## Acha MONO says

huahahahaha....  
the book is fuckin silly!

**Nativeabuse says**

One of the few series I have ever read that is still fresh 10 books later.

If I am being honest about it I would say it isn't fresh and it is still using the same types of jokes over and over and over again. But for some reason they just refuse to get old and stale. They just keep trucking on and I'm still laughing at them.
