Cita con un millonario Julianna Morris

Kane O'Rourke no quería ser el premio de aquella locura que había organizado su hermano, pero no había conseguido que aceptara un no por respuesta. Así que el millonario O'Rourke decidió que haría que la bella Bethany Cox se alegrara de haber ganado el concurso. Lo que no esperaba era que ella se negara a salir con él...

Solo porque Kane fuera rico y guapo no significaba que Beth tuviera que decir que sí a todo lo le ofreciera. Entonces, ¿por qué al estar en su presencia le había resultado tan difícil rechazarle de nuevo? Pero... ¿conseguiría una modesta chica cautivar a un hombre como él durante algo más que una noche llena de romanticismo?

This is a fun read. An irresistible hero and spunky heroine. Ms. Morris has a great sense of humour and I was grinning and chuckling right from the beginning. There are four other O'Rourke siblings, I'll have to hunt their stories down.

4 Stars! ~ Beth Cox had a meddling neighbour who entered her in a radio station contest for a date with the town's most eligible bachelor, Kane O'Rourke. But she shocked them all when she turned the date down and the local paper wrote about it. Kane had felt obligated to agree to the contest when his brother, Patrick asked him for a favour to help his struggling radio station. He didn't know how to take Beth's public rejection, but feeling annoyed and embarrassed he had to get her to change her mind. Not only was his pride at stake but Patrick's radio station's credibility. Beth hadn't meant for a media frenzy. But when the radio station hadn't returned her call and the ever so important Kane O'Rourke's staff refused to let her speak with him, she couldn't bite her tongue when the nosey reporter hounded her for an interview. What shocked her though was when the ever so irresistible Billionaire showed up to change her mind. And being irresistible, Kane can't understand what the problem is ... women want to go out with him!

What a delight! From the first pages Ms. Morris had me in stitches. Beth's still not over her fiancé who died five years before and she had no intention of dating anyone, esp. someone chased by media. Kane hadn't always been rich. When he was 19, his father died and he suddenly became the head of the family. But his siblings are all adults now, and he can't seem to stop wanting to take care of them. I loved how Kane became self-aware of his domineering ways. I'm very much looking forward to reading the other books about the O'Rourkes by Ms. Morris.

Heather says

This romance novel was a bit different. It wasn't the typical boy meets girl, they develop feelings, have a huge misunderstanding and then eventually get back together. This novel begins with a woman winning a date with local celebrity billionaire and turning it down. They have a nice courtship with both trying to work on their shortcomings. It was a delightful change from the typical plot line.
