Nanny To The Rescue!

Braden Rayburn takes his responsibilities seriously. So how's he supposed to run his newly inherited ranch while being an interim father to his orphaned half siblings, who don't speak a word of English? Especially since the onetime pro rodeo rider knows absolutely *nada* about raising a family. Lucky for him, he just met the beautiful answer to his prayers.

The high-energy boy and girl twins had Elena Ramirez at "*hola*." But being a nanny—even a temporary one—at Braden's Texas ranch wasn't on the bilingual Brighton Valley native's career path, even if her attraction to the kids' gorgeous guardian is mutual. Elena's big-city dreams don't include falling for a footloose cowboy. Or is the Rayburn rancher already the perfect family man?

Well well, I paused for a moment to think of the proper rating that I was going to give this book. 4 stars is sufficient, it's good but has flaws that frustrates me.

I'll start with the frustrating flaw, it's Elena. Elena is a sweet girl that went through some hard things because of her deceased mother, but, I found her to be really irritating. I found her to be irritating not because she was a flat inaccurate character but rather the things that made her so irritating was realistic. Elena agrees to do a job but then thinks that that job is beneath her. Elena jumps to ridiculous conclusions all the time. Elena thinks that she knows everything about everyone that she meets. This is true, I read the novel, Elena judges everyone really harshly. I don't judge books as critically as Elena judges people; 'you wear red lipstick? Whore'. That's literally her.

Other than the Elena thing, I didn't have many issues, the book was so cute, and had a decent romance based plot. This book very much reminded me why I started reading Harlequin novels in the first place.

I totally recommend this to anyone that is looking for a fluffy read, this one won't disappoint you.
