Thirty and single? Well, getcha butt to the Gathering!

Scarlet - As a woman Marked to be the mate of an Alpha pair, she's not going to find happiness anywhere other than in the arms of two Alpha werewolves. So, off she goes to the Gathering, with her sisters in tow, for some werewolf speed dating.

Gabriella - Having a Mark on her arm means that Gabriella's one of the few human women destined to mate with not one, but two Alpha werewolves. Thank goodness werewolves don't come in "ugly."

Whitney - Whitney Wickham is at the darned annual werewolf Gathering all right. Only there's one problem: she doesn't have a scar and that's sorta necessary to mate an Alpha Pair. Unfortunately the gorgeous, drool worthy, magic-mojo-wielding Wardens don't know why she's been summoned to the Gathering any more than she does.

Rebecca - Rebecca Twynham hates nature, loves a juicy steak, is not Marked, and thinks wolves come in one form: on four feet and with fur. So when she's hauled to the annual werewolf Gathering by this scary as hell magical vortex, she's pretty surprised to find out werewolves are real. Plus, she really wants to climb the gorgeous Alpha Pair, Aidan and Carson, like a tree.

Lorelei - At least Lorelei was kidnapped while she was at the gun range. Go Pink Pistol of Doom! So, they stole her, she stole a cell phone in return, and all is crazy in her new werewolf-laced world. It gets even crazier when, 1—she discovers her sisters have been kidnapped, too, and 2—werewolves are sexy as all get out. Lorelei is determined to come to her sisters' rescue and well, see what Dylan and Zeke have to offer.

Paisley - Paisley Twynham is over the whole werewolf thing. She's been kidnapped twice, had the crap beat out of her, managed to escape (twice), and then met two men who are supposed to be her mates. Yup, all kinds of "over" the Gathering.

If you already own Scarlet, Gabriella, Whitney, Rebecca, Lorelei and Paisley DO NOT purchase this book.

Thirty and single get to the gathering. Ignore the summons and be magical transported to the gathering. Interesting read but no real resolution for bad guys.

Alpha pairs, must reaf

I love a book that makes me laugh out loud and keeps me so caught up in the story I can't put it down. This series does that. From page one to the very last page I was enthralled.

Donna Maynard says

Fantastical

I totally loved these books. The heroines were awesome and the heroes fantastic. It was hard to put these books down and I hated to. I would recommend these books to everyone. Simply fantastic.

Tasha says

These books were hilarious. Put simple 2 different sets of sisters/ cousin were transported to a gathering for unmarried women to be Alpha mates/ Warden mates. The sisters books are first and each one finds a set (yes 2) of Alpha Wolves to mate with after various trials and tribulations. The 2nd group finds Wardens to mate with and find out they share power in their trio. They go through a lot and the women are crazy but their men stick by them. Like I said definitely worth the read it was funny.

Sisters can get their sass on with these mates

If you like a series with a little smexy, a little furry, and quite a bit of female alpha sass, this series is for you. Join these strong, big and beautiful women as they figure out their way through the world of Real Alphas who are in fact, real werewolves. Really! Who would have thought werewolves were real. These sisters and their cousins are thrown into a world where Weres are ready and waiting to have them join their trios. Alpha trios, no less.

If you want a series that can give you a little sexy lift, this is one of Celia Kyle's you should definitely read. (So says the HBIC) ;)

I love Celia Kyle

Ok shape shifters are my favorite books. And Celia puts you through the whole range of emotions in her books I have laughed out loud cried and got so mad I wanted to climb into the book and rip off dangly bits from the characters that need it. I plan on reading as many books by Celia that I can get my hands on!!!!

Total A+

This series totally rocked it. Getting all 6 books in one download was totally cool too. When three sisters and three cousins find their mates stuff happens.

L M says

I owned all these separately and loved it when they were put into one box set. A very easy way to reread them whenever I want to.

A very lighthearted, quirky tongue in cheek set of stories featuring some truly amazingly snarky and intriguing women.

Also featuring some hot alpha males that do some truly great and also stupid actions.
Love the messages flying out from the HBIC. So funny.

Miranda Whore says

Growly fun

I'm pretty sure this series has one of the most intriguing ways for Wolves to find their mates. Each book has action, adventure, and super sexy times.

Four stars and four wet panties

5 stars

5 flames.

I love loved this box set. I had already read Scarlet Gabby And Whitney's stories. But I re-read them in this set continuing into their cousins stories. Rebecca Lorelei and Paisley. It was amazing going from one story right into the next. They were all weaving together great. They all stood on there own as a good read together it was a great read. All the girls are hot headed and can stand up to their .Alphas.. There is love, betrayal, fighting and Steamy sexy time. Everything you could need in a wonderful werewolf story. I strongly recommend this series and if you can read it as a set.

MOST FAVORITE READ OF THE YEAR?

I LOVED this Series. This writer is fabulous at writing ALPHA shapeshifter stories. This series is all werewolves, my favorite. Great stories with a thread connecting them all the way through, wonderful sexy alphas, literally laugh out loud feisty heroines and hot as hell romance. If you like your books with a story you can get into that makes you hot under the collar and laughing out loud so people look at you strange, this is the series for you. I PROMISE you won't be disappointed.
