## One Night with the Viking Harper St. George

"You don't understand what you do to me."

His whole life, Gunnar has felt unworthy of love. Then one unforgettable night, his childhood sweetheart Kadlin offers herself to him. Knowing he will never truly deserve her, he leaves the next morning... The memories will have to last a lifetime.

Kadlin was devastated when Gunnar left. Now, two years later, he returns, wounded from his battles across the sea. And Kadlin must decide whether to trust him again, and tell him about the true consequence of their one night together!

## Vana says

This book did not appeal to me so much as the other two Harper St George books I have read. Gunner was always full of self loathing, thinking that he was not good enough and Kadlin could never bring herself to trust this man. The whole plot was based on this alone and was too repetitive to the extent that nothing ever really happens in this book. The book started off well and it picked up in the last two chapters when Gunnar finally came out of his complaisance I am not too enamoured of plots where lack of communication and misunderstanding are the basis for a whole plot to the expense of everything else, when at some point meaningful conversation would solve a problem, hence 2.5 stars.

I did enjoy the other Harper St George books I read so will read her again, but this was not her best.

## Jen Banks says

Mmmm. Vikings!!

---

## Walter's Writing says

A damaged man, secrets and a strong female lead are always a winner with me

---

## Junk says

I can't describe how good this book is

---

## Heather says

It took my a while to finish this one. I just didn't care for the characters. Gunnar was full of self-loathing and Kadlin let people walk all over her. I prefer to read characters that have some backbone to them. It felt more like a really bad couples therapy session than a romance.

Harper St. George is a phenomenal writer, but this book just didn't do it for me.

---

## Leslie says

I really liked it! I liked how they worked through their issues. I liked how Gunnar healed and loved. Kadlin was just awesome. I'm on this Viking romance kick and this book was just what I wanted to read.

## Amy says

Didn't care for this story--it didn't have much of a plot. Gunnar and Kadlin share one night together before he drops her like hot potato and goes off to fight in his little wars and leaves her with 9-month surprise. He returns 2 years later and critically wounded, so that he spends more than half the book in bed with a drunken self-pity party. Gunnar doesn't want Kadlin to "pity" him, but while she's wrapped up in her own pain of living in the past, he pities himself. The whole story is pretty boring except for the second to last chapter, which was a little too descriptive and grisly for my tastes.

## Jéssica says

This book was, of course, about Gunnar and Kadlin. After reading book one I started to wondering about them, and since I had no idea what to expect, besides the obvious (the love), I enjoyed the book a lot. I wasn't sure what to think about Gunnar when I first read about him in the 1st book. And I knew Kadlin was sweet and strong, so I knew it could be an interesting combination.

I must say that compared to the first one, I loved it, but I still prefer that first one.

This was one of those books that I enjoyed reading because of the female main character. I love reading about Kadlin. After that conversation between her and Eirik in book one, I know I would love her. That been said, after Gunnar returned wounded from a battle and Eirik send him home, with Vidar (her brother), I know he would find out about some secrets that Kadlin was keeping from him, and I had no idea how she would take it. Hell! I didn't even know how Gunnar would take it!

Anyway, of course I loved all the sweet moments between them and I loved how Kadlin just took charged and tried her hardest to help him get better. She really was trying to get him to be himself again, because he was just broken. And that was something I was not expecting.

And before I forget, the Jarl... I already didn't like him in that first book. Although I get it's the way they were raised, so of course he would have those thoughts and attitudes... It still made me mad at him for saying some things to Gunnar when they got together again. But that ending... Oh well, I'm not talking about that, I don't want to give any spoilers.

Back to the main characters...

This book was different from the first one, because the characters were childhood friends, so they knew each other for a long time. I always found intriguing the idea of childhood friends to lovers kind of stories. So I was quite happy to read Gunnar and Kadlin's love story.

You never know what to expect when it's that type of story because some problems always appear and they have to find ways to get through them. Sometimes that means ignoring their love for each other, or going away (running away). And you can see those difficulties in this book too, and you also see them trying to figure it out. That was really something I enjoyed.

I enjoyed their interaction, even if sometimes I wanted to slap Gunnar for being such an idiot, but they did have a good chemistry I think. And Harper showed how Kadlin loved him by writing so many beautiful scenes where Kadlin was such a kind and strong woman that really cared about that man, the childhood friend she always loved. And those were some pretty moments.

Although I loved the first book a tiny bit more, it was still a 5\* read to me.

### **Tita [TMI News en Español] says**

Lectura ligera y entretenida que engancha bastante. Tenía miedo que al ser la historia con otros protagonistas (respecto al primer libro) no me enganchara pero ha sido todo lo contrario.

Miniseries: Viking Warriors

---

### **April says**

One Night with the Viking by Harper St. George is #2 of "Viking Warriors", but can be read as a stand alone. This is a new author to me, and what a surprise.

Well written with historical content and endearing characters. My only complaint, was the dialog. I enjoy the Viking dialog, however, I understand some readers do not.

Steady paced, Viking tale with long-suffering characters, dangers, trust, love, and romance.

Gunnar, has loved his childhood friend, Kadlin, for years, but felt unworthy of her love. He was abused by his father, and illegitimate, therefore, left with feeling unworthy and incapable of true love.

Kadlin, was a chieftain's daughter.

Thus, Gunnar goes to war across the sea, leaving Kadlin to face the consequences of their one night together, alone and afraid.

Can their love withstand years apart or will Kadlin move on without Gunnar?

Dangers, struggles, challenges, and unforeseen matters, keep Gunnar and Kadlin apart. Will they finally find their HEA? Or will Kadlin, once again be left alone for duty and honor?

Many twists and turns, challenges and emotions are packed into this wonderful story. An enjoyable and satisfying read! I look forward to reading more from this author. Strongly recommended! Fans of Viking Romance, Historical Romance with enduring characters are sure to enjoy this story.  
Received for an honest review from the author.

Rating: 4

Heat rating: Sweet to mild (due to mild violence)
