Corporate Thugs Bridgett Renay

What's the first sign that lets you know you're dealing with a sociopath? Corporate Thugs is riddled with the clues. Set in the new reigning hub of African-American drama - suburban Atlanta - it's the scandalous saga of the ambitious and untamed Gerald Alexander that chronicles his descent into the dismal world of irrationality. From high school to college and throughout the pros - his story will have you watching your back ever so closely. Gerald had two dreams - to play in the NFL and to make the cover of Sports Illustrated. When the former was cut short by a serious injury, all the fame, fortune, parties, and women were gone. On the contrary, his best friend since childhood, Marcus Stone, was on top of the world - a successful business, a beautiful wife, a fat bank account... he seemed to have it all. Being a supportive friend, Marcus offers Gerald a job, hoping that Gerald would have a positive impact on his company. But when jealousy and murder come between them, which one will fall? Could Gerald be so callous that he'd set up his best friend? Is Marcus capable of unleashing his own wrath? They solved the riddle. Can you?

Sophie Sealy says

The best 99 cents I spent.

This book could have been five stars but the poor editing didn't allow me to give it. BUT the story is oh so good, different, edgy and suspenseful. The kind of book that have your heart racing and difficult to put down.

NormaCenva says

Actual Rating 3.5 Stars

Very interesting and well-written story.

Vivienne Neal says

Enjoyed Reading This Story

This is an attention-grabbing plot with complex characters that face everyday quandaries. It gives a true view into the lives of two best friends since childhood. Protagonists Marcus Stone is the high achiever, who is going places, and Gerald Alexander has big dreams of becoming a pro football player, but as you get deeper into the storyline, nothing is never what it seems, and when jealousy, greed, betrayal, manipulation, lies, scandal, and murder come into play, the narrative elevates into a stirring cat and mouse drama with an ending you will never see coming. The author provides stern and witty anecdotes when it comes to describing her characters and how they will stop at nothing to get what they want, no matter the consequences, reminding us that the grass always looks greener on the outside, but when you turn that pasture over, it may be rotten to the core.

London St. Charles says

This book had me from page one all the way until the end. The plot was great with twist and turns that kept me engaged. The dynamic between the best friends was something else. Jealousy will do you in every time. And that ending....I loved it!
