The Billionaire Deception Holly Rayner

A tale of stolen lives, and stolen hearts...

Erin Summers is delighted; with an interview for a role within the prestigious Hunter Corp sealed, she's one step closer to fulfilling her life-long goal. Erin, however, has a secret. She's no ordinary applicant...

Born Adele Morgan, the daughter of the late Sean Morgan, and rightful heir to the Hunter Corp business empire, Erin and her family were screwed out of her birthright by the nefarious and ruthless businessman James Hunter. Now, with a credible back-story and a route to infiltrate the company, Erin can finally take back what's hers.

With her plans finally coming to fruition, her continued association with Seth, James Winters' handsome, charismatic son and heir - albeit an heir to a stolen business - throws her ambitions and ideals into turmoil. Caught between conflicting desires for the man she finds irresistible, and the livelihood and birthright she feels is rightfully hers, Erin has some tough decisions to make...

Coribooks says

Nice sweet romance book with a good storyline. 3.5 stars for this!

Lucy Donaldson says

Holiday read

Shelley says

I enjoyed this one more than I anticipated. Not too raunchy or over the top. Sweet story with an actual story to it. Completely predictable but still a good book to pass the time

nicky says

Love it

Victoria says

Is a great book to read

Lynda says

Hunter Corporation was exactly where Erin Summers wanted to be, many years were spent cultivating this dream and her chance to have her legacy returned, at her hands, was within sight. Her past experiences left her angry with a distrust of men; she had the expertise and the motivation to become CEO and nothing was going to stop her, not even the handsome Seth Hunter.

In twenty-three short chapters, “Stolen – The Billionaire Deception” flowed smoothly and fast with a good buildup of excitement and nervousness. Sensual awareness sparked with intensity touching the heart of any romantic. Sarcastic humour played out nicely against the arrogant and narcissistic traits of the characters. Contrasting characters were well-defined and plausible. Highlighting the reality confidence does not always relay effectively in overbearing family dynamics was exemplified. A serious, fully committed friendship between a man and a woman held firmly intact throughout the story was a delight to read. Portraying Grant as deeply supportive and understanding rather than a light, fluff outlook on the friendship was perfect and his actions on target. It was a sweet romance with a little sauciness.

My review was based on the free Kindle download.

Great

So good. I can't wait to read the next in this series. Gripping, romantic, sexy, believable, an easy read....a great book.

Debbie says

A bit boring I thought, it was slow paced and very predictable, disappointed

Stolen: The Billionaire Deception

Great book. It has a lot of romance and intrigue. Adele fought for her rights. She was a courageous women. Falling in love with Seth was just a bonus.

Jeannie says

Adele Morgan was 13 when she lost her parents, then her father's business was taken away and Adele was left penniless and homeless, 12 years later Adele has changed her name and she's going after what was rightfully hers, her father's company.

Now as Erin, she applies for a job within said company and gets the job and goes to work for the company with the hopes of uncovering how the company was taken from her. What she didn't factor in was falling in love with Seth Hunter the CEO of the company. Will she get what's rightfully hers or will she choose love.

I didn't like this book. I wanted to, but I couldn't bring myself to do it. The characters didn't appeal to me, Seth was weak and Adele wanted to be driven by revenge but it didn't suit her. ¬_(?)_/

Deadly practices

Sean is a guy who has too much . . .

Adele is a girl who has lost . . .

When fate appears, no one can suspect that the truth is as . . .

Will they be together or separate when she is . . .???

Enjoy!!

Alicia says

The story about a girl who lost everything when she was young. And working so hard to get what was rightfully hers.

Good read throughly enjoyed the book.

Fly FreeBird says

Don't know why I couldn't finish reading this book it's not that I don't like it. It's just am not in the mood. And god!! I hate that whn it happens

Jessie says

Wow this book was much better than I thought it was going to be... Really did enjoy it.. would have liked a few more details.. was expecting something more extravagant some out burst.

worth the read ! And free at the moment on Amazon
