**Talk to Me** Désirée Nordlund

This book is a collection of super-short stories. Some of the stories are flash fiction and some are more poetic. They are artistic easy-read, a mix of seriousness and humor.

## **From Reader Review Talk to Me for online ebook**

### **Liubov says**

I won this in the giveaways in exchange for an honest review.

This a collection of short easy-read stories which touch different aspects of life. Some will make you smile, the others will make you feel sad. But all of them make you think..

It's a nice reading if you have a couple of free hours.

### **Dion Islami says**

I won this in the giveaways and I couldn't wait until I received the book. Now I will make an honest review for this book. I like this book, the stories are really good and are really friendly for everybody. The only thing I didn't like is that there were two stories which are really short and I don't know if I should call them a short story. They were more like a comment than a story. Although I enjoy the book. I recommend it to all who want to read a good book for this summer.
