The Complete Anti-Federalist Herbert J. Storing (Editor)

The Complete Anti-Federalist, first published in 1981, contains an unprecedented collection of all the significant pamphlets, newspaper articles and letters, essays, and speeches that were written in opposition to the Constitution during the ratification debate. Storing's work includes introductions to each entry, along with his own consideration of the Anti-Federalist thought.

This new three-volume set includes all the contents of the original seven-volume publication in a convenient, manageable format.

"A work of magnificent scholarship. Publication of these volumes is a civic event of enduring importance."—Leonard W. Levy, *New York Times Book Review*
