In Too Deep

Stella Rhys

In Too Deep Stella Rhys

The week he was set to propose, I found out that Jackson was cheating.

With his friend's nineteen-year-old daughter.

I wasn't thinking - I forced my way into her apartment the night I saw their sex tape.

But now she's gone missing and Jackson has me trapped in our relationship.

To even the score, he's told me to have my own affair.

"It's complicated" doesn't even begin to describe twenty-six-year-old Lara Pierce's engagement to Jackson Kinsley, the gorgeous man at the top of the rich, mysterious boys club that runs Manhattan society. Tangled in a world of luxe galas, shiny penthouses and handsome men who can literally get away with murder, Lara's sure that accepting Jackson's offer will somehow make her wild life a little simpler.

But when she unknowingly sleeps with Jackson's irresistibly tall, dark and sexy brother, Jake, the floodgates open - to the darkest truths and deepest lies that shatter her perfect world a million times over.

Julie says

5~Holy S*! Stars**

**I never expected something like this...plain weird I think.
But I do love it, definitely keeping my interest, no problem.**

**I went from hating Jackson to forgiving him soon after and now I
regret it. His plan to even the score and make ammends with Lara
seems to be back firing.**

**Jackson (assbag) is determined to keep Lara at whatever cost, he
will never let her go and he has something to ensure that she stays.
What he doesn't know yet, is who she hooked up with to make things
"even."**

**With Jackson's brother Jacob in town, things begin coming out that
have Lara questioning if she even knows Jack anymore. Mysteries &
Secrets, not everything is as it seems**

Kelly Freeman says

O M G!! MIND BLOWN!!! This book was a short, crazy, super intense book and I can not wait to get my hands on the next one!!

First let me say that I NEVER condone cheating and I hate when people stay with their significant other once they have been cheated on, but I was like girl ... get you some ... the whole dang book (LOL)!!

In this book Lara stays with Jackson even after finding out that he cheated on her multiple times. That was a little frustrating but Jackson is a master manipulator ... he has Lara hook line and sinker and she never sees it

coming. He totally and completely manipulates her into thinking that she just might have killed his mistress and he even has the proof.

"I discovered that the charmed life I had loved so deeply, so fiercely had been nothing more than a sick and twisted lie."

So we have Jackson, billionaire doting boyfriend for years, who has slowly molded Lara into exactly what he wants. The girl every guy wants, the girl every man is fantasizing about, the woman who can charm the pants off of everyone in the room. When Lara discovers that Jackson cheated, she is devastated. In order to salvage their relationship Jackson tells Lara to cheat, that it was just sex and it meant nothing and if she cheats then she will see that. As ridiculous as the offer sounds Lara decides to go with it to hopefully salvage their relationship. Being the socialites they are, image is everything, and Jackson continues to convince Lara that he still loves her through it all.

"So you and I go way back?" I lifted an eyebrow at him.

"To about a minute ago when I came out of that employee door," he replied with ease.

I bit my lip as I watched the corners of his twist with mischief.

"Not a fan of lying but desperate times call for desperate measures."

"Of course," I humored him.

"And what kind of desperate times were you facing just now?"

"Seeing the hottest woman I've ever laid eyes on at a bar and not being the guy sitting next to her."

"Mm. Tough life."

So Lara heads out to find her a "man" to cheat with. She meets a man in Brooklyn named "Max", and keeping things simple she gives the name Tara and has the a night that will forever be ingrained into her memory. But everything blows up when Jackson takes her to meet his brother the morning after her "fling", and who's sitting at the table ... "Max" who isn't really Max but Jake, Jackson's brother.

"I'm not the love of his life – I'm just a prize that he refuses to let go of because he knows other people might want me."

This book kept me on the edge of my seat ... its like Gossip Girl meets Scandal meets 90210 meets CSI ... and what an ending ... I mean talk about a cliffhanger!!!

Caro says

Wow! This was available for free on Kindle Unlimited so I decided to take a chance and I'm so glad I did! The chemistry sizzled off the page! And I say that about Lara and Jake as well as Lara and Jackson. Definitely drama packed every chapter and kept me on the edge of my seat. I finished in half a day! Can't wait for book two.

Sybil aka Lala says

“First and foremost, his parents love me. But on top of that, his colleagues love me. The wives and girlfriends love me. I “keep them young.” At their galas, I dress like Jackie O and dance like J.Lo. I don’t tell any of them that the dinners I host are inspired by the pinterest board of some girl named Maggie in Wisconsin.

I keep all of his secrets. I dig for dirt when he asks for it. I cook, I massage, I dress like I live in the pages of Elle. Like he so desperately needs me to, I make all of his friends jealous. Because I, after the of his styling and modelling, am the perfect little Stepford girlfriend. I am as much a part of his good image as he is.

And so he’ll never let me go.

No matter how hard I scream and claw and kick and fight, he won’t ever let me go. He cheated on me. Gabrielle Winter was her name.

No. Not was – is.

Gabrielle Winter is her name. After all, you can’t really call a girl dead when her body has yet to be found.”

Holy fuck y’all – welcome to the crazy ride that is Lara’s life.

This is a short and fast paced read filled with action, secrets and a whole lot of hot sex. The story follows a group of the rich elite and its difficult to identify who is friend and who is foe in this world where nobody is innocent. The characters are all messed up people making questionable choices.

Jackson is a truly despicable asshole I loved to hate. I wanted to end this man. I found it hard to respect Lara as her motivations for her actions were lame and I felt like she’d do anything just to hang onto the lifestyle she grew accustomed to while playing upscale escort Barbie .

Jake, the brother, was hot as fuck and though the chemistry was sizzling and the sex was hot and dirty between him and Lara I wanted to scream that he deserved better. (Though it could just be that I was insanely and ridiculously jealous over this hot piece of fictional hunk)

“I would give anything to wake up to you every morning.”

This one certainly kept me guessing right until the end but be sure to have the 2nd book in hand as it ends on a cliffy.

Nikki ? Navareus says

This story was a lot different than what I thought I was going to be reading about. From the description, I thought Jackson had some really good dirt on his wife Lara, and would force her into doing some really compromising shit, but none of that happened. Instead he gets outed as a cheater in the beginning of this story, so he tells his wife to go cheat herself so they can be even and move on with their relationship. Lara does cheat, she picks up some random dude and after screwing him, she loves cheating too. **HUGE SPOILER AHEAD**-don’t read unless you want a biggie in this story truly spoiled: (view spoiler) Jackson never uses his dirt on her until the very end, and only then to keep her from leaving him and forcing her to

stay. (view spoiler). The characters in this book were so one dimensional and shallow. Honestly I don't really care what happens to any of them enough to read book 2. Thank God this one was free and I didn't have to pay for it.

Anne says

Omg what have I done??? I need that second book like I need ice cream and dark chocolate right now!!!!!!
Holy crap that was like a stick of dynamite...small but explosive...in all the good ways! Jackson is a complete and total bastard!!

I'd give this book 10????????????????????? Stars if I could

Carina Adams says

Wow. Just wow.

I'm not sure how I found this book, but I'm telling all my friends to read it!

A quick, short, perfect beach read, this book will keep your attention. I'm new to Ms. Rhys, but can't wait to read more from her.

Definitely a must read this summer!

Jamie says

I was a bit worried in the beginning, because I was having trouble connecting with Lara, but that was silly. I should have realized that Ms. Rhys wouldn't lead me wrong.

This was just plain fun.

And that cliffy had me running immediately to book two ?

Paula says

[I will say this though, there is a name typo in the book. It spoils a scene for the reader before they're supposed to know who that person is. I think

Bibi says

****Readers beware, this here is one long arse spoilery review****

After reading Rhys's Ex Games, I immediately searched for more of her books and lucky me (YAY), all her books are available on Kindle U.

In Too Deep is about Lara, Jackson, and Jacob.

Sigh. What can I say about Lara? I'll tell you, Lara is the perfect New York Girlfriend (to Jackson) who lives to dress up as the perfect Barbie GF. Lara's day goes like this:

- 1. Dress seductively**
- 2. Drink copious amounts of wine or tequila or bourbon or whatever**
- 3. Attend dinner parties with Jackson where his friends all salivate over her perfect form. The author ensures we all know how her milkshake brings all the boys to the yard. *you know what I mean, don't ya?***
- 4. Lunch with, Sloane, her BFF**
- 5. Repeat 1-4.**

Sigh. What can I say about Lara? She's silly, stupid and boring. Aside from her "illuminated and blinding" beauty, Lara has nothing else going for her.

Oh, silly me. She also has a pave diamond encrusted Va-jay-jay.

Notwithstanding the aforementioned pave V, Jackson still cheats on poor silly Lara with, Gabrielle, a nineteen yr old daughter of family friends. See here: if Lara, at 26, and with all her blinding beauty can't stop Jackson from straying, then, there's no hope for us mere mortals.

Anyhoo, when Lara discovers this scandalicious shenanigan, she hops over to Gabrielle's apartment where she promptly gets her ass whooped, although not before drawing some blood from the infidel.

When the infidel girl ups and disappears that same night, Lara can't help but think perhaps she was the one responsible, and of course, Jackson, as all perfect BFs do, accused her of having done something sinister.

"Why is Gabrielle's blood all over your shirt, Lara?" he asked.

Meanwhile, discontent with her cheating BF, Lara won't allow him near the "paves", no siree. So, he says:

"I allow you to go sleep with another man, then, we're even."

Gasp, you say! Why I never, you say!

Well, my dear, pearl clutching friends. Never fear I'll give you the low-down dirty. Afer all, what are friends for? Amirite?

Picking up a stray man, however, is a feat not to be taken lightly and this has Lara trolling through the numerous NY boroughs and by a precise scientific method of elimination, Lara's "awe-inspiring" cognitive process lands her in BROOKLYN. *Gasp!*

(view spoiler)

LMAO. Dumbo is too apt on so many levels. I laughed myself silly. Dumbo? *Sigh*

That, Max, a perfectly formed member of the male species walks up to Lara is apropos, after all.

Max is promptly hard for Lara, they do it within minutes, she goes home and slips into bed with Jackson. The next morning, Jackson says to Lara:

"My brother is in town, come, let's go have lunch with him"

You won't ever guess who Jackson's brother is. I'm telling you that you'd never guess. AT ALL. So, let me tell you: IT WAS MAX! *gasp*. IKR? You never guessed. (hide spoiler)]

After that meeting, everything comes to a head, Lara discovers more disturbing things about Jackson; meanwhile, she can't get Max, aka Jacob/Jake, outta her head. She wants out! Like right now. And as all perfect BFs do, Jackson reminds her he has evidence she might be culpable in Gabrielle's disappearance.

Fuckit! She's stuck! What will Lara do?

On to the next book. YAY me!

Shakira says

Cheating, steamy sex, mayhem and rich people and their rich people problems all rolled into one whodunnit! I love it. On to the next one. Especially since Lara is finally getting her shit together.

Sam says

SWEET MOTHER OF JESUS.....this book is short, fast paced, HOTTER THAN HELL, and absolutely INSANE!!!! And I enjoyed every second of it! (FULL REVIEW TO COME)

Shari Kay says

WTH? Seriously?

Kelly Wants All The Alphas says

I am fairly certain that this book goes against everything I believe in when it comes to the romance genre.

Aaaand I loved it.

Hear me out (I tell myself). I don't know what happened but I found myself completely taken in by this stupid plot. Let it be known that I hate when girls stay with their cheating, sorry ass boyfriends even when they *know* the motherfucker is a total piece of lying shit. And that totally happens in this book. **But**, In Too Deep's protagonist, Lara, stays with her philandering billionaire (I know), Jackson, because he is a master manipulator who is subtly mindfucking her into believing that she killed his mistress.

Which is new. I mean shit. That's fairly intense.

Anyway, Jackson is irrationally obsessed with his soon-to-be bride because she's spent years molding herself to become his perfect little Stepford girlfriend, so he proposes to save their relationship by telling her to have an affair of her own. Something along the lines of "you'll fuck him but still love me" the way he boned some teenager yet still loves her.

It sounds so incredibly ridiculous but I have to say, the Manhattan social scene that Ms. Rhys creates makes it all seem in line. Everyone is so preoccupied with appearances that they'd rather bend over backwards, twist their morals and make severely questionable decisions for the sake of maintaining their carefully curated images.

So of course, Lara accidentally sleeps with Jackson's brother's Jake (whom I have to say, is a refreshingly not-possessive, controlling, or brooding alpha male) and the rest is history. It's a very short book and leaves off at a holy-shit-what-now cliffhanger, but that's okay, I got the book for free on Kindle Unlimited and I plan to do the same with its sequel.

Also a note: The writing is surprisingly very good and flows easily. The pages just keep turning and on top of that, my sister-in-law tells me that the way New York is written is spot on. So kudos on that, Ms. Rhys. Five stars from me and my newfound love for tropey romance that features good supporting casts and heroines who aren't total idiots.

Tarah Hodges-Wilkins says

Love it.

A page turner.

I loved this book. Couldn't put it down. I just had to know what was going to happen next. Jackson is a douche. She should have packed and left as soon as she found out.
