didnt care too much for this installment for the bitch series. Usually the author has some parts of the book that's predictable, however I found everything to be predictable. Most of the story was boring, too "everything coming together", and just made for a boring read. The best part of the book was the end, and even than you could predict the ending. The author could have done wayyyyy better on this book.

### K.augustine says

This novel starts off exactly where The Bitch is Back left us hanging. Precious is kidnapped by the evil sibling duo Pretty Boy Mike & Mya and is tied to a pole in a dark basement trying to think of a way to get out of this mess. Supreme is home with baby Aaliyah distraught that Precious is missing and honestly doesn't seem to be doing his best to find her. Unlike when his daughter was kidnapped, this time he sits back, drinks, and leaves the entire investigation up to the police. Supreme, street smart with a lot of clout doesn't pull any strings, doesn't call in any favors, and doesn't ask one single person in his camp to assist in finding Precious. He seems on top of things when he rushes to the last place Precious was supposed to be the morning she was taken and sees the car she was driving being towed away but his search halts then and there. Needless to say, I was very disappointed in and him and sadly that was only the beginning of my displeasure with his character.

Maya has this master plan to become Precious in every way from her attitude, to her appearance, to making Supreme her husband. Along with that position comes being a mother to baby Aaliyah, since she obviously comes with the territory. Maya isn't too fond of that idea and would rather have the baby killed but soon sees that Aaliyah is the key to Supreme's heart and takes full advantage. Sneaky conniving Maya orchestrated every bit of drama that has gone down since they all moved to Beverly Hills and continues to wreak havoc and arranges the demise of any and everyone standing in the way of her obsession. Maya is without a doubt no Precious Cummings yet she gets away with everything in this novel including scheming her way into Supreme's bed, all the while leaving loose ends . . . so UN-Precious like. One can only hope that she is rightfully brought to her knees.

Precious like a feline must have nine lives and is rescued and nursed back to health by an old friend ;) just in

the nick of time. Previously Precious was forced by Maya to write a letter to Supreme stating that she is leaving him and their child. He ignorantly believes it easily, although I demand that he knows his wife better than that. Once she escapes from her abductors she wants to tell Supreme everything face to face and refuses to call him when she has the chance but will she be too late? Will she ever be able to get her family out of Maya's grasp?

### **Laura Perry says**

precious cummings was doing crazy about her baby aaliyah coming up missing and finding out pretty boy mike had found away to fling jail. But all along maya had all that plan out and had inside help in jail. Maya was plotting to steal precious husband supreme, she did everything got her kidnapp. Mike was start back fallen for precious, things wasn't going maya way so she killed mike and thought she killed precious. But maya was Queen Bitch and had the crown over precious.

### **Eva Leger says**

Well, the next book in the series was sent to me and got lost along the way so now I'm stuck waiting a few more days which was the exact thing I tried to avoid but what can you do.....

I was very leery of this book even though the first three in the series all got five stars from me. I didn't see how King could keep this a five star book with Precious in the predicament she was in at the end of book 3. She did it though. And I'm enthralled.

It's rare for me to feel real strong emotions while reading a book - I have to *really, really* identify or feel for the character(s). I did just that with Precious and Maya. I don't know that I've ever felt anger towards a character in a book like I feel for Maya. I'm still angry after putting the book down. I'm angry at King for ending it like this and making me wait! And I'm so angry at the person who lost my book, whoever that may be!

I don't know what's going to happen in the next one but I can't wait. The exact moment it lands here at my house will be the moment I crack it open and *that never* happens with me....

#### **Last one standing**

Myia was out cold and Calculating I'm ready for her character to die off she ruining the perfect love story but she clever. Love for Life...

---

### **Tashema says**

book 4 was just as good as the rest

---

### **Alexis says**

Book 4 was okay to me, a lot happened but nothing happened. If that makes sense. lol. I breezed through the book no problem but did get a little bored with it. Don't get me wrong, it was still good just not as fast paced as the first two. But I will say once again Maya shocked the sh\*t out of me! Smh On to the 5th Book

---

### **Khalilah Whigham says**

#### **Wow**

Again another nail biting read. That damn Maya is something else. As much of a terror Precious use to be I personally don't think she deserved that. On to the NEXT installment.

---

### **Shanae says**

I love King's character of Supreme. The shallow main character does nothing for me but there's something about Supreme that's different than the other male characters you read about in urban/street lit novellas. Anyway, the Bitch Series grows old after a while. And since I've only read most of them, I can tell you why: predictability. However, this story's interesting. So interesting, in fact, that I'm certain you could read this one without having read all the others.

---

### **Trace Micole says**

OMG Deja just left me hanging at the end of book...but she's did it again. Another great plot and ending to this series!!! I thought Precious was going to be home sweet home with her family!!! I read this book with in 1 day...I didn't want to put it down! I'm ready for Part 5...starting it tomorrow night!

---

### **Rebecca says**

#### **Wow**

I was cheering so hard for Precious. This book was all that. I can't wait to read the next book. I would highly recommend this book to read.

---

### **Lesa Divine says**

This one was a fast pace I finished in one day. Precious find herself being kidnapped by Mike, Maya and Devon. Maya have a lot of plans for Precious and the plans don't include Precious at all.

Precious find that Mike want more with her even when she tried to escape. He talked her in them leaving together with Aaliyah. To get Mike to be cool and for Precious to get her freedom around the house she was being held at Precious agreed to anything.

Maya wanted Supreme in ever way even if that mean that she had to be Precious to get his attention. Supreme was heartbroken thinking that Preious left him and there daughter for Nico. But, Maya was there to hold his hands throw it.

Detective Moore knew something was up with Maya but, couldn't put his hands on it.

Mike told some things to Precious about Maya's pass in order to hold something over Maya's head because he didn't trust his sister and had a feeling she would turn on him.

Maya was a trip in this book finally got to see how Maya was and that she was more apart of everything in this book. On to read part 5 to see what else Maya has up her sleeves.

---

### **Kelly says**

I love the series of these books but i hate this one!! the way stuff turns out in this book totally trips me up and i was sooo pissed at maya!! I thought for sure precious could get through this but the way things were tunring out i was like no way this is gonna end on a good note!! I didnt like the back and fourth chapters that were set up but i guess in all this book turned out ok.

---

### **Gabrielle says**

So far I think that Maya is a shady baack stabbing bitch and at trhe same time in the other book I kind of figure that her and d=Devon was helping because he was a new worker and Maya was still his little sister no matter what but the thing is that she doesn't know that mike is trying to leave the country with Precious and Aaliyah because he thinks thats his daughter.I learned that people who are like family can always stab you in the back.
