Better Than Your Ex: Young and Stony K.C. Mills

Donovan Barron aka Young is Southside to the heart, and nothing can change that, not even an NBA career. Refusing to conform has led to Young being dubbed as "Atlanta's Bad boy." Living lowkey and making money are his only priorities until he is forced to switch it up.

Stony Dorrian refuses to let anyone tell her how to live her life any longer! For too long, she has allowed her parents to control everything in her life, including her relationship with her boyfriend, Dallas. Officially fed up, a chance meeting allows Stony to live a carefree for once and it just might change her life forever.

A few chance meetings between Stony and Young turn their worlds upside down and force the two strangers to become closer than they ever imagined. The odds are definitely against these two as they navigate through life together.

Drama plagues the new couple and just might be enough to end their relationship before it even starts. When secrets are exposed Stony and Young may find that it's just too much and not worth it. Will these two survive everything that life throws at them, or will the drama succeed in breaking up the newfound couple?

K.C. Does It Again

Young is book bae10x over. Oh my gosh. I love him and Stony together and hopefully they get it right in book 2. Papa is just that papa. His whole demeanor was everything. I love him for Ash. Melinda needs to go and she can take Khamani with her. I strongly dislike Stony's parents and don't care to hear from them anymore. Anyway all of that to say K.C. has put out another blazer!!!!!!

Great read

I can't wait to see how this plays out. I never understand how women can sell their souls for money ,it never ends well! I hope Stony can get Young to forgive her for keeping this secret. They love each other and they are strong together even though he had a tight to be upset! I love that Papa is trying to let his guard down with Ash because they make a great fit. I can't wait til the next book drops q

I haven't read a book buy you in a minute but baby I am glad they I read this first I would say that I love how Stony and Ashlyn relationship is they ride for each other but I love how they BOTH was with men that was

cheaters and no good men then they BOTH wind up finding these real men ones that won't lie to you and show you how it really is I just wish that Stony would've listened to her best friend and told him about her dad owning half of the Hawks I hope he can forgive her seeing that he is the reason behind a little of the drama I love this book shit I love all of your books I can't wait for part 2

Yesssss

This book was just what I need! I have been struggling for weeks trying to find a good read and stumbled across this one and I LOVED IT!!! I kinda wish the author would e researched a few thing pertaining to basketball (like you don't foul out at 5 fouls in the NBA or that you don't decide who your team is as a rookie when you're drafted) but those little things don't take away from the fact the it was a really good book. Looking forward to part 2

Bomb ?

I love Papa & Young's tough demeanor. But one thing they don't play about is they Women! I'm so glad Stony found Young, even though she gave him a hard time in the beginning they love story turned into something beautiful. Papa & Ashley was kind of unexpected but they made it work . She was able to calm him down! Can't wait to see what happens to Stony & her ppl. Hope they can mend things and let her be her own person!

Linda Vasquez says

Dope book. Ash is a funny chick and I loved the relationship her and Stony had. Young was SS through and through and he didn't care who like and who didn't care who had a problem with it. Stony so worried about her image she don't If being with Young is worth it but it maybe to late cause she has falling for him. It may be not up to her now hay her father maybe the downfall for his career and she could have stops him from looking crazy at the hands of hiss enemy and jealous wanna be girl.

??????????

Man oh man! This was ? I'm glad that Stony got rid of Dallas, he wasn't ? I don't to much like her parents ? I love Ashlyn and Stony friendship, they don't play about each other. Well of course Young is bae but I'm also like Papa, he the truth. Malinda was annoying and Mani needed to have several seats. Can't wait to see how this ends.

Great Read

I enjoy this book. It was great. The only thing that I didn't really care for were the short sex scenes. In her previous books,those scenes were a little longer and more intimate. Nevertheless, I like the book. It held my attention the entire time. I know this story is about Young and Stony, but I love both couples. I especially love Papa. I think both couples have good chemistry. I really appreciate that KC Mills doesn't do the typical urban fiction stories and changes things up to make it interesting. I am always excited when comes out with a new series. She is definitely one of my favorite urban fiction authors. Anyway, I can't wait to read part 2. Great job, KC Mills!

Hot

I fell in love with the characters. Let's take a step back, I met Young and Floyd in Faded. I am happy with the spunoff. When I met Young in Faded,I sensed th
What he was picky and would not seek a meaningful relationship. With just anybody. He was missed with Khamani then. .I am hopeful that he and Srony survive the bull. Please let You g fire Melinda's was in part 2. It is obvious with part one that she does not have Young'sbest interest at heart even though she is banking big dougg. .I can't wait for part 2. The suspense is killing me. I will definitely recommend this book.. KC Mills is that one.

Okay

I liked this story it was pretty different than what the author usually does. Let me just say Stormy was fucking annoying. She literally complained the WHOLE book. Then the ending , all the complaining she did about the relationship with her parents she never thought to tell him that her father owns the team he plays for and his veingupset about the scandal could affect him too. I'm sorry I don't like Stony at all, she comes

off spoiled and selfish honestly

Robin Johnson says

DAMN !!!!!

I knew that this was gonna be a good read because of the author but I was really impressed I can't wait for the finale I wanna know what choice young made and if Mani is really pregnant I'm sure not by young but who and that damn pr knows she screwed up great job k.c.

Young

This book here was sensational! It pulls you end from the very 1st page. Young that man there will make you leave the one your with. He does not play around! Stony done messed up now and she better find a way to fix it.Imma need for Mani & Melinda to catch these hands with there bitter behinds. I don't think we've seen the last of City & Tower! I'm so here for every juicy tantalizing pice of this series.
