A Misguided Lord

Jane Charles

A Misguided Lord Jane Charles

It is time for Clayton Trent, Earl of Bentley, to take a bride. He knows exactly what he needs and the type of lady who should become his Countess. His life is orderly, scandal free and exactly the way it should be until Miss Eleanor Westin careens into him, upsetting the perfect balance of his world. She is everything his father said he should not marry. Yet, he cannot put her from his mind, not even when a decade old scandal threatens the very foundation of his family.

Miss Eleanor Westin has spent her life in the country on the brink of poverty and raising her siblings after the death of her parents until her grandfather finally decides to do his duty and brings her to London. Eleanor simply wants to find a gentleman who is willing to take on her family in the bargain. Love is not even a consideration if she can land security. Unfortunately, the only gentleman who has made any offer is Lord Bentley, and he will never do. If only he would stay out of her dreams so she could forget him and his intoxicating kisses.

From Reader Review A Misguided Lord for online ebook

Kamylyon says

Good story

Somewhat less than brilliant writing.

There IS a difference between compliment and complement.

Sentences changing tense in the middle, punctuation faux pas, and more misused words made it a difficult read at best.

The premise of the story was good, it was just not well-written.

Sorry. ?

Amanda Geard says

A great story and enjoyable characters but please, please, please can someone edit the kindle version for errors. When paying for a book on my kindle I do not expect to have to edit in my head on every page! It may have been less aggravating had the book been available on kindle unlimited but I doubt it. However, as I enjoyed the story I will try others by this author and will hope she has a better proofreader/editor in future!

Felicity Steenkamp says

A most enjoyable story.

Thank u for your generosity for giving this as a freebie. I loved the characters and the dialog between the main two people. It had its drama and a lovely outcome at the end. A real romance. Thank u and may you and your family be abundantly blessed always. Warmest regards Felicity

Tonileg says

Historical English romance with a boring titled fellow falls for a poor oldest sister who wants to bring her enormous family with her when she marries.

Lord Clayton Trent, Earl of Bentley is our reluctant groom who is in London to find his bride and it ends up being Miss Eleanor Westin.

I had a hard time liking these characters, but I think I just needed a break from historical fiction and it had nothing to do with this author's book. It is well written and a quick read, but I couldn't get into it.

236 pages and kindle freebie

2 stars

Akje says

Note to self: complaints about editing date back to 2013, yet the book is still riddled with errors in 2018. How long does it take to read your own book and make corrections? Interesting premise with a book devoted to each victim of an abusive father, but probably not a good idea to invest in the rest of the series...

Loretta Smith says

This is a good story, but the proof-reading was horrible making it difficult to read. Every other page had a major error from wrong words to the Lord has the heroine's surname instead of his own. If you have to figure out who or what is being discussed, the reading is exhausting. This was one of those.

Louise purfield-coak says

This is a very good Romance

This was a very good romance. The story was entertaining. I loved the heroine who was smart and loving. Once the hero got over himself, he grew away from a gruesome past, and became a true savior of the "Damsel in Distress"

I couldn't give it a 5 star ? review. There were too many grammar mistakes plus typos. People don't set, they sat. Also, in too many places the he and she were switched and misplaced. I am like the younger sister in that I get totally absorbed in the story, and when I have to mentally go back and re-read the paragraph over again to fix the right gender in my mind, It breaks the story line like an unexpected speed bump in a residential street. To the author I ask you to proof read your manuscript before you publish, please!

I would recommend this book to a mature audience, because it has mature sex scenes. I also recommend this book because it is imaginative.

Deb Diem says

A Misguided Lord is an awesome historical romance by Jane Charles. Ms. Charles has provided readers with a well-written book furnished with an outstanding cast of characters. Eleanor was summoned to London by her grandfather to find a husband. She knows she needs a husband to help her take care of her brothers and sister, but she doesn't really want one. Clayton has decided it's time to take a wife. While he picks others as women he should court, he keeps being drawn to Eleanor. Their story is packed with drama, humor, sizzle, action and suspense. I enjoyed this book from cover to cover and look forward to reading more from Jane Charles in the future. A Misguided Lord is book 2 of the Tenacious Trents Series but can be read as a standalone. This is a complete book, not a cliff-hanger.

Janet Denise Ross says

WHAT YOU PRE-JUDGE FOR THE TRUTH IS OFTEN WRONG!

A Misguided Lord (Tenacious Trends Series #2)..by Jane Charles is given 4 STARS for a lovely tale of Lady Eleanor and Lord Clayton, an Earl who because of how they were each brought up and their suspicions brought on by others or circumstances they attempted to look past each other but at the same time their bodies and own passions would let them down. I really enjoyed this book and the part I disliked was the part where all Eleanor seemed to dance were feisty dances and I don't remember a waltz. Finally, a good friendship between Acker and both our Ella & Clay is one of my favorite parts.

WARNING: 18 & Up SEXUAL CONTENT YES, Sexual Intercourse & Other

Kanmaniruk says

great

Sue Moore says

Repeated Errors Prevent Book From Shining

The story was a tally quite good, although the young woman having sex before marriage could well have waited until after the wedding. My biggest issue was with spelling and words used incorrectly. A comma used here and there would have made reading so much easier. Words such as "too" and "to" are not interchangeable, but appear so here. Full words were left out, "he's " became "she's ," commas became a thing of the past, and these errors, that so EASILY could have been corrected by a proof-reader were left in to baffle the reader of the book.

Am I a "stick in the mud?" Absolutely not. Do I enjoy good literature? You know it. This story was, overall, quite good. Why the publisher would not supply a proofer is beyond me. Please consider correcting this before others read it. Your author deserves this as well.

MELISSA says

Poor proofreading took away from the story

I am nonplussed about writing a review. First, the story was well thought out, characters well done, and I liked the H/h a lot. BUT, did no one proof read this book? The typos never end. Possibly every page has them. Way more than I could ignore. Regardless, I enjoyed the book. I hope Ms Charles finds a much better editor for her next books.

Bridget Lewis says

Many misunderstandings to the altar

Eleanor is a kind hearted person with a lot of responsibilities. Care of several siblings and a run down home! Clayton was raised by a cold hearted father who only saw black and white never gray! Their kisses ignite sparks but they are not even sure they like each other! Eleanor retreats to the country and a chance encounter ensures sparks still fly! A tumultuous road to their HEA but get there they do!

Joan says

Amazon Details: (Copy/pasted from Amazon) **A Misguide Lord (Tenacious Trents Series #2) (Tenacious Trents) Kindle Edition**
by Jane Charles (Author)

Typos anyone?

The error in the title (Misguide) and 'Tenacious' should have warned me. This book was in desperate need of basic proof-reading.

It took time for his young hear to heal, scars now calloused over it for protection was Clay able to accept and believe everything his father had warned of when choosing a wife. a mate.

Ella as an idea that times are difficult but not the truth of the matter.

"Think about the passion we've barely scraped the surface of."

My step-fathered owed him a thousand pounds...

Clayton was a thoroughly unlikable man and his treatment of Ella was appalling. As for what happened after (view spoiler) it was just too much.

1 star. I did not like it.

Sara Jo says

[Our heroine is a rich man's daughter, but has 5 half-siblings to take care of, but has been ignored all her life by her rich grandfather. Suddenly, she gets a season and meets an arrogant lord. Only for him to make assumptions and offer for her to be his mistress, for her to say no and take his money to leave London, only to find her step-fath
