### **Greg says**

I didn't like reading this. It made reading the butt-ton of Aristotle I had to read every week seem enjoyable, but not because it illuminated anything for me.

### **Alexandre Guay says**

Pas un livre récent, mais tout de même une introduction à Aristote tout à fait acceptable.

---

### **Ian Paredes says**

it's a pretty decent companion for any aristotle text; it provides great essays that discuss interpretations of the text, various problems in the concepts, etc.
