## Wolf's Baby Lola Gabriel

Liya and Wren have both run away from their pasts, but a chance meeting forces them to trust each other and face the darkness that threatens their lives and their love.

There are more than a few reasons why Wren Wylde keeps his distance from other people, and even though his life has been lonely, he prefers it that way. It's the way it's been for a long time, which is why he settled in Bigfork, Montana, away from the scourge of his past.

When he meets Liya Channing and her daughter, Illa, all that changes, or at least he hopes that it will. Liya opens a part of him that is equally liberating and terrifying. All the promises he made to himself to never allow anybody to get too close are shattered.

But Liya carries her own secrets, and the reason why she chose Bigfork soon comes to light. Both Wren and Liya's pasts come hurling toward them with lightning speed, but will they have the courage to stand up and face their challenges head on?

Will the hunted now become the hunters, or will they fall into the same trap as those did before them?

If you love alpha romances, werewolves, bad boys, and paranormal shifters who know how to take charge, then you will love Wolf's Baby!

Content Warning: Explicit love scenes and lots of sexy shifters. No cheating and no cliffhangers. Intended for 18+ audiences.

## **From Reader Review Wolf's Baby for online ebook**

### **Penny Ellgass says**

Liya is on the run from an abusive ex boyfriend. She runs into the rear of Wren's car, when they make eye contact they imprint. This is the wrong time for Liya to find her mate.

Wren never thought he would want a family, but he knows he will do anything and everything to protect and keep Liya. He will give her the time she needs but he will keep her safe.

Read this suspenseful story that will keep you waiting for what comes next.

### **Toni says**

Another brother from Silver Bay faces his demons. Liya is running from her abusive boyfriend and the father of her daughter, Illa. She burns his house down then leaves hoping to get as far as possible. Her ex, Hunter, is just that an expert hunter in the Crescent pack. Liya finds herself in Bigfork Montana and meets the alpha, Wren Wylde, in a most unusual way....she crashes into his car. They imprint on each other but each ignores it for Liya it's because she's running and for Wren, mainly he doesn't feel he deserves it. Then he meets Illa and his heart melts and he is drawn not only to her mother but to the little girl too. Then Hunter finds them and Wren has a fight on his hands.

This story will grab your attention and hold you in not only with the physical action but the emotional action too. Fantastic story and read!

### **Christine Garza says**

Lola Gabriel has created yet another fantastic paranormal romance centered around Wren Wylde and Liya and her young daughter Illa. Readers will be thrust into a world of modern day wolves and a 67 year old tragedy shrouded in secrets, loss, pain, a mysterious rivalry between the Wylde family and the Crescents wolf pack, a budding and instant romance with a new comer with her own secrets and pain, and an epic fight for love and life that will keep you turning pages. Full of laughs, pain, heartache, secrets, passion, fear, and love. Wolf's Baby will have readers captivated and not wanting to put this book down.

### **Jenny Hockings says**

HEARTWRENCHING!!!!

OMG ! This story of Wren and Liya is amazing, the pasts that they try to run from broke my heart as they tried so hard to make new lives for themselves. I was rooting for them all the way through the story, telling

Wren to go for it to win Liya over, and telling Liya not to let her past affect her future, LOL they did not listen to me !! lol

These characters are so affected by their pasts that you can not help but want to get them to find happiness. But when their pasts catch up with them..... will they meet it head on to defeat it or will they fall at the most important time in their lives ???

Will they get their HEAs ???

GRAB the book because I will not spoil the book for you !!

### **Cindy Resto says**

I will begin this with a warning that this story does contain domestic violence scenes. So those who are uncomfortable with those kinds of scenes might be aware.

The beginning of this book is kinda sad as we see how Wren and his brothers come to be who they are. This story is centered around Wren and Liya. Wren has become a loner and keeps people at arms length. Though he is an alpha, he keeps himself separate from his pack. That is until he meets Liya and her daughter, the adorable baby Illa.

Liya has her own secrets and painful background. The story is mostly about what happens when their pasts catch up with them.

It does have several secondary characters that I enjoyed and hope that after the all the brothers' stories have been told, the author focuses on them.

### **Sherry Koch says**

Wolf's Baby is probably, to date, my favorite book in this series, I absolutely love Wren. When Liya runs into him, he knows that she's the one. When he sees the little girl, she has with her he falls for the little angel as well. Liya is running with her daughter from a messy and violent ex- relationship the last thing she was looking for was a man to imprint on. When she thought she was far enough away from the nightmare she had been living in previously, she rear-ends a BMW, that she really can't afford to fix. The Man who climbs out of the BMW changes her entire life. This book was a great read, and I loved getting some more clues to the mysteries surrounding the Wylde family. I am rooting for a Wylde family reunion.

---

### **Margaret says**

Shifter Liya and her baby Illa find sanctuary with Wren's pack but they are still threatened by Hunter and the Crescents Pack.

Shifter Liya is sick of the violence her boyfriend Hunter inflicts on her and is fearful of it spilling over on to her baby daughter Illa that she decides to leave but before she does she sets Hunter's house on fire. In Bigfork, Montana she meets local Alpha Wren Wilde and they imprint but she knows Hunter will be looking for her. Wren is enchanted by the two new ladies in his life but knows that with her boyfriend and his pack that thing are going to get dangerous and he must protect his ladies. A shifter romance to relax and enjoy.

Wolf's Baby (Code of the Alpha) by Lola Gabriel is a New Adult, Paranormal, Shifter Romance. Wren Wylde keeps his distance from other people, and even though his life was lonely, he prefers it that way. When he meets Liya Channing and her daughter, Illa, all that changes.

A chance meeting forces Liya and Wren to trust each other and face the darkness that threatens their lives and their love. This was a fast-paced, sexy well-written read with a good storyline and characters that I really enjoyed. Lola Gabriel is a new author to me and I look forward to reading more of her b

### **Tori Elmquist says**

Both Liya and Wren are running from a painful past. Both are scared of an uncertain future, but when they meet, they have to decide if the future is worth fighting for.

I found the characters to be well developed, I found the interactions between packmates to be interesting. Not everyone is best friends but they all have each other's back anyway which is a good Dynamic it felt more like a family than other books that I've read everyone's either bickering and fighting to get to the top, or so entwined with each other that you couldn't imagine any conflict existing ever. This relationship felt more real the two main characters had enough conflict between them to be interesting but not so much to make you want to scream

I feel I have to include a spoiler here. is this is the reason I could not give this book a 5-star rating. There was one point in the story where I was slightly annoyed. I dislike points where characters behave in a way that is out of character and idiotic. When everyone knows there is a psychopath out to kill you, who is nearby and coming after you, that is not the time to take your hurt feelings and go off and sit in a house where he's already been, by yourself, with no one else around. That snacks of TSTL. And it was highly out of character for the h.

Other than that it was a very enjoyable read and a very well written book.

### **Claudia says**

Liya runs away from an abusive mate to save her daughter more than to save herself. She just wants to hide and did not expect to find her fated mate while on the run. Said fated mate also is fighting his demons and memories from the past. For both trust does not come easy, but they find friends who stay by their side and help when the past catches up.

The story is not unique, but told in a way that it seems fresh, and at times it becomes difficult to put the book down, as one is hooked to the development of the story.

## **Leopardwolf says**

Can he let go of the past? Can the past let go of him?

I loved this book, we find out what has happened to little Wren. I adored the way that the big strong Alpha is totally knocked off his paws by a little bitty one year old...Wren doesn't just imprint on Liya but he has taken little Illa into his heart.

I love it when a big strong man can show his gentler side....Wren just has to find it first!

This is another great pnr love story about the Wylde brothers and I for one cannot wait to find out what happens to the ones that we have yet to meet.

---

## **Stephanie says**

I like the stories of the brothers first it was river now it's Wren. Wren is the alpha and a new girl comes to town and he meets her and they imprint and her little girl illa falls in love with him too. Liya is hiding from her ex boyfriend Hunter and he was abusive. burned down his house and ran but he still finds her and takes her daughter after he beats her again. Wren is there to fight for his mate and their daughter. I cannot wait to read about his other brothers.

## **Anastasia Chase says**

This is the story of Wren and Liya. Wren is the well respected alpha of his pack, and Liya is on the run from an abusive boyfriend. But once she runs into him (quite literally), she knew immediately that they were meant to be together. This is book three in this great series and I think I'm gonna go pick up the other two now.

5 stars!

---

## **Caroline Doig says**

Another fantastic story by Lola Gabriel I'm becoming a big fan of her books and this is Liya's and Wren's story. I loved this story the both of them have pasts and Wren isn't interested in finding a mate he prefers to be alone until he meets Liya and her daughter Illa and they begin to tear down his walls. Liya has moved to Bigfork Montana to start a new life but mostly to get away from her abusive ex boyfriend, she meets her mate when she runs into the back of his car but it's too soon to have a mate especially after just escaping from her horrible ex. This is a great paranormal shifter romance but that's all I'm going to give you guys so read Lola's blurb and that will give you the gist to this story. A fantastic read a 5 plus ?? story and I highly recommend this book it's definitely well worth the read.

## **L H says**

1. Wasn't a big fan of how soooo fast the progress of events went. She met him one day, called him and asked to move in the next, said she really wasn't ready for anything serious and literally the same minutes she jumped on him and ripped his clothes off!
  2. The Alpha wasn't much of an alpha. He was actually kinda weak with his beta sounding stronger and the other bad guy who is not an alpha also stronger beating the H easily and nearly killing him.
  3. How big is the pack really? There was only the beta, 4 brothers and 2 more people.
  4. The bad guy broke into the h while the H was there and told him that he is there to pick up his daughter whether he like it or not, the H didn't do anything didn't threaten him didn't stop him from leaving didn't even seem to want to pick up a fight to defend him breaking into the pack territory and threatening his so-called meat and daughter. Really? Alpha?
  5. And hey, you go after a bad guy just you in a BMW and a woman Who is obviously not strong enough to fight or even defend herself let alone pick a fight with a very strong Wolf who had been repeatedly abused her over four years of the relationship and she never did anything about it.
