## ZE, Volume 3 Yuki Shimizu

When a kotodama-sama dies, his or her kami-sama – a healer made of living paper – typically chooses to die as well, returning to a blank state as “hakushi.” But when Himi’s master passes away, a deep sense of obligation forces him to choose another path. Instead, Himi becomes kami-sama for his master’s estranged son, Genma. Genma is everything Himi’s former kotodama-sama was not – rough, arrogant, brutish – and furthermore, Genma enjoys using Himi for his own selfish pleasure. Is this more torment than Himi can endure? Or will he come to realize that different people show their true feelings in different ways?

## ZE, Volume 3 Details

## From Reader Review ZE, Volume 3 for online ebook

### Nikyta \*Miss Forgetful\* says

This one kind of broke my heart because I thought Genma was going to be cruel to Himi and in some ways he was but not for why I thought he would be. It was still a sweet story in its own right but ended on a cliffhanger! Had to read v.4 right away!

---

### Jessie Potts says

I'm re-reading this whole series since I just got #9 in the mail today!!

It's one of my favorite series

---

### Lissel says

\*3,5 STARS

---

### SaturNalia says

All about Genma and Himi. Genma has a unique way of showing his love. He is rough, abrasive and violent. Himi is gentle and kind. His former master kept him secluded at home, so he doesn't know much about human interaction. Himi heals Genma when he gets hurt at work, but Genma comes to him even when he is not injured. Over time Himi comes to care for Genma. I had a hard time understanding this couple, I wish there were more scenes that showed Genma's softer side. Ended on a cliffhanger!

---

### Mary says

1st. read: 9/22/09

---

### Rici says

Hier geht es um Genma und Himi; obwohl die Beziehung ziemlich aus Vergewaltigung besteht, ist Genma doch sanft und das macht das ganze noch grausamer aber auch besser? Und dadurch das Kami-samas nun auch mal anderen direkt "gehören" und keine Menschen sind, kann Himi dann überhaupt dagegen kämpfen?

---

**Keitorin says**

This nearly made me cry in anger and disgust and sadness for Himi. I don't care how abusive your backstory is, nothing excuses rape, cruelty and more abuse. Even if Himi got Stockholm syndrome, it's not love.

As I'm not interested in that kind of dynamic or darkness, I've decided to just drop the series.

---

**Karen Chong says**

The art was still great, but I didn't like the fact that one of the main characters spent the whole volume in a non-consensual relationship with the other.
