## **The Vision: A Two-In-One Volume of the Final Quest and the Call** Rick Joyner

"The Final Quest" and "The Call" have become modern classics, selling more than a million copies. Now both books are available in this value-priced omnibus edition.

In "The Final Quest" Rick Joyner writes about visions and prophetic experiences that unfold the last battle between light and darkness. This book is a call for all Christians to take a stand for truth and righteousness in these troubled times.

"The Call" continues the message, offering a picture of the dawning of the day of the Lord and urging Christians to seize the opportunity to witness for Christ in the last days.

This two-in-one book is an exhortation for Christians to live in a manner worthy of the call of God and an inspiring vision of the wonderful plans God has in store for His people.

I did get lost in some sections of the book but overall I love the beautiful picture this book paints of God's attributes as well. I loved thinking of the Lord rejoicing when believers worship in suffering and the coat of humility was an important reminder.

A very good book tead it like pilgrims progress

Unlike a certain other book, I truly do believe that this could become the Pilgrims progress for our age. Whether these prophecies are genuine, or just the creations of a very spirit filled and biblically informed mind I do not know or care. But the metaphors are powerful, bringing to light many spiritual truths. I read this book years ago, and it continues to inform many aspects of my life and ministry. A highly recommended read.

Excellent book! I really enjoyed this book and found it hard to put down. This series is about a dream that Rick Joyner had. It is very vivid and interesting as you read about the different things he is seeing and the implications that it has for today. Great book. I recommend reading all 3 in the series. This book has 2 in one, which I read, but you can read each separately.

I LOVE THIS BOOK! IT IS THE BEST BOOK I HAVE EVER READ (even tho I'm not done yet). It's basically two books in one. And it's this vision he had where he did some cool stuff, and learned some awesomely cool spiritual lessons on the way.

This is an amazing book!!!! I recommend everyone to read this. What I loved most about this book was that it all went by scripture, not one thing was written "religiously"....

It took me 11 months to read this book. Not because it was so long or so boring-- but because it was so meaty! I would read a few pages at a time and need to digest it for a week! If you crave depth and authenticity in your relationship with Jesus, this book is an important teacher!! So good! I feel full like Thanksgiving Dinner to my spirit!

Though I think some people get hung up on the premise that this book is in fact a Vision from God, I think the most important thing to look at is the effect that reading this book has. Jesus said in Luke 6:44, "For each tree is known and identified by its own fruit." Though he's talking about people, I think it applies equally to books.

After reading this book, I had desire to love and search after Jesus more, to love my brothers more and help them overcome their sin rather than beat them up for it, and visualize how our issues are not with other people but with "the spiritual forces of evil in the heavenly realms." I think it's extremely safe to say this book isn't inspired by Satan. Of course, as with any book outside the Bible, I think it's important to compare it to Scripture, and as of yet I haven't caught any conflicts.

This is one of my favorite Christian books of all time, and one of the only books that I intend on reading a third time. Highly recommend to all Christians for a different perspective of what's happening day to day in the church and in our personal journey's with Christ. Also recommend to those who just enjoy reading an exciting adventure.

That was absolute revolution for my thinking. This book could absolutely upside down your christian world. A must read for every christian that is hungry for more of God. Cumulation of God's revelation and wisdom here is so deep that you will have to stop for every few pages to meditate and rethink what you just read.
