I'm ready to move on. Please don't search for me. Please just let me go.

~Ellie

The note on the kitchen table shatters Jay Wentworth's world into bits. Ellie is his lover, his soulmate, his best friend...she's the woman who stood by him through the aftermath of a horrible explosion, the woman he's planning to propose to. He'd do anything for her...except let her go. With his fierce protectiveness kicked into overdrive, he teams up with Ellie's Hotel Serafina boss, billionaire Wyatt Christiansen, to find her. Ellie is family at the casino and they take care of their own.

Ellie is devastated when her secret past finally catches up with her. Stupid to think she could bury the mistakes of her youth and find happiness with a good man. Leaving Jay rips her heart to shreds, but it's the only way she can protect him from the dangerous people she once ran with. And deep down, she fears he'll never be able to forgive her for hiding her past from him.

The closer Jay gets to the truth about Ellie, the deeper he plunges into danger. He'll move heaven and earth to save her, but if she can't trust in Jay's love it might be too late for both of them.

**The Hero- Jay:** 6'5" sexy, tattooed, ex-Navy SEAL; personal security guard to Wyatt Christensen, owner of the Serafina Hotel & Casino.

**The Heroine- Ellie:** Jay's live-in girlfriend for over a year. She is the personal assistant to Wyatt Christensen, owner of the Serafina Hotel & Casino.

#### Blurb/Summary:

*"I'm ready to move on. Please don't search for me. Please just let me go."*

*~Ellie*

The note on the kitchen table shatters Jay Wentworth's world into bits. Ellie is his lover, his soulmate, his best friend...she's the woman who stood by him through the aftermath of a horrible explosion, the woman he's planning to propose to. He'd do anything for her...except let her go. With his fierce protectiveness kicked into overdrive, he teams up with Ellie's Hotel Serafina boss, billionaire Wyatt Christiansen, to find her. Ellie is family at the casino and they take care of their own.

Ellie is devastated when her secret past finally catches up with her. Stupid to think she could bury the mistakes of her youth and find happiness with a good man. Leaving Jay rips her heart to shreds, but it's the only way she can protect him from the dangerous people she once ran with. And deep down, she fears he'll never be able to forgive her for hiding her past from him.

The closer Jay gets to the truth about Ellie, the deeper he plunges into danger. He'll move heaven and earth to save her, but if she can't trust in Jay's love it might be too late for both of

them.

♥♥♥Ellie & Jay's story♥♥♥

I found both Ellie and Jay to be unique and endearing characters with great chemistry and believable actions within this plot. It was extremely refreshing to read a strong yet vulnerable female lead that was devoid of incessant giggling, whining, and general stupidity. No BS, no miscommunication, and no overly played out drama, thank God!!

Jay was absolutely my favorite kind of alpha!! Strong, sexy, protective, and confident but it never crossed the line into overbearing or controlling. I found their dialogue realistic and engaging throughout the story. Even though I have not read the Red Stone Security Series, I was still able to keep up with the story thankfully in part to some flash backs the author provide within this book which detailed the beginnings of the relationship between Jay and Ellie. I loved that their relationship was sweet and sensual but I think the steam factor was a little lacking here compared to the first in this series. The plot was interesting, suspenseful and unpredictable which kept me reading and I appreciated the lack of unnecessary drama and angst between the H and h. Excited to move onto book 3 in the series;)

Favorite quotes:

*Ellie: Right now I'm wearing that gray skirt suit you like so much.*

*Jay: You look like a naughty librarian in that thing.*

*Ellie: That's why you like it so much?*

*Jay: I thought you knew.*

*Ellie: Tonight I'll wear just the skirt and jacket.*

*"Hell yeah, she was still his. Something he planned to make sure she understood. He didn't care if he had to show her over and over. She was going to understand how important she was to him. What he'd do for her. That they belonged together."*

I will definitely be going back to read The Red Stone Security Series. Would love to see how Wyatt and Iris story began!!

### **Linda says**

Ellie's got it all, great work, awesome friends and live in boyfriend who tingles all her right places.. Then she gets a call, THE call, and it all comes crumbling down around her. To keep her friends and love safe, she cuts and runs, but will they let her?

Jay is living the dream, and is just about to pop the question when Ellie leaves with just a note at home. Whst's going on, and how can he help?

Suspense, action, Alpha males, feeeeeelings =) and smutty fluff. Great series set in Las Vegas.

---

## **Grace says**

3.5 Stars

Wish this would have been a tad longer. We see a couple who have been together a long time and they do a decent job with flashbacks of their relationship. However, the h has been keeping a lot of stuff in about her past.

Spoilers:

In the end the big bad guy gets arrested but her ex gets away. She thinks she has to go get his money now so she can give it away to people who need it. However, that is where her ex runs to hide. She ends up having to kill him and they both bury the body since they can't explain the money. They tell no one. It ends with him finally being able to propose..she says yes.

---

## **Yvonne Cruz says**

This audiobook is book 2 of the Serafina Sin City series by this talented author.

This one belongs to Ellie and Jay. Ellie is the PA for successful millionaire Wyatt Christensen and Jay is his lead bodyguard.

They have been together for a year and are totally in love. Jay is ready to propose , when he gets home to find a goodbye letter from Ellie. Ellie has left him and her job because someone from her past is after her and will harm anyone close to her. She refuses to have them hurt.

But when her boss and Jay have her followed and rescue her in her first attempt to solve her problems, they discover her secrets. Needless to say, Jay was NOT a happy camper.

It's a story filled with intrigue, bad guys, hunky good guys, sex and romance.

A good story in this sexy series.

I was gifted this audiobook. The opinions expressed are solely my own.

---

## **Beach Mama says**

4 stars

I loved Ellie and Jay. She works for Wyatt, one of the richest casino owners in Vegas and property developer worldwide. Jay leads Wyatt's personal security team. It was oddly one big happy family, even with the secondary characters who are part of Wyatt's team and her best friend Sierra. They truly have each other's backs!

Jay and Ellie's chemistry was off the charts. I love Jay's dominant, protective personality. He is the ultimate hero with sexy looks, military background and extincts, fierce love for Ellie...the list goes on!

I love Ellie's confidence and determination to protect those she loves from the trouble that comes knocking at her door.

The story jumps right into the action and doesn't stop until the end. It was a definite page turner. I am going to go back and read the first book in this series, although this book seems to be okay to read as a stand alone novel.

\*\*\* I received an ARC of this book from CrushStar Multimedia LLC via Netgalley in exchange for an honest review (thanks!) \*\*\*

## Kirsten says

I loved this from the first page to the last. I haven't read the first book in the series, but I think this is a stand alone. I enjoyed Ellie and Jay's relationship, and I could understand where they were both coming from. Jay is a very protective man, who has the capability to take care of anything - I mean anything that threatens his woman. Ellie, has had a difficult past and had made some poor choices when she was younger. She's no longer that person, but she doesn't let anyone see who that person used to be, until she has no choice. Because her past has come back with a vengeance and she doesn't see any way out other way to get out of what is wanted of her. So she runs. Not far or fast enough though. Because she has Jay and Wyatt and Iris, and others who care for her and won't let her leave them. That's as much as you're getting out of me. This is a fantastic book, and I'm very glad I had the opportunity to review it. Katie has a fantastic story line that pulls you in from the very beginning and doesn't let go. Her characters are easy to relate to and interesting as well. Excellent read.

I was provided a copy of this book from NetGalley in return for an honest review.

## Alex (HEABookNerd) says

**Series:** The Serafina: Sin City #2

**Ellie Johansen thought she had finally moved on from her past with a successful career and a perfect boyfriend, but that all changes when her ex-boyfriend gets out of prison.** Shame and guilt have kept Ellie quiet about her history but now she can't escape it. Jay Wentworth is ready to propose to Ellie, so he's devastated when she tries to protect him by running. Now Jay is determined to protect Ellie and prove that he still loves her no matter where she's come from.

While I liked *Sensual Surrender*, it didn't work for me like other Katie Reus books. **I loved the action and suspense and the romance was scorching as always but I have to admit I was a bit bored.** Part of that comes from the similarities between *Sensual Surrender* and *Fatal Deception* from Reus's other series.

That being said I did really like both Jay and Ellie; they're incredibly selfless and work hard to protect the other. **Ellie might have made some mistakes in her past but her integrity can't be questioned.** She's willing to give up everything to protect both Jay and her boss, Wyatt. Jay, of course, refuses to let Ellie slip away and he's your typical protective, dominant hero. The choice Jay and Ellie make in the ending was a bit different and I'm still a little conflicted over it, but I won't say anything else because I don't want to give anything away. **I also really enjoyed seeing so much of the other characters in this book.** Wyatt plays a big role, but we also see his wife, Iris; Jay's brother, Hayden, and his girlfriend Sierra (from the previous book) and there's clearly some set up for Vadim and the twins, Roman and Logan.

~~~~~

### **Sofia T. (♥ Dimitri Belikov) says**

*"After everything we've been through together, I hope you know by now that there will never be anyone else for me. "- Jay*

Sensual Surrender is the second book in the Serafina: Sin City Series. Katie Reus outdid herself. I loved the first book in the series but I fell in love with this one, I don't even know what my reaction will be regarding the third book in the series.

Elle is Wyatt's personal assistant. Those who have read the first book already know that their relationship was off the charts from the very beginning. They both cared for each other but none did something for it, until Jay had a terrible accident.

Jay works for Wyatt as a member of his security team and for The Serafina. He knows what his job entails and he's confident he can succeed. But Jay has a weakness, Elle.

Ellie has a secret. A secret that could cost her much. She has a hidden past that she'd kept from Jay, one that refuses to be buried any longer. When her past resurfaces she does the only thing she knows that will keep Jay safe, she runs. Jay knows something's wrong and he's determined to find out but will he be able to live with it???

I loved, loved, loved this book. Jay was an incredible hero, strong, determined, caring and above everything else a protector. Jay and Ellie had great chemistry and there's was a lot of action. Elle felt that she didn't deserve Jay but little did she know that for Jay, Elle was everything. They were such a loving couple. I can't say I agreed with some of her actions but knowing that everything she did, she did it with Jay in mind was what made me like her.

Although, it is a pretty short story it has a nice flow, filled with action, mystery and intrigue. I couldn't read it fast enough. The only thing that I hated was the length. It was too short (well that's not entirely true but for me every good romance seems short) I loved sooooo much Elle and Jay that I didn't want to leave them so soon!!!

*Ellie: Right now I'm wearing that gray skirt suit you like so much.*

*Jay: You look like a naughty librarian in that thing.*

*Ellie: That's why you like it so much?*

*Jay: I thought you knew.*

*Ellie: Tonight I'll wear just the skirt and jacket.*

I totally recommend this book and I'm looking forward to reading the next book in the series.

Note: Although, this book is part of a series it can be read as a stand alone.

### **Here's a little sneak peek from the upcoming Sensual Surrender!**

As the other two men moved toward the parking lot, Jay turned Ellie so that she had to face him. Now that she was safe and he was able to touch her, the anger burning inside him pushed toward the surface. "We talk here or at home. Your choice."

"Jay..."

"No," he said savagely. "I come home on a break to find a bullshit note from you, throwing away our relationship like it meant nothing, then I find out from Wyatt that you quit with no notice. You're going to talk about whatever the fuck scared you enough to run. So you get a choice. Here. Or home."

Shifting from one foot to the other and still not looking at him, she finally whispered, "Home." (Sensual Surrender, 3/2/14)

### **♥? Dorsey aka Wrath Lover Reviews ♥? says**

#### **4 Alpha Loving Stars!!!**

Jay is a former Navy Seal and head of security for The Sarafina's wealthy owner Wyatt and Ellie is Wyatt's Executive Assistant and Jay's live-in girlfriend.

Ellie has a secret in her past that she has determinedly put behind her until the day her past is released from prison and brings the happy life she has built for herself to a screening halt. Her ex is a nasty piece of work and makes demands from Ellie that will have her betraying those she has come to love (Jay) and admire and respect (Wyatt).

Rather than betraying her friends and those who have become family to her she decides to resign (which Wyatt refuses) and flee. Naturally Jay & Wyatt go after Ellie and convince her that the safest place for her is with Jay in the Serafina family fold.

Jay is hurt and unsure of their future since Ellie attempted to flee rather than confide & trust him to help her. He understands that Ellie has issues that only she can resolve, so he gives her the space (but not too much) she needs. He loves her and wants a future with her but he knows she needs to come to some decisions and choices on her own....but that doesn't mean he'll meekly stand by, nope he makes his presence and intentions very well known!!

Face paced, and exciting read. Looking forward to more Sin City and The Sarafina family, loving the dynamics of the characters in this series.

### **Kame says**

Sensual Surrender by Katie Reus

4 Stars

Ellie and Jay both work for the Serafina casino in Las Vegas. They also live together. Jay wants to make their relationship permanent and has plans to propose that very evening. He leaves for work as Ellie is getting ready. Just before Ellie leaves she receives a phone call; an exboyfriend. She thought for sure he would still be in prison. He threatens to harm those she loves if she doesn't help me with an inside job at the casino. No knowing how else to keep her friends and Jay, Ellie quits her job and goes on the run.

This book is a little different than other romantic suspense books I have read in that Jay and Ellie are a couple at the beginning of the book. The plot was unique and I enjoyed every minute. There were some definite steamy moments, and a few sweet ones too.

I truly love this series and I can't wait for more!

I received a copy of this book from the publisher via NetGalley for my honest review.

My complete review will be posted at <http://tbqspersonalbookpalace.blogspot.com>...

---

### **Laz the Sailor says**

This was a "nice" story, somewhat typical, but lacked real energy. And the middle "twist" was so close to TSTL that I almost put it down.

---

### **Popcorn says**

WOW - what a great story.

I received this book free for an honest review. Bought the first book after reading it.

I could not put the book down and it is my first read from this author. The action started right from the first page. The sex is HOT!

Following Jay and Ellie through there ups and down kept me riveted. When Ellie's past comes back to hunt her down and she runs in fear. Jay can do nothing but rescue her from herself and her enemies.

I did not read First Surrender of "The Serafina: Sin City Series" This book can stand alone. I have purchased both book, as this is something that I will reread over and over again.

Be warned this book has an ending that will blow your mind!

---

### **Dee says**

I was over the moon when I was granted access to this ARC as I love Katie Reus, she is a favourite author of mine and is an auto-buy. Although it was a short time since the first Serafina story it seems like ages since reading it, maybe I was getting withdrawal symptoms :)) I was really looking forward to reading Jay's story and am pleased to say that I loved it, the plot was exciting and fast paced which made it difficult for me to put it down, I liked Ellie and loved Jay. I didn't approve of Ellie running but I could completely understand it and was a good thing that Jay refused to let her go and with the help of their boss Wyatt he found her very quickly.....5/5 Stars - Fabulously written and a blooming good read!

My only complaint with this story is that it was too short, not that the story suffered because of the length because it didn't, my disappointment was due to the fact that I was loving it and didn't want it to end, and now I have to wait a few months until the next instalment and as soon as I see it available for pre-order I will be hitting the button!
