5 Stars

When you hear the word "poetry", what do you think of? Do you think back to your school years when your teachers made you read, analyze and interpret boring poems from long gone and dead poets?

Forget those long gone and dead poets! THIS is 21st century poetry as it's finest. Every poem of Rogue is so honest and real. I've marked so many poems that I can relate to and so many that were just beautiful in my eyes. I can't wait to read more poems of her!

*I've always been
told I am
too intimidating to approach,*

*and it's strange to me
that they can't see
how soft my heart is*

- soft heart <3

Jen knows the darkest parts of who we are, and we can only smile at her words as she reveals just how alone we aren't. Another great collection!

Leila says

After reading this I now have a new found love of poetry, well not just any poetry J.R.Rogue's poetry. I was surprised to find how many actually resonated with me and I look forward to reading more by this very wonderful and talented Author.

Felicia says

I didn't think I liked poetry, but apparently I just wasn't reading the right kind of stuff.

I loved this! I first heard about J.R. Rogue through Instagram. She posts a lot of her pieces on there and her writing is beautiful! This is the first book I have read of hers and plan to read more soon!

Top Favorites

“We are fools, no?” and “We will come back to each other”

I love everything about this. I love the cover and the title. I love the words inked into each and every page. This is one of my favorite books of poetry to date. I have several by J.R. Rogue and can't wait to read them all!!! This one is something i feel like every woman can relate to at different stages in life. It's just really really good!

Alie says

I loved it!!! Review coming soon :D

Ashley says

Obsessed, as always.

Double-edged is one of my many favorites. I can't get enough of this woman's poetry. I have never swallowed words up in this way before. ❤?

Jessica Luna says

I found your Instagram account one day and I instantly fell for your words, girl. You're great with them!! This one in particular made me go back to a nostalgic time of my life and at the same time the now.

Suzette says

Love this

I love this book so much I highlighted almost everything. How can this woman make me feel a lot of things with her words? ❤?

Sue (Hollywood News Source) says

*I romance you
and
you regret me*

I'm trying to read more poetry as my slump hits me the hardest. Rouge has 130+ collection and I've only like 40 of them. For something that I got for free, it's not that bad.

Maria says

J. R. Rogue has this amazing ability to say so much with very few words. Her words have the power to take me back to my first heartache and with the turn of a page, I'm falling in love with my forever all over again. Some of her poems are raw, while others give you butterflies as you read and the nostalgia hits hard. The paperback version of this collection of work has so many tabs, and my ebook is practically highlighted from beginning to end from all the small passages that I love.

Taylor Clenin says

Beautiful.

Beatrix says

*save a spot for me
among the deeds you
deem as sins*

I'll play the role well

Not my favorite from J. R. Rogue.

Ashley says

I've always loved poetry. I haven't read much in forever. But I'm in love with J.R. Rogue. Her words are magic. Mesmerizing. Simply like lovely.

Eunice Moral says

Most of the poems are a little cliche for my own liking, but there are good ones as well. All in all it's a collection I already have encountered before. I want to read more of JR Rogue's new poems and see how the writing style will develop. Give it a try and see it for yourself.
