Melita ha tenido una vida encantadora, criada por su familia y cortejada por su mejor amigo Liam en la adolescencia. Su mundo da un giro cuando es enviada a Nueva York para conocer al hombre para el que ha sido prometida, el guapo multimillonario Jack Kemble. Dejar atrás toda su vida por un hombre que nunca ha conocido resulta ser más desafiante de lo que Melita se hubiera imaginado, especialmente cuando Jack le pide que pase una semana en una lujosa escuela en California.

**Esta es la parte uno de la trilogía.**

## **Delicious David says**

### **Nice start**

I expected more in this book. A virgin's mental struggle that's all is here!! I wish author brings more of main course rather than soups and snacks plot was, writing style was good. Just it lacked what it said \*BDSM in this\*

---

## **Karen Hudson says**

this is the first book I have read from Sky Corgan and I really liked it

---

## **Rachel Lynn Miller says**

### **Didn't care for**

To my knowledge, this book was not very realistic. There are no schools to teach you the art of BDSM. This is a lifestyle that you learn as you go and you must be willing to LIVE the lifestyle.

---

## **Belinda says**

The 'power play' was evident from the first paragraph.

---

## **Loretta says**

a tease and holds much promise.

---

## **Shannon Pickett says**

This was a good book but left me wanting more. It was like a giant tease! Good book!

---

## **Robbie Wallace says**

Okay, its a 50 Shades of Gray prodigy. ... I seriously don't agree in arranged marrages. Let alone being forced into something I don't want to do. Like being automatically signed up for BDSM classes without having any say in the matter.

---

### **Cindy says**

Okay, I knew it was a trilogy, but what a teaser is this book.

It is actually more an introduction to the main characters and not a bdsm book at all. She has to go to a bdsm school from her fiance, but the books stops after she arrives there and after some doubts decided to stay. No bdsm happening in the book. I guess you have to read the next book for that.

Except that the title doesn't stand for what is in the book, I had a nice read.  
I liked the writing style.

### **A??ela W. says**

I gave this short story 3 stars because I liked it I wish I could read the rest of it

---

### **Sarah Marie says**

This is about a girl named Melita who leaves her not bae that she never consummated her feelings for because she was already betrothed to a Christian Grey-esque billionaire. Jack seems pretty great until he says, "I have needs and don't know if you can fulfill them." She then drops the big news she's a virgin. Which isn't something BDSM guys are into and he basically says, "I signed you up for a BDSM school and you are going whether you want to or not because if you don't our marriage is doomed." He also calls her honeybee.

She then goes to BDSM school and is almost kicked out because she didn't want to be there in the first place. After an ultimatum she decides to embark on her BDSM journey.

That is all that happens in this 32 page story. I don't even think it can be considered a story it's more of chapter. Not only that but don't let this title fool you anyone can read this. I don't even know why this is on my Kindle. Probably because I wanted some Fifty without actually having to buy it and this was the next best thing. You aren't missing out on any fun times if that's what you are looking for or even something to laugh at like I was. No all I got was a lot of head-scratching, eye-rolling, and me give no fucks.

This didn't even make me laugh at awkward scenes.

**No stars for you. 1 star**

**Karen says**

Liked This little short story by the end I was needing to read more more more. Keep my day HOT and steamy

---

**Amanda says**

This was ALOT like Fifty Shades of Grey with the exception of a few different paths. I overall liked it but felt like the second book is the one that holds all the main events
