Such a Perfect Wife Kate White

Must be blonde, beautiful, and a good Catholic girl...

On a sunny morning in late September, Shannon Blaine, a blonde, green-eyed 34-year old wife and mother of two, sets off on a jog along the rural roads near her home in Lake George, New York. It's her usual a.m. routine, her "me time" after dropping the kids off at school...except on this day she never returns. The residents in the idyllic lakeside town—which is popular with summer tourists—are stunned. Would Shannon have just taken off, overwhelmed with the pressures of being the perfect wife and mother? Did a stranger snatch her? Or could her husband be responsible for her disappearance?

The hot new online magazine *Crime Beat* wants to cover the case and they hand the assignment to noted true crime writer Bailey Wiggins. It doesn't take long for Bailey to see that the story has far more facets than she initially realized: a bitter sister, an unfaithful brother-in-law, an evasive deacon, and a creepy motel owner who watched Shannon run every morning. When an anonymous caller reaches out to Bailey and gives her the cryptic clue that Shannon was a "good Catholic girl," the tip eventually leads Bailey to the grisly discovery of Shannon's body. And suddenly, based on what else Bailey finds, everything about the case shifts, suggesting that Shannon's murder isn't an isolated incident but rather the work of a serial killer with a very specific calling card. Bailey sets out to expose the killer before another woman has to die, including herself.

From Reader Review Such a Perfect Wife for online ebook

Mary says

This was the first time that I read a book from the Bailey Wiggins mystery series and I will definitely be reading more! This was a very enjoyable murder mystery that kept me guessing throughout the entire story. The story is set in Lake George - when a young mother is murdered there is a contingent of reporters that converge on the case. Bailey, a reporter, is provided a tip by the murderer and then she discovers the body thus inserting herself into the story of a possible religious serial killer.

Bailey is a strong character that I enjoyed reading about. She has a mind of her own, but that can sometimes lead to trouble. She is inquisitive and uses every resource to find her scoop. As she gets deeper into the mystery, she uncovers many disturbing facts. Without giving away more of the plot, I will just say I would definitely recommend this book for fans of thrillers!

Reader received a complimentary copy from Library Thing Early Reviewers.

Peg says

Thanks to the publisher, Harper, via LibraryThing, for an Uncorrected Proof in exchange for my honest opinion.

The setting is in scenic northeastern New York State and the author does the location justice. It sounds like it would be an ideal summer vacation area. This is a well-plotted murder mystery that features Bailey Wiggins as an investigative reporter. I was not familiar with this series of mystery stories but since I enjoyed this novel, I may consider reading more of them.

Bailey Wiggins is intelligent, inquisitive, hard-working, and an experienced reporter. She is assigned to investigate a missing woman and from the very start since this novel is so well-written, I was suspicious of nearly every character in the novel. There were many suspects and Bailey's life was in danger as she tried to track down who was responsible for the disappearance of the woman.

Interesting plot that will keep you guessing. Nice flow throughout. Kate White is an author who will grab you at the beginning and manage to hold you until the end.

bookczuk says

Received from Librarything. I grew pretty impatient with the story and skim read til the end. Meh.

Courtney Giraldo says

This weeks read was provided to me for free in exchange for an honest review.

Criminal reporter Bailey Wiggins is sent on assignment to the idyllic small town of Lake George, NY. After dropping her kids off at school , Shannon Blaine sets out for her morning run, only this time, she doesn't come back. It doesn't take long for Bailey to compile a short list of possible suspects; her seemingly perfect husband (husbands are ALWAYS a suspect amiright), a bitter older sister, a creepy hotel manager, and a young deacon at the church Shannon recently rejoined. After an anonymous call points Bailey in the direction of the church she stumbles upon the body of not only Shannon, but 2 other unidentified persons. The case gets dangerous, and quickly, for Bailey. Using her reporting and researching skills, as well as pure gut instincts, Bailey is close to unraveling the truth. Can she unmask the killer before he silences her, forever?

Y'all.... this was a wild ride! White does an amazing job of laying the ground work (clues and red herrings alike) for an epic mystery; It was well paced and exciting. As with any good mystery there are plenty of interesting and plausible suspects. At various points in the book I was convinced they were each responsible, only to change my mind and go another route (at least half a dozen times!) Baileys profession as a criminal reporter ensures our MC is quick witted and attentive to detail. She is able to think outside the box as any good writer can, and has an uncanny ability to piece together information seemingly unrelated to form a comprehensive picture of the situation. No family is perfect, and Shannon Blaines life and the people in it contain their fair share of secrets. Bailey does not give up until she uncovers them all.

I will definitely have to check out more of Kate Whites work, specifically the Bailey Wiggins mysteries. I am hooked!

Tamara says

Review to come.

Quick thoughts:

Loved this book. The mystery has tons of appeal and will keep you guessing. Kate White's Bailey Wiggins is strong,independent and a completely wonderful character.

Put this on your TBR list!

Sharon Barr says

Boring! Very bland, no action or excitement. Writing was very amateurish, only finished the book to find out who the kille was.

Dee says

3.5 stars. I will add a review later

Amy Mercado says

I've loved every Kate White book and this one is no exception! As time passes I feel her writing gets better and better. She weaves a good mystery so well that just when I thought I had it figured out, another twist was thrown! This book was one that definitely pulls you in and I couldn't wait to finish! I needed to know what happened! The only downside? Now I gotta wait again for her next book!!

Heather says

*Disclaimer: I won this book from a Goodreads, first-reads giveaway

Such a Perfect Wife is a delightful thriller. A reporter comes to Lake George to investigate the disappearance of a local woman and stumbles upon what may be a religious serial killer. This is a real page turner however I felt the ending could have been wrapped up a little better. There were still a few unanswered questions but overall, a great book!

Natalie says

I have read all the Bailey Wiggins novels and I always enjoy them. I must admit that this was not quite as much fun to read. Bailey is working for a website as a reporter and she deals with the case of a missing woman, up in Lake George. The setting is a place I love, so I was inclined to read it in a happy mood.

I found it too crowded with both characters, sub-plots and potential villains. That being said, I still think Bailey is a great detective and I look forward to reading lots more of her adventures. I think Kate White was very clever in bringing her to this new job that will give her endless crime solving opportunities.
